(6) When the registration requirements are met, the commissioner shall make the registration effective. No effective registration of a broker-dealer, salesman, investment adviser, or investment adviser representative may be withdrawn or terminated without the express written consent of the commissioner.

(7) Except as provided in subsection (6), registration of a broker-dealer, salesman, investment adviser, or investment adviser representative:

(a) is effective until December 31 following such registration or such other time as the commissioner may by rule adopt; and

(b) may be renewed.

(8) The registration of a salesman is not effective during any period when he is not associated with an issuer or a registered broker-dealer specified in his application. When a salesman begins or terminates a connection with an issuer or registered broker-dealer, the salesman and the issuer or broker-dealer shall promptly notify the commissioner.

(9) The registration of an investment adviser representative is not effective during any period when he is not associated with an investment adviser registered under this act and specified in the application. When an investment adviser representative begins or terminates a connection with an investment adviser, the investment adviser shall promptly notify the commissioner.

(10) Registration of a broker-dealer, salesman, investment adviser, or investment adviser representative may be renewed by filing, prior to the expiration thereof, an application containing such information as the commissioner may require to indicate any material change in the information contained in the original application or any renewal application for registration as a broker-dealer, salesman, investment adviser, or investment adviser representative filed by the applicant, payment of the prescribed fee, and, in the case of a broker-dealer who is not a member of NASD, inc., by filing a financial statement showing the financial condition of such broker-dealer as of a date within 90 days. A registered broker-dealer or investment adviser may file an application for registration of a successor, to become effective upon approval of the commissioner.

(11) Every registered broker-dealer and investment adviser shall make and keep such accounts and other records, except with respect to securities exempt under 30-10-104(1), as may be prescribed by the commissioner. All records so required shall be preserved for 3 years unless the commissioner prescribes otherwise for particular types of records. All the records of a registered broker-dealer or investment adviser are subject at any time or from time to time to such reasonable periodic, special, or other examinations, within or without this state, by representatives of the commissioner, as the commissioner considers necessary or appropriate in the public interest or for the protection of investors.

(12) The commissioner may by order deny, suspend, or revoke registration of any broker-dealer, salesman, investment adviser, or investment adviser representative if he finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer or investment adviser, any partner, officer, director, person occupying a similar status or performing similar functions, or person directly or indirectly controlling the broker-dealer or investment adviser:

(a) has filed an application for registration under this section which, as of its effective date or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

(b) has willfully violated or willfully failed to comply with any provision of parts 1 through 3 of this chapter or a predecessor law or any rule or order under parts 1 through 3 of this chapter or a predecessor law;

(c) has been convicted of any misdemeanor involving a security or any aspect of the securities business or any felony;

(d) is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;

(e) is the subject of an order of the commissioner denying, suspending, or revoking registration as a broker-dealer, salesman, investment adviser, or investment adviser representative;

(f) is the subject of an adjudication or determination, within the past 5 years, by a securities or commodities agency or administrator of another state or a court of competent jurisdiction, that the person has violated the Securities Act of 1933, the Securities Exchange Act of 1934, the Investment Advisors Act of 1940, the Investment Company Act of 1940, or the Commodity Exchange Act or the securities or commodities law of any other state;

(g) has engaged in dishonest or unethical practices in the securities business;

(h) is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature, but the commissioner may not enter an order against a broker-dealer or investment adviser under this subsection (h) without a finding of insolvency as to the broker-dealer or investment adviser;

(i) has not complied with a condition imposed by the commissioner under this section or is not qualified on the basis of such factors as training, experience, or knowledge of the securities business;

(j) has failed to pay the proper filing fee, but the commissioner may enter only a denial order under this subsection (j), and he shall vacate any such order when the deficiency has been corrected; or

(k) has failed to reasonably supervise his salesmen or employees~~, if he is a broker-dealer,~~ or his investment adviser representatives or employees~~, if he is an investment adviser,~~ to assure their compliance with this act.

(13) The commissioner may not institute a suspension or revocation proceeding on the basis of a fact or transaction known to him when registration became effective unless the proceeding is instituted within 30 days after the date on which the registration became effective.

(14) The commissioner may by order summarily postpone or suspend registration pending final determination of any proceeding under this section.

(15) Upon the entry of the order under subsection (12) of this section, the commissioner shall promptly notify the applicant or registrant, as well

as the employer or prospective employer if the applicant or registrant is a salesman or investment adviser representative, that it has been entered and of the reasons therefor and that if requested by the applicant or registrant within 15 days after the receipt of the commissioner's notification the matter will be promptly set down for hearing. If no hearing is requested within 15 days and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the commissioner, after notice of and opportunity for hearing, may modify or vacate the order or extend it until final determination.

(16) If the commissioner finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, salesman, investment adviser, or investment adviser representative or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian or cannot be located after reasonable search, the commissioner may by order cancel the registration or application.

(17) The commissioner may, after suspending or revoking registration of any broker-dealer, salesman, investment adviser, or investment adviser representative, impose a fine not to exceed $5,000 upon such broker-dealer, salesman, investment adviser, or investment adviser representative. The fine is in addition to all other penalties imposed by the laws of this state and must be collected by the commissioner in the name of the state of Montana and deposited in the general fund. Imposition of any fine under this subsection is an order from which an appeal may be taken pursuant to 30-10-308. If any broker-dealer, salesman, investment adviser, or investment adviser representative fails to pay a fine referred to in this subsection, the amount of the fine is a lien upon all of the assets and property of such broker-dealer, salesman, investment adviser, or investment adviser representative in this state and may be recovered by suit by the commissioner and deposited in the general fund. Failure of a broker-dealer, salesman, investment adviser, or investment adviser representative to pay a fine also constitutes a forfeiture of his right to do business in this state under parts 1 through 3 of this chapter."

Section 3. Section 30-10-206, MCA, is amended to read:

"**30-10-206. General provisions regarding registration of securities.** (1) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered broker-dealer. ~~Any document filed under parts 1 through 3 of this chapter or a predecessor law within 3 years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the document is currently accurate.~~ The commissioner may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(2) (a) The commissioner may require as a condition of registration by qualification or coordination:

(i) that the following securities be deposited in escrow:

(A) any security issued within the past 3 years or to be issued to:

(I) a promoter for a consideration substantially different from the public offering price; or

(II) any person for a consideration other than cash; and

(ii) that the proceeds from the sale of the registered security in this state be impounded until the issuer receives a specified amount from the sale of the security either in this state or elsewhere.

(b) The commissioner may determine the conditions of any escrow or impounding required hereunder, but he may not reject a depository solely because of location in another state.

(3) When securities are registered by notification, coordination, or qualification, they may be offered and sold by the issuer, any other person on whose behalf they are registered, or by any registered broker-dealer. Every registration shall remain effective for a period of 1 year unless it is revoked by the commissioner, terminated upon request of the registrant with the consent of the commissioner, or renewed under 30-10-209(1)(b); however, said registration shall be automatically suspended upon a stop order or suspension proceedings being instituted by the securities and exchange commission relative to said securities and shall continue suspended so long as such proceedings are pending and until the registration or filing with the securities and exchange commission is effective. All outstanding securities of the same class as a currently registered security are considered to be registered for the purpose of any nonissuer transaction. A registration statement which has become effective may not be withdrawn for 1 year from its effective date if any securities of the same class are outstanding. *Subject to the provisions of 30-10-104 and 30-10-105, a salesman who offers or sells registered securities must be registered pursuant to 30-10-201.*

(4) The commissioner may require the person who filed the registration statement to file reports to keep reasonably current the information contained in the registration statement and to disclose the progress of the offering with respect to registered securities which:

(a) are issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust as those terms are defined in the Investment Company Act of 1940; or

(b) are being offered and sold directly by or for the account of the issuer.

(5) No securities registration statement may be withdrawn, whether or not such statement has become effective, without the express written consent of the commissioner."

Section 4. Section 30-10-208, MCA, is amended to read:

"**30-10-208. Consent to service of process — manner of service.** (1) Every applicant for registration as a broker-dealer, ~~or~~ investment adviser, ~~or~~ salesman, *or investment adviser representative* under parts 1 through 3 of this chapter and every issuer which proposes to register and offer a security in this state through any person acting on an agency basis in the common-law sense shall file with the commissioner, in such form as he prescribes, an irrevocable consent appointing the commissioner and his successors in office to be the attorney of the applicant to receive service of any lawful process in any noncriminal suit, action, or proceeding against the applicant or its or his successor, executor, or administrator which arises under parts 1 through 3 of this chapter or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. ~~A person who has filed such a consent in connection with a previous registration need not file another.~~

(2) Service may be made by leaving a copy of the process in the office of the commissioner, but it is not effective unless:

(a) the plaintiff, who may be the commissioner, in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by certified or registered mail to the defendant or respondent at its or his last address on file with the commissioner; and

(b) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows."

Section 5. Section 30-10-209, MCA, is amended to read:

"**30-10-209. Fees.** The following fees shall be paid in advance under the provisions of parts 1 through 3 of this chapter:

(1) (a) For the registration of securities by notification, coordination, or qualification, there shall be paid to the commissioner for the first year of registration a registration fee of $200 for the first $100,000 of initial issue or portion thereof in this state, based on offering price, plus 1/10 of 1% for any excess over $100,000, with a maximum of $1,000.

(b) Each year thereafter, a registration of securities may be renewed, prior to its termination date, for an additional year upon consent of the commissioner and payment of an additional registration fee to be computed at 1/10 of 1% of the aggregate offering price of such securities which are to be offered in this state during that year, even though the maximum fee was paid the preceding year. In no event shall the additional registration fee be less than $200 or more than $1,000. The registration statement for such securities may be amended to increase the amount of securities to be offered.

(c) If a registrant sells securities in excess of the aggregate amount registered for sale in this state, the registrant may file an amendment to the registration statement to include the excess sales. If the registrant fails to file an amendment before the expiration date of the registration order, he shall pay a filing fee for the excess sales of three times the amount calculated in the manner specified in subsection (1)(b). Registration of the excess securities is effective retroactively to the date of the existing registration.

(2) (a) For registration of a broker-dealer or investment adviser, the fee shall be $200 for original registration and $200 for each annual renewal.

(b) For registration of a salesman or investment adviser representative, the fee shall be $50 for original registration with each employer, $50 for each annual renewal, and $50 for each transfer.

(3) For certified *or uncertified* copies of any documents filed with the commissioner, the fee shall be the cost to the department.

(4) For a request for an exemption under 30-10-105(15), the fee shall be established by the commissioner by rule. For a request for any other exemption or an exception to the provisions of parts 1 through 3 of this chapter, the fee shall be $50.

(5) All fees are considered fully earned when received. In the event of overpayment, only those amounts in excess of $10 may be refunded.

(6) All fees, examination charges, miscellaneous charges, fines, and penalties collected by the commissioner pursuant to parts 1 through 3 of this chapter and the rules adopted hereunder must be deposited in the general fund."

(2) To qualify salary under this section, a contribution must be paid in an amount equal to 5.7% of the salary not reported to the system multiplied by the total years of creditable service.

Section 2. Section 19-4-101, MCA, is amended to read:

"**19-4-101. Definitions.** As used in this chapter, unless the context clearly indicates otherwise, the following definitions apply:

(1) "Accumulated contributions" means the sum of all the amounts deducted from the compensation of a member or paid by a member and credited to his individual account in the annuity savings fund, together with interest. Regular interest shall be computed and allowed to provide a benefit at the time of retirement.

(c) Earned compensation in excess of the amount specified in subsection (5)(b) is considered termination pay as provided in subsection (5)(d).

(d) If the earned compensation includes any termination pay, the member shall select one of the following options:

(i) use the total termination pay in the calculation of the average final compensation. The member and the employer shall pay contributions to the retirement system as are determined by the board to adequately compensate the system for the additional retirement benefit. The contributions must be made at the time the termination pay is received.

(ii) use a yearly amount of termination pay added to each of the 3 consecutive years' salary used in the calculation of the average final compensation, if the member has 4 or more years of service with the employer from which the termination pay was received. The amount of compensation used in the calculation of average final compensation must be divided by the total number of years of creditable service to determine a yearly amount. The member and the employer must pay contributions on the termination pay according to the rates provided for in 19-4-602(1) and 19-4-605(1).

The term does not include any other amounts paid in kind or fringe benefits not actually paid to a member. *The earned compensation is the full compensation, pay, or salary that would have been paid to a member for full-time service but was not paid to the member because of a reduction in compensation, pay, or salary due to a temporary absence provided that the retirement system receives the contribution required by [section 1].* The earned compensation of a member who had less than 3 consecutive years of full-time service during the 5 years preceding his retirement is the compensation, pay, or salary which he would have earned had his part-time service been full-time service. The earned compensation of a member who is awarded a disability retirement allowance prior to the completion of a full year is the compensation, pay, or salary which he would have received had he completed the full year, except that any termination pay, as defined in subsection (5)(e), received by the member is limited to the amount actually paid and is not the amount he would have earned had he completed the full year.

Section 29. Section 25-32-101, MCA, is amended to read:

"**25-32-101. Applicability of laws on procedure in justices' courts.** All proceedings in civil actions in city courts must, except as *otherwise provided* in this chapter ~~otherwise provided~~, be conducted in the same manner as civil actions in justices' courts and conform to the Montana Justice ~~Courts~~ *and City Court* Rules of Civil Procedure (Title 25, chapter ~~22~~ *23*)."

Section 30. Section 25-32-102, MCA, is amended to read:

"**25-32-102. Commencement of action — complaint.** (1) Civil actions in city courts are commenced by filing a complaint as provided under the Montana Justice ~~Courts~~ *and City Court* Rules of Civil Procedure (Title 25, chapter ~~22~~ *23*).

(2) The complaint must set forth a concise statement of the facts constituting the cause of action.

(3) A complaint under 3-11-103 must set forth the interest of the city in the action. An allegation that the cause of action arose from a violation of a city ordinance or failure to perform a duty required by city ordinance is a sufficient interest of the city.

(4) The ordinance may be referred to by its title, section, and number."

Section 31. Section 25-32-103, MCA, is amended to read:

"**25-32-103. Summons.** Immediately after filing the complaint, a summons must be issued, directed to the defendant and returnable as provided under the Montana Justice ~~Courts~~ *and City Court* Rules of Civil Procedure (Title 25, chapter ~~22~~ *23*)."

"**27-1-221. Punitive damages — liability — proof — award.** (1) Subject to ~~subsection (2) and~~ the provisions of 27-1-220 *and this section*, reasonable punitive damages may be awarded ~~where~~ *when* the defendant has been *found* guilty of actual fraud or actual malice.

(2) A defendant is guilty of actual malice if he has knowledge of facts or intentionally disregards facts that create a high probability of injury to the plaintiff and:

(a) deliberately proceeds to act in conscious or intentional disregard of the high probability of injury to the plaintiff; or

(b) deliberately proceeds to act with indifference to the high probability of injury to the plaintiff.

(3) A defendant is guilty of actual fraud if he:

(a) makes a representation with knowledge of its falsity; or

(b) conceals a material fact with the purpose of depriving the plaintiff of property or legal rights or otherwise causing injury.

(4) Actual fraud exists only ~~where~~ *when* the plaintiff has a right to rely upon the representation of the defendant and suffers injury as a result of ~~such~~ *that* reliance. The contract definitions of fraud expressed in Title 28, chapter 2, do not apply to proof of actual fraud under this section.

(5) All elements of the claim for punitive damages must be proved by clear and convincing evidence. Clear and convincing evidence means evidence in which there is no serious or substantial doubt about the correctness of the conclusions drawn from the evidence. It is more than a preponderance of evidence~~,~~ but less than beyond a reasonable doubt.

(6) Liability for punitive damages must be determined by the trier of fact, whether judge or jury.

(7) (a) Evidence regarding a defendant's financial affairs, financial condition, and net worth is not admissible in a trial to determine whether a defendant is liable for punitive damages. When the jury returns a verdict finding a defendant liable for punitive damages, the amount of punitive damages must then be determined by the jury in an immediate, separate proceeding and be submitted to the judge for review as provided in subsection (7)(c). In the separate proceeding to determine the amount of punitive damages to be awarded, the defendant's financial affairs, financial condition, and net worth must be considered.

(b) When an award of punitive damages is made by the judge, he shall clearly state his reasons for making the award in findings of fact and conclusions of law, demonstrating consideration of each of the following matters:

(i) the nature and reprehensibility of the defendant's wrongdoing;

(ii) the extent of the defendant's wrongdoing;

(iii) the intent of the defendant in committing the wrong;

(iv) the profitability of the defendant's wrongdoing, if applicable;

(v) the amount of actual damages awarded by the jury;

(vi) the defendant's net worth;

(vii) previous awards of punitive or exemplary damages against the defendant based upon the same wrongful act;

(viii) potential or prior criminal sanctions against the defendant based upon the same wrongful act; and

(ix) any other circumstances ~~which~~ *that* may operate to increase or reduce, without wholly defeating, punitive damages.

(c) The judge shall review a jury award of punitive damages, giving consideration to each of the matters listed in subsection (7)(b). If after review the judge determines that the jury award of punitive damages should be increased or decreased, he may do so. The judge shall clearly state his reasons for increasing, decreasing, or not increasing or decreasing the punitive damages award of the jury in findings of fact and conclusions of law, demonstrating consideration of each of the factors listed in subsection (7)(b).

(8) Nothing in this section is intended to alter the Montana Rules of Civil Procedure governing discovery of a defendant's financial affairs, financial condition, and net worth."

(4) Any other insurance may be included in a retail installment transaction at the buyer's expense only if contracted for voluntarily by the buyer.

(5) If ~~such~~ insurance for which ~~such~~ *an* identified charge is made insures the life, safety, or health of the buyer or his interest in the goods and is purchased by the holder, the holder shall within 30 days after the execution of the retail installment contract send or cause to be sent to the buyer a policy or policies or certificate or certificates of insurance, written by an insurance company authorized to do business in this state, clearly setting forth:

(a) the amount of the premium;

(b) the kind or kinds of insurance;

(c) the coverages; and

(d) if a policy, all the terms, exceptions, limitations, restrictions, and conditions of the contract or contracts of insurance or, if a certificate, a summary ~~thereof~~ *of the terms, exceptions, limitations, restrictions, and conditions*.

(6) The seller ~~shall~~ *may* not decline existing insurance written by an insurance company authorized to do business in this state, and the buyer ~~shall have~~ *has* the privilege of purchasing insurance from an ~~agent~~ *insurance producer* or broker of his own selection and of selecting his insurance company, provided that:

(a) the insurance company ~~shall be~~ *is* acceptable to the holder, which acceptance ~~shall~~ *may* not be unreasonably or arbitrarily withheld; and

(b) the inclusion of the cost of the insurance premium in the retail installment contract when the buyer selects his ~~agent~~ *insurance producer,* broker, or company ~~shall be~~ *is* optional with the seller.

(4) If a disabled worker seeks vocational rehabilitation services from the department of social and rehabilitation services without giving the insurer the opportunity to designate a rehabilitation provider or, subsequently, without giving the department the opportunity to designate a rehabilitation panel to provide a report, the insurer is not liable for rehabilitation benefits. (2) In any other case, the department shall monitor and track all support payments required by the support order. If at any time these records indicate that the obligor owes a combination of unpaid support equal to or in excess of 1 month's support, the department shall commence proceedings to initiate withholding of the obligor's income as provided in this part.

(3) To accomplish the purpose of subsection (2), the department by written notice to the obligor may direct an obligor who does not owe unpaid child support equal to or in excess of 1 month's support payment to pay all support through the department, notwithstanding ~~any~~ *a* court order directing payments to be made to the obligee or clerk of court.

Unless otherwise ordered by the court, the health care provider shall maintain a copy of the process and the written certification as a permanent part of the patient's health care information.

(3) In response to service of compulsory process or discovery requests, where authorized by law, a health care provider may deny access to the requested health care information. However, this determination is not required until ~~such time as~~ hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. The permit may not be approved until ~~such~~ *the* information is available and is incorporated into the application.

(l) show a listing of plant varieties encountered in the area to be affected and their relative dominance in the area, together with an enumeration of tree varieties and the approximate number of each variety occurring per acre on the area to be affected, and the locations generally of the various kinds and varieties of plants, including but not limited to grasses, shrubs, legumes, forbs, and trees;

(m) be certified as follows: "I, the undersigned, hereby certify that this map is correct and shows to the best of my knowledge and belief all the information required by the mining laws of this state." The certification ~~shall~~ *must* be signed and notarized. The department may reject a map as incomplete if its accuracy is not ~~so~~ attested.

(n) contain ~~such~~ other or further information as the department may require.

(3) If the department finds that the probable total annual production at all locations of any strip-*mining* or underground-coal-mining operation applied for will not exceed 100,000 tons, any determination of probable hydrologic consequences that the department requires and the statement of result of test borings or core samplings ~~shall~~ *must*, upon written request of the operator, be performed by a qualified public or private laboratory designated by the department. The department shall assume the cost of the determination and statement to the extent that it has received funds for this purpose.

(4) In addition to the information and maps required ~~above~~ *by this section*, each application for a permit ~~shall~~ *must* be accompanied by detailed plans or proposals showing the method of operation, the manner, time or distance, and estimated cost for backfilling, subsidence stabilization, water control, grading work, highwall reduction, topsoiling, planting, *and* revegetating, and a reclamation plan for the area affected by the operation, which proposals ~~shall~~ *must* meet the requirements of this part and rules adopted under this part. The reclamation plan ~~shall~~ *must* address the life of the operation and indicate the size, sequence, and the timing of the subareas for which it is anticipated that individual permits will be sought.

(5) Each applicant for a coal mining permit shall submit as part of the application a certificate issued by an insurance company authorized to do business in the state, certifying that the applicant has in force for the strip-*mining* or underground-mining and reclamation operations for which the permit is sought a public liability insurance policy, or evidence that the applicant has satisfied other state or federal self-insurance requirements. This policy ~~shall~~ *must* provide for personal injury and property damage protection in an amount adequate to compensate any persons damaged as a result of strip-*mining* or underground-coal-mining and reclamation oper-

"**82-4-434. Reclamation plan part of contract — requirements.** The contract ~~shall~~ *must* meet the following requirements:

(1) The operator shall submit a reclamation plan to the board before commencing any opencut mining and may not commence mining before the plan receives approval from the board. The operator may request and receive a meeting with the board prior to submission of the plan. If the board does not notify the operator that it has approved or disapproved a plan within 30 days after the board has received the plan, the board is considered to have approved the plan. The board, however, for sufficient cause, may extend its period of consideration for an additional 30 days if it notifies the operator prior to the end of the original 30-day period. The board shall submit each reclamation plan or amendments to the reclamation plan to the landowner for his recommendations and shall consider those recommendations in deciding whether to approve or disapprove any plan or amendments. The board may seek technical help from any state or federal agency. The board shall submit the plan immediately to the director of the university of Montana statewide archaeological survey for evaluation of possible archaeological or historical values in the area to be mined. The board may approve a reclamation plan only if the board has found that the plan provides for the best possible reclamation procedures available under the circumstances at the time, so that after mining operations are completed, the affected land will be reclaimed to a productive use. Once the reclamation plan is accepted in writing by the board, it ~~shall~~ *must* become a part of the contract but is subject to annual review and modification by the board.

(2) The board may not approve any reclamation plan unless the plan provides:

(a) that the land will be reclaimed for one or more specified uses, including but not limited to forest, pasture, orchard, cropland, residence, recreation, industry, *and* habitat for wildlife, including food, cover, or water, or other uses;

(b) that to the extent reasonable and practicable, the operator will establish vegetative cover commensurate with the proposed land use;

(c) whenever operations result in a need to prevent acid drainage or sedimentation on or in adjoining lands or streams, for the construction of earth dams or other reasonable devices to control water drainage, provided the formation of ~~such~~ *the* impoundments or devices will not interfere with other landowners' rights or contribute to water pollution;

(d) that to accomplish practical utilization of soil materials, ~~such~~ *the* material will be utilized for placement on affected areas, if required by the reclamation plan after completion or termination of that particular phase of the mining operations, at a depth sufficient for plant growth on slopes of 3:1 or less;

(e) that grading will be commensurate with the topography sought and land use designated;

(f) that metal and other waste will be removed or buried;

(g) that all access, haul, and other support roads will be located, constructed, and maintained in such a manner as to control and minimize channeling and other erosion;

(h) that the operator will submit a progress report annually to the board;

(i) that all operations will be conducted ~~so as~~ to avoid range and forest fires and spontaneous combustion and that open burning of carbonaceous materials will be in accordance with suitable practices for fire prevention and control;

(j) that archaeological and historical values in areas to be mined will be given appropriate protection;

(k) that except for rock faces, bench faces, and excavations used for water impoundments, each surface area of the mined premises ~~which~~ *that* will be disturbed will be revegetated when its use for extractive purposes is no longer required;

(l) that seeding and planting will be done in a manner to achieve a permanent suitable vegetative cover for wildlife, livestock, and retardation of erosion and that all seed will be drilled unless otherwise provided in the plan;

(m) that reclamation will be as concurrent with mining operations as feasible and will be completed within a specified length of time; and

(n) that surface *water* and ground water will be given appropriate protection, consistent with state law, from deterioration of water quality and quantity that may arise as a result of the operation.

(3) If reclamation according to the plan has not been completed in the time specified, the board after 30 days' written notice shall order the operator to cease mining and, if the operator does not cease, shall institute an action to enjoin further operation and may sue for damages for breach of contract, for payment of the performance bond, or for both.

(4) (a) At any time during the period of reclamation, the operator may for good reason submit to the board a new reclamation plan or ~~amendment~~ *amendments* to the existing plan, including extensions of time.

(b) The board may approve the proposed new reclamation plan or amendments to the existing plan if:

(i) the operator has in good faith carried on reclamation according to the existing plan and the proposed new plan or amendments to the existing plan will result in reclamation as or more desirable than the reclamation proposed under the existing plan; or

(ii) it is highly improbable reclamation will be successful unless the existing plan is replaced or amended.

(c) When accepted, the proposed new reclamation plan or the proposed amendments to the existing plan become a part of the contract.

(5) The operator shall provide a performance bond or an alternative acceptable to the board in an amount commensurate with the estimated cost of reclamation, but in no case may the bond be less than $200 per acre. The estimated cost of reclamation ~~shall~~ *must* be set forth in the reclamation plan.

(6) The contract, reclamation plan, and amendments accepted by the board ~~shall be~~ *are* a public record and *are* open to inspection.

(7) The contract ~~shall become~~ *is* effective when signed by the board and the operator and ~~shall remain~~ *remains* in force until terminated by mutual consent or by the board upon 6 months' notice."

(c) fur dealer's agent's license, $10.

(2) ~~Any~~ *A* person who is employed by a resident or nonresident fur dealer as a traveling fur buyer ~~shall be deemed~~ *is considered* a fur dealer's agent. CHAPTER NO. 22

[HB 17]

AN ACT ALLOWING THE FISH AND GAME COMMISSION TO ADOPT RULES REGARDING THE USE AND TYPE OF ARCHERY EQUIPMENT THAT MAY BE EMPLOYED FOR HUNTING AND FISHING PURPOSES; RESTRICTING THE USE OF PROHIBITED ARCHERY EQUIPMENT; AND AMENDING SECTION 87-1-301, MCA.

A statement of intent is required for this bill because 87-1-301(2) grants to the fish and game commission the authority to adopt rules regarding the use and type of archery equipment that may be employed for hunting and fishing purposes. It is intended that this authority be permissive rather than mandatory in order to allow but not require the commission to address any need for restrictions or limitations on archery equipment, with adequate opportunity for public hearing and comment. The legislature is aware that this rulemaking power is expressed in broad and general language; however, this is necessary because bow hunting technology is an emerging field for which detailed and precise standards have not yet been fully developed. The legislature recognizes that the commission has the power to determine the extent and nature of hunting and fishing privileges and that the commission's expertise makes it the proper forum for addressing the need for archery equipment regulation.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-1-301, MCA, is amended to read:

"**87-1-301. Powers of ~~the~~ commission.** *(1)* The commission shall:

~~(1)~~*(a)* set the policies for the protection, preservation, and propagation of the wildlife, fish, game, furbearers, waterfowl, nongame species, and endangered species of the state and for the fulfillment of all other responsibilities of the department as provided by law;

~~(2)~~*(b)* establish the hunting, fishing, and trapping rules of the department;

~~(3)~~*(c)* establish the rules of the department governing the use of lands owned or controlled by the department and waters under the jurisdiction of the department;

~~(4)~~*(d)* have the power within the department to establish wildlife refuges and bird and game preserves;

~~(5)~~*(e)* approve all acquisitions or transfers by the department of interests in land or water;

~~(6)~~*(f)* review and approve the budget of the department prior to its transmittal to the budget office; and

~~(7)~~*(g)* review and approve construction projects whose estimated cost is more than $1,000 but less than $5,000.

(2) The commission may adopt rules regarding the use and type of archery equipment that may be employed for hunting and fishing purposes, taking into account applicable standards as technical innovations in archery equipment change."

Section 2. **Restrictions on use of archery equipment.** A person may not, while hunting or fishing, use archery equipment that has been prohibited by rule of the commission.

Section 3. **Codification instruction.** [Section 2] is intended to be codified as an integral part of Title 87, chapter 3, part 1, and the provisions of Title 87, chapter 3, part 1, apply to [section 2].

Approved February 14, 1991.

Assessment revision — conference for review.** (1) *(a)* ~~Whenever~~ *Except as provided in subsection (1)(b), whenever* the department of revenue discovers that any taxable property of any person has in any year escaped assessment, been erroneously assessed, or been omitted from taxation, the department may assess the same provided the property is under the ownership or control of the same person who owned or controlled it at the time it escaped assessment, was erroneously assessed, or was omitted from taxation. All such revised assessments must be made within 10 years after the end of the calendar year in which the original assessment was or should have been made.

(b) Within the time limits set by 15-23-116, whenever the department discovers property subject to assessment under Title 15, chapter 23, that has escaped assessment, been erroneously assessed, or been omitted from taxation, the department may issue a revised assessment to the person, firm, or corporation who owned the property at the time it escaped assessment, was erroneously assessed, or was omitted from taxation, regardless of the ownership of the property at the time of the department's revised assessment.

(2) Whenever the department or its agent proposes to increase the valuation of locally assessed property above the value reported by the taxpayer under 15-8-301, the action of the department is subject to the notice and conference provisions of this section.

(3) (a) Notice of revised assessment pursuant to this section shall be made by the department or its agent by postpaid letter addressed to the person interested within 10 days after the revised assessment has been made. The notice shall include opportunity for a conference on the matter, at the request of the person interested, not less than 15 or more than 30 days after notice is given.

(b) An assessment revision review conference is not a contested case as defined in the Montana Administrative Procedure Act. The department shall keep minutes in writing of each assessment review conference, which are public records.

(c) Following an assessment review conference or expiration of opportunity therefor, the department shall order such assessment as it considers proper. Any party to the conference aggrieved by the action of the department may appeal directly to the state tax appeal board within 30 days or, if the property is locally assessed, may appeal to the county tax appeal board at its next meeting.

(4) The department must record in a book to be kept for that purpose all changes, corrections, and orders made by it and must direct its agent to enter upon the assessment book all changes and corrections made by it.

(5) Immediately upon receipt of a revised assessment, the county official possessing the assessment roll book shall enter the revised assessment. If the revised assessment corrects an original assessment, the previous entry shall be canceled upon order of the department."

If the board reduces the bid, it shall set forth its findings and conclusions in writing and ~~so~~ inform the lessee and competitive bidder *of the reduction*. It is the duty of the board to secure the best lessees possible, so that the state may receive the maximum return possible with the least injury occurring to the land.

(3) A renewal lease may be canceled pursuant to 77-6-113, 77-6-208, 77-6-209, or 77-6-210 for a violation by the lessee that occurred during the

previous lease term but no more than 3 years prior to the date on which the notice of cancellation required by 77-6-211 is issued. Cancellation procedures instituted but not completed before renewal are applicable to the renewal lease.

CHAPTER NO. 62

[HB 178]

AN ACT ADOPTING THE UNIFORM INTERNATIONAL WILL ACT; PROVIDING FOR THE VALIDITY OF INTERNATIONAL WILLS; PROVIDING FOR CERTIFICATION OF INTERNATIONAL WILLS; AND PROVIDING FOR A REGISTRY FOR INTERNATIONAL WILLS.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** In [sections 1 through 10], the following definitions apply:

(1) "International will" means a will executed in conformity with [sections 2 through 5].

(2) "Authorized person" and "person authorized to act in connection with international wills" means a person who by [section 9] or by the laws of the United States, including members of the diplomatic and consular service of the United States designated by the foreign service regulations, is empowered to supervise the execution of international wills.

Section 2. **International will — validity.** (1) The form of a will is valid, regardless of the place where it is made, of the location of the assets, and of the nationality, domicile, or residence of the testator, if it is made in the form of an international will complying with the requirements of [sections 1 through 10].

(2) The invalidity of the will as an international will does not affect its formal validity as a will of another kind.

(3) [Sections 1 through 10] do not apply to the form of testamentary dispositions made by two or more persons in one instrument.

Section 3. **International will — requirements.** (1) An international will must be made in writing. It need not be written by the testator himself. It may be written in any language, by hand, or by any other means.

(2) The testator shall declare in the presence of two witnesses and of a person authorized to act in connection with international wills that the document is his will and that he knows the contents of the will. The testator need not inform the witnesses or the authorized person of the contents of the will.

(3) In the presence of the witnesses and of the authorized person, the testator shall sign the will or, if he has previously signed it, shall acknowledge his signature.

(4) If the testator is unable to sign, the absence of his signature does not affect the validity of the international will if the testator indicates the reason for his inability to sign and the authorized person makes note of the inability on the will. In that case, it is permissible for any other person present, including the authorized person or one of the witnesses, at the direction of the testator, to sign the testator's name for him if the authorized person makes note of this on the will, but it is not required that any person sign the testator's name for him.

(5) The witnesses and the authorized person shall there and then attest the will by signing in the presence of the testator.

Section 4. **International wills — other points of form.** (1) The signatures must be placed at the end of the will. If the will consists of several sheets, each sheet must be signed by the testator or, if he is unable to sign, by the person signing on his behalf or, if there is no such person, by the authorized person. In addition, each sheet must be numbered.

(2) The date of the will must be the date of its signature by the authorized person.

(3) The authorized person shall ask the testator whether he wished to make a declaration concerning the safekeeping of his will. If so and at the express request of the testator, the place where he intends to have his will kept must be mentioned in the certificate provided for in [section 5].

(4) A will executed in compliance with [section 3] is not invalid merely because it does not comply with this section.

Section 5. **International will — certificate.** The authorized person shall attach to the will a certificate to be signed by him establishing that the requirements of [sections 1 through 10] for valid execution of an international will have been fulfilled. The authorized person shall keep a copy of the certificate and deliver another to the testator. The certificate must be substantially in the following form:

(Convention of October 26, 1973)

(a) ______________ (name, address, date, and place of birth)

(b) ______________ (name, address, date, and place of birth) has declared that the attached document is his will and that he knows the contents thereof.

I furthermore certify that:

(1) the testator has signed the will or has acknowledged his signature previously affixed;

(2) following a declaration of the testator stating that he was unable to sign his will for the following reason ________________, I have mentioned this declaration on the will, and the signature has been affixed by _______________ (name and address);

(b) the witnesses and I have signed the will;

*(c) each page of the will has been signed by ____________ and numbered;

(d) I have satisfied myself as to the identity of the testator and of the witnesses as designated above;

(e) the witnesses met the conditions requisite to act as such according to the law under which I am acting;

*(f) the testator has requested me to include the following statement concerning the safekeeping of his will:

PLACE OF EXECUTION

DATE

* to be completed if appropriate

Section 6. **International will — effect of certificate.** In the absence of evidence to the contrary, the certificate of the authorized person is conclusive of the formal validity of the instrument as a will under [sections

1 through 10]. The absence or irregularity of a certificate does not affect the formal validity of a will under [sections 1 through 10].

Section 7. **International will — revocation.** An international will is subject to the ordinary rules of revocation of wills.

Section 8. **Source and construction.** [Sections 1 through 7] derive from the Annex to Convention of October 26, 1973, Providing a Uniform Law on the Form of an International Will. In interpreting and applying [sections 1 through 10], regard must be given to its international origin and to the need for uniformity in its interpretation.

Section 9. **Persons authorized to act in relation to international will — eligibility — recognition by authorizing agency.** Individuals who have been admitted to practice law before the courts of this state and are currently licensed are authorized persons in relation to international wills.

Section 10. **International will information registration.** The secretary of state shall establish a registry system by which authorized persons may register in a central information center information regarding the execution of international wills, keeping that information in strictest confidence until the death of the maker and then making it available to any person desiring information about any will who presents a death certificate or other satisfactory evidence of the testator's death to the center. Information that may be received, preserved in confidence until death, and reported as indicated is limited to the name, social security or individual-identifying number established by law, address, and date and place of birth of the testator and the intended place of deposit or safekeeping of the instrument pending the death of the maker. The secretary of state, at the request of the authorized person, may cause the information he receives about the execution of any international will to be transmitted to the registry system of another jurisdiction as identified by the testator if that other registry system adheres to rules protecting the confidentiality of the information similar to those established in this state.

Section 11. **Codification instruction.** [Sections 1 through 10] are intended to be codified as an integral part of Title 72, chapter 2, and the provisions of Title 72, chapter 2, apply to [sections 1 through 10].

Approved February 27, 1991.

Before payment of the death benefit, the public employees' retirement board must

transfer to the teachers' retirement system the contributions necessary to qualify this service in the teachers' retirement system as provided in subsections(2) and (3).

[SB 90]

AN ACT RECOGNIZING DENTAL AND DENTAL HYGIENE SCHOOLS; CHANGING THE LICENSURE REQUIREMENTS FOR OUT-OF-STATE DENTAL HYGIENISTS AND ALLOWING DENTAL HYGIENISTS TO PERFORM MORE TASKS UNDER THE GENERAL AS OPPOSED TO THE DIRECT SUPERVISION OF A DENTIST; RECOGNIZING ACCREDITED DENTAL HYGIENE SCHOOLS; AMENDING SECTIONS 37-4-302, 37-4-401, 37-4-404, 37-4-405, AND 37-4-408, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

The intent of the amendments to 37-4-404(2) is to permit the board of dentistry to establish, within the parameters set by statute, the number of practice hours required for licensure of dental hygienists by credentials.

The intent of the amendments to 37-4-405(1) is to ensure that, except for the administration of local anesthesia, it is up to the discretion of the supervising dentist and not the board to determine if a dental hygienist is to perform the duties referred to in Title 37, chapter 4, under general or direct supervision.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 37-4-302, MCA, is amended to read:

"**37-4-302. Recognition of dental schools *and dental hygiene schools.*** In determining what ~~shall constitute~~ *constitutes* a recognized dental college ~~or school and/or a recognized school of dental hygiene~~, the board shall be guided by the standards, canons, and practices required for ~~such~~ recognition by the ~~council on dental education of the American dental association~~ *commission on dental accreditation. In determining what constitutes a recognized dental hygiene school, the board shall recognize only those dental hygiene schools accredited by the commission on dental accreditation or its successor as designated by the United States department of education or the council on post-secondary accreditation, or both.*"

Section 2. Section 37-4-401, MCA, is amended to read:

"**37-4-401. Practice of dental hygiene.** The practice of dental hygiene is services, performed by a licensed preventive oral health practitioner known as a dental hygienist, that are educational, therapeutic, prophylactic, or preventive procedures in nature, as the board in writing defines and authorizes~~. These services include~~, *and that may be performed under general supervision of a licensed dentist. The practice of dental hygiene also includes* and the board shall authorize the administration of local anesthetic agents by a licensed dental hygienist certified by the board to administer the agents *only* under the direct supervision and authorization of a licensed dentist. However, this section does not allow the board or a licensed dentist to delegate any of the following duties:

(1) diagnosis, treatment planning, and prescription;

(2) surgical procedures on hard and soft tissues other than root planing and subgingival curettage;

(3) restorative, prosthetic, orthodontic, and other procedures which require the knowledge and skill of a dentist;

(4) prescription for drugs or medications or work authorizations."

Section 3. Section 37-4-404, MCA, is amended to read:

"**37-4-404. Admission of dental hygienists from other states — ~~reciprocity~~.** ~~(1)~~ On the payment of a fee prescribed by the board ~~and after satisfactory practical examination demonstrating his proficiency~~, a dental hygienist may be granted a license to practice dental hygiene in this state ~~without being required to take an examination in theory~~ if he:

~~(a)~~*(1)* has been lawfully licensed to practice in another state or territory which has and maintains a standard for the practice of dental hygiene which, in the opinion of the board, is equal to that at the time maintained in this state;

~~(b)~~*(2)* has been lawfully and continuously engaged in the practice of dental hygiene for a period of ~~1 year or more~~ *at least 500 hours during the 1-year period* immediately before filing his application to practice in this state; ~~and~~

~~(c)~~*(3)* deposits in person with the department an attested certificate from the examining board of the state or territory in which he is registered or licensed, certifying to the fact of his registration and license and of his being a person of good moral character and of professional attainments~~.~~*; and*

(4) deposits in person with the department evidence of graduation from a school of dental hygiene accredited by the commission on dental accreditation or its successor as recognized by the United States department of education and the council on post-secondary accreditation.

~~(2) No license may be issued to the applicant without an examination in theory unless the state or territory from which the certificate has been granted extends a like privilege to engage in the practice of dental hygiene to dental hygienists licensed by this state who have moved to the other state.~~

~~(3) The board may enter into reciprocity agreements with other states or territories, the standards of which as to the practice of dental hygiene are, in the opinion of the board, equal to those of this state.~~"

Section 4. Section 37-4-405, MCA, is amended to read:

"**37-4-405. Dental hygienist to practice under supervision of licensed dentist.** (1) A licensed dental hygienist, *with the permission of the supervising dentist,* may practice in the office of a licensed and actively practicing dentist, in a public or private institution, under a board of health, or in a public clinic authorized by the board, ~~but may not practice except~~ under the ~~direct personal~~ *general* supervision of a licensed dentist; however, the dental hygienist may give instruction in oral hygiene without the supervision of a licensed dentist in a public or private institution or hospital or extended care facility or under a board of health or in a public clinic ~~authorized by the board~~.

(2) ~~The board may, in lieu of the direct supervision requirement set forth in subsection (1), permit a licensed dental hygienist to provide clinical dental hygiene services to a public or private institution, a hospital or extended care facility, or a school or public health program after a review of a request for such service and a description of the type of supervision necessary is made by the board.~~ For the purposes of this section, "supervision" is defined as follows:

(a) "direct supervision" means ~~the supervision of those tasks and procedures that do not require the dentist in the room where performed but require his presence on the premises and availability for prompt consultation and treatment; and~~ *treatment by a dental auxiliary or licensed dental hygienist provided with the intent and knowledge of the dentist. The treatment must be performed while the dentist is on the premises.*

(b) "general supervision" means ~~those tasks and procedures that do not require the presence of a dentist on the premises but shall remain under the dentist's directive order, control, responsibility, and evaluation~~ *treatment, except the administration of local anesthesia, by a licensed dental hygienist provided with the intent and knowledge of the dentist licensed and residing in the state of Montana. The supervising dentist need not be on the premises.*

~~(3) Notwithstanding any other provisions of this section, a dental hygienist may continue performing tasks and procedures requiring direct supervision if:~~

~~(a) the supervising dentist required to be on the premises has been called out of the office briefly for an emergency; and~~

~~(b) both the hygienist and the patient consent.~~"

Section 5. Section 37-4-408, MCA, is amended to read:

"**37-4-408. Auxiliary personnel — employment, duties, and limitations.** *A dental auxiliary is a person other than a licensed dental hygienist employed by a licensed dentist.* The board may, within the limitations of this chapter, adopt rules ~~which~~ *that* define the qualifications and outline the tasks of any unlicensed auxiliary personnel to be employed by ~~any~~ *a* licensed dentist in his office, except that nothing ~~herein shall~~ *in this section may* be construed to allow the board by rule to provide for delegation by a licensed dentist to any such auxiliary personnel any of the duties prohibited to dental hygienists under 37-4-401 or a prophylaxis. The performance of intraoral tasks by all dental auxiliaries, as permitted by board rules, ~~shall~~ *must* be under the direct supervision of the licensed dentist employing ~~such~~ *the* personnel."

[SB 110]

AN ACT TO AUTHORIZE THE DEPARTMENT OF REVENUE TO WRITE OFF THE COLLECTION OF A TAX, PENALTY, OR INTEREST DUE TO THE STATE WHEN THE DEPARTMENT DETERMINES THAT IT IS NOT COST-EFFECTIVE TO ATTEMPT TO COLLECT THE TAX, PENALTY, OR INTEREST.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 1] grants the department of revenue authority to adopt rules for establishing procedures to determine whether it is cost-effective to collect any tax, penalty, or interest from a delinquent taxpayer. The legislature intends that the rules adopted by the department address the circumstances under which it is no longer cost-effective to pursue the collection of a tax. These circumstances include but are not limited to the difficulty of finding the delinquent taxpayer, the difficulty of locating the assets of the taxpayer, or the financial condition of the taxpayer. In addition, the rules adopted by the department may include procedures to remove, for accounting purposes, a delinquency from the department's accounts receivable.

The legislature also intends that rules provide that if a tax delinquency is written off, it is not forgiven, but the department will incur no further expense in collecting the tax.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Writeoff of collection of tax, penalty, or interest — rules.** (1) The department of revenue may write off the collection of any tax, penalty, or interest due to the state under this title when the department determines that it is not cost-effective for the department to attempt to collect the tax, penalty, or interest. If the department writes off the collection of any tax, penalty, or interest, the department shall place in the taxpayer's file a written justification for the writeoff that includes a determination that attempted collection is not cost-effective.

(2) The department shall prescribe rules to establish the procedures to carry out the purposes of this section.

CHAPTER NO. 86

[SB 147]

AN ACT PROVIDING A PROCEDURE FOR THE FILING OF A SHORT-PERIOD MONTANA CORPORATION LICENSE TAX RETURN BY CORPORATIONS PERMITTED TO FILE A MONTANA CONSOLIDATED CORPORATION LICENSE TAX RETURN; AMENDING SECTION 15-31-141, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-31-141, MCA, is amended to read:

"**15-31-141. Consolidated returns — computation and procedure — prohibition on financial institutions.** (1) Corporations which are affiliated may not file a consolidated return unless at least 80% of all classes of stock of each corporation involved is owned directly or indirectly by one or more members of the affiliated group.

(2) Corporations may not file a consolidated return unless the operation of the affiliated group constitutes a unitary business and, except for a unitary business operation described in subsection (2)(b), permission to file a consolidated return is given by the department of revenue. For purposes of this section, a "unitary business operation" means one in which:

(a) the business operations conducted by the corporations in the affiliated group are interrelated or interdependent to the extent that the net income of one corporation cannot reasonably be determined without reference to the operations conducted by the other corporations; or

(b) all of the corporations in the affiliated group are incorporated and operate exclusively in Montana, are not multistate corporations, and have filed a consolidated federal return for the tax year.

(3) The election to file a consolidated return is binding as long as the affiliated group continues to file a federal consolidated return.

(4) If the conditions of subsections (1) and (2) of this section are met, the department may require corporations to file a consolidated return when the department considers a consolidated return necessary.

(5) Any corporation liable to report under this chapter and owning or controlling, either directly or indirectly, at least 80% of all classes of stock of each corporation involved may be required to make a consolidated report showing the combined net income, such assets of the corporation as are required for the purposes of this chapter, and such other information as the department may require, but excluding intercorporate stockholdings and intercorporate accounts. Any corporation liable to report under this chapter and owned or controlled, either directly or indirectly, by another corporation may be required to make a report consolidated with the owning company, showing the combined net income, such assets of the corporation as are required for the purposes of this chapter, and such other information as the department may require, but excluding intercorporate stockholdings and intercorporate accounts. In case it shall appear to the department that any arrangement exists in such a manner as to improperly reflect the business done, the segregable assets, or the entire net income earned from business done in this state, the department is authorized and empowered to equitably adjust the tax in such manner as it may determine.

(6) (a) A majority of the corporation license tax collected from financial institutions is paid to local government areas in which each financial institution is located. However, consolidated returns for financial institutions do not reflect the true tax attributable to each local government. In addition, consolidated returns would permit financial institutions to offset income against losses of nonfinancial institutions, thereby distorting the true income of each financial organization.

(b) In accordance with subsection (6)(a), financial institutions are prohibited from filing consolidated returns under this section.

(7) (a) When an affiliated group elects to file a consolidated return under the provisions of this section, a corporation of the affiliated group shall

file a separate return for any portion of its taxable year in which its income is not included in the consolidated return of the group. The separate return must be filed no later than the 15th day of the 5th month following the close of the taxable year for which a consolidated return of the affiliated group is filed.

(b) A 1-month to 6-month extension of time is automatically allowed for filing a return, provided that on or before the due date of the return, an application for an extension is made by the corporation. The application must be made on forms prescribed by the department."

Section 2. **Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1990.

Section 3. **Effective date.** [This act] is effective on passage and approval.

Approved March 18, 1991.

(i) personnel grievances;

(ii) classification and pay of positions;

(iii) matters recommended for study or review; and

(iv) proposals resulting from assigned or contracted audits, studies, surveys, reviews, or research.

Section 6. **Agency head to grant award.** After an agency implements an employee's suggestion or invention and the amount of monetary savings to the local government is estimated, an agency head, upon written application to and approval from the governing body and the incentive awards advisory council, if there is such a council, may grant an incentive award to an employee whose proposal meets the requirements of [section 5].

CHAPTER NO. 95

[SB 168]

AN ACT DIRECTING AMENDMENT OF RULES 11.14.502 AND 16.24.410, ADMINISTRATIVE RULES OF MONTANA, TO ELIMINATE CURRENT RESTRICTIONS ON THE USE OF NONDISPOSABLE DIAPERS IN DAY-CARE FACILITIES; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, Rule 16.24.410, Administrative Rules of Montana, requires day-care centers to use only disposable diapers for children unless the parents present medical documentation that nondisposable diapers should be used; and

WHEREAS, Rule 11.14.502, Administrative Rules of Montana, permits the use of nondisposable diapers but requires a child's parent to document the need for nondisposable diapers; and

WHEREAS, the disposal of solid waste is a major problem as landfills reach capacity while the volume of solid waste continues to grow in our present "throw-away" society; and

WHEREAS, 18 billion disposable diapers are thrown away each year in America, accounting by weight for approximately 2% of all municipal solid waste and between 3.5% and 4.5% of all household solid waste; and

WHEREAS, disposable diapers are the third, single-largest manufactured product to be found in landfills and other solid waste disposal sites; and

WHEREAS, disposable diapers in landfills present a threat to the public health and environment because of untreated urine and fecal matter released into the soil and ground water; and

WHEREAS, nondisposable diapers, such as cloth diapers, can be reused many times and their use would reduce the threat to the public health and environment posed by single-use disposable diapers; and

WHEREAS, the use of nondisposable diapers would help alleviate current solid waste problems by reducing the amount of disposable diapers thrown away each year; and

WHEREAS, there is no medical evidence that nondisposable diapers are less sanitary or present a greater threat to the spread of germs than disposable diapers.

THEREFORE, the Legislature finds it appropriate to amend Rules 11.14.502 and 16.24.410, Administrative Rules of Montana, to eliminate current restrictions on the use of nondisposable diapers in day-care facilities in order to allow their use as an alternative to disposable diapers.

Be it enacted by the Legislature of the State of Montana:

"11.14.502 DAY CARE FACILITIES CARING FOR INFANTS, DIAPERING AND TOILET TRAINING (1) A sufficient supply of clean, dry diapers shall be available and diapers shall be changed as frequently as needed. (2) Soiled reusable diapers shall be placed into separate cleanable covered containers provided with waterproof liners prior to transport to laundry, parent, or acceptable disposal. These containers shall be emptied, cleaned and disinfected daily. Soiled disposable diapers shall be disposed of immediately into an outside trash disposal or put in a securely tied plastic bag and discarded indoors until outside disposal is possible. Reusable diapers shall be removed from the facility daily.

(3) Diaper-changing surfaces shall be cleaned after each use by washing or by changing a pad or disposable sheeting and sanitized or covered for reuse.

(4) Soft, absorbent, disposable towels or clean reusable towels which have been laundered between each use shall be used for cleaning the infant.

(5) Safety pins shall be kept out of reach of infants and toddlers. Infants shall not be left unattended on a surface from which they might fall.

(2) On a second conviction, he shall be punished by a fine of not less than $300 or more than $500 and by imprisonment for not less than 7 days, at least 48 hours of which must be served consecutively, or more than 6 months. Three days of the jail sentence may not be suspended unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being.

(3) On the third or subsequent conviction, he shall be punished by imprisonment for a term of not less than 30 days, at least 48 hours of which must be served consecutively, or more than 1 year, and by a fine of not less than $500 or more than $1,000. Notwithstanding any provision to the contrary providing for suspension of execution of a sentence imposed under this subsection, the imposition or execution of the first 10 days of the jail sentence imposed for a third or subsequent offense that occurred within 5 years of the first offense may not be deferred or suspended.

(4) In addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of institutions, which may, in the sentencing court's discretion and upon recommendation of a certified chemical dependency counselor, include alcohol or drug treatment, or both. On conviction of a second or subsequent offense under this section, in addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of institutions, which must include alcohol or drug treatment, or both. Each counselor providing education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in a course or treatment program. If the defendant fails to attend the course or the treatment program, the counselor shall notify the court of the failure. As long as the alcohol information course ~~and treatment program are~~ *is* approved as provided in this subsection~~,~~ *and the treatment is provided by a certified chemical dependency counselor,* the defendant may attend the information course and treatment program of his choice. The treatment provided to the defendant at a treatment program must be at a level appropriate to his alcohol problem, as determined by the judge based upon the recommendation from the certified chemical dependency counselor.

(5) For the purpose of determining the number of convictions under this section, "conviction" means a final conviction, as defined in 45-2-101, in this state, conviction for a violation of a similar statute in another state, or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state or another state, which forfeiture has not been vacated. An offender is considered to have been previously convicted for the purposes of this section if less than 5 years have elapsed between the commission of the present offense and a previous conviction. If there has been no additional conviction for an offense under this section for a period of 5 years after a prior conviction ~~hereunder~~ *under this section*, then all records and data relating to the prior conviction are confidential criminal justice information as defined in 44-5-103 and public access to the information may only be obtained by district court order upon good cause shown.

(6) For the purpose of calculating subsequent convictions under this section, a conviction for a violation of 61-8-406 also constitutes a conviction for a violation of 61-8-401."

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [sections 1 through 6], the following definitions apply:

(1) "Monitoring device" means an electronic device or apparatus that is limited in capability to recording or transmitting information concerning the offender's presence in or absence from the home. The device must be minimally intrusive.

(2) (a) "Home" means the temporary or permanent residence of an offender consisting of the actual living area approved by the supervising authority.

(5) "Violent felony offense" means deliberate homicide, mitigated deliberate homicide, negligent homicide, aggravated assault, negligent vehicular assault, kidnapping, aggravated kidnapping, robbery, sexual intercourse without consent, sexual abuse of children, arson, aggravated burglary, escape, any criminal attempt to commit an enumerated offense, or conviction as a persistent felony offender when the offender has a felony conviction for any of the listed offenses within the 5-year period preceding the date of the present conviction.

Section 2. **Home arrest — petition — agreement.** (1) An offender may petition a sentencing court for an order directing that all or a portion of a sentence of imprisonment in the county jail or state prison be served under conditions of home arrest. Petitions may be considered and ruled upon by the sentencing court prior to and throughout the term of the offender's sentence.

(2) The sentencing judge shall study the records of all persons petitioning for home arrest and, in his discretion, may:

(a) refer the case to the appropriate supervising authority for approval and acceptance into the home arrest program. The supervising authority may accept or reject any referral.

(b) conduct hearings on the desirability of granting home arrest;

(c) order a term of home arrest in lieu of a sentence of imprisonment in the county jail or state prison. The time actually spent in home arrest pursuant to this section may not exceed 6 months or the maximum term of imprisonment imposed, whichever is shorter.

(d) issue a warrant for a person when there is reason to believe the person has violated the conditions of home arrest, conduct hearings on the matter, and order imprisonment in the county jail or state prison upon proof of violation; and

(e) grant final discharge from arrest.

(3) A home arrestee shall execute a written agreement with the court setting forth all the conditions of home arrest. The order of home arrest must incorporate that agreement and must order compliance with its terms. The order and agreement must be transmitted to the supervising authority and to the appropriate jail or prison official.

(4) Time spent in home arrest must be credited against the maximum term of imprisonment imposed for the offender pursuant to law.

(5) Home arrest must be under the supervision of the supervising authority. A home arrestee is subject to the decisions of the supervising authority during the period of supervision. Fees for supervision or equipment usage must be paid directly to the clerk of the sentencing court and must be distributed by the clerk to the supervising authority.

Section 3. **Home arrest — conditions — fees — consent of cohabitants.** (1) A home arrestee must be confined to his home under conditions imposed by the sentencing court, which may include but are not limited to the following:

(2) A written and notarized consent agreement must be filed with the court by every adult who will share the offender's home during the term of home arrest.

(3) Violation of the provisions of any condition of home arrest may subject the home arrestee to prosecution under 45-7-306.

Section 4. **Home arrest — ineligibility.** A person being held under a detainer, warrant, or process issued by some other jurisdiction is not eligible for home arrest. A person convicted of a violent felony offense is not eligible for home arrest. However, this section does not prevent the use of a monitoring device as a part of an intensive supervision program or other program of the department of institutions.

Section 5. **Home arrest — responsibility for own living expenses — government benefits.** A person serving a sentence under conditions of home arrest is responsible for food, housing, clothing, and medical care expenses and is eligible for government benefits to the same extent as a person on probation, parole, or conditional discharge.

The county commissioners are responsible for the cost of the evaluation and may contract with the department or other public or private agencies to obtain evaluation services.

(4) In addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of institutions, which may, in the sentencing court's discretion and upon recommendation of a certified chemical dependency counselor, include alcohol or drug treatment, or both. CHAPTER NO. 111

[HB 225]

AN ACT PERMITTING ELECTION ADMINISTRATORS TO ALLOW REGISTRATION AND VOTING BY FACSIMILE TRANSMISSION FOR ELECTORS IN THE UNITED STATES SERVICE IF FACSIMILE FACILITIES ARE AVAILABLE; REQUIRING THE SECRETARY OF STATE TO ADOPT RULES; REQUIRING THE SECRETARY OF STATE'S ELECTION ADVISORY COUNCIL TO ASSIST THE SECRETARY IN THE ADOPTION OF THE RULES; REQUIRING THE SECRETARY OF STATE TO REPORT TO THE LEGISLATURE; AND PROVIDING EFFECTIVE DATES.

WHEREAS, there is increasing interest on the part of both state and federal agencies in the use of facsimile transmissions for the purpose of voting in state and federal elections, particularly for the casting of absentee ballots by men and women of the Armed Forces serving in Operation Desert Shield; and

WHEREAS, the federal Uniformed and Overseas Citizens Absentee Voting Act authorizes but does not require the use of facsimile ballots in federal elections; and

WHEREAS, state election laws currently present severe obstacles to the use of facsimile voter registration and the sending and receiving of absentee election ballots by facsimile; and

WHEREAS, the adoption of state laws allowing registration of absentee voters and the sending and receiving of absentee ballots by facsimile may increase the likelihood that absentee voters would exercise their right to vote; and

WHEREAS, adoption of rules by the Secretary of State that provide for absentee voter registration and the casting of absentee ballots by facsimile would provide maximum flexibility for state and local election officials to work with one another and appropriate federal officials to see that voting by facsimile becomes a reality in this state.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Legislative findings and purpose.** The legislature finds that the increased use of facsimile transmissions has encouraged the possibility of absentee voter registration and the sending and receiving of absentee ballots by facsimile. The legislature also finds that while federal law encourages but does not require the use of facsimile transmissions in federal elections, there are sufficient reliability in facsimile technology and sufficient evidence that absentee facsimile voting would be of benefit to electors in the United States service, to provide for absentee registration and voting by facsimile. It is the purpose of [sections 1 through 3] to allow for absentee voter registration and voting by facsimile, while recognizing that state and local election officials have the responsibility to maintain the accuracy, integrity, and secrecy of the election process and the individual election ballot. It is the purpose of the legislature to allow facsimile voting for electors in the United States service but to continue to ensure that voting security is maintained for the ultimate purpose of preventing election fraud and maintaining the validity of the election process.

Section 2. **Registration and voting by facsimile authorized — secretary of state to adopt rules — acceptance of funds.** (1) Notwithstanding other provisions of this title, each election administrator may, in any primary election, general election, and special election, take the following acts by facsimile transmission, if facsimile facilities are available, in place of the use of the public mails when requested by an elector or, for the purposes of registration under subsection (1)(a), an individual intending to become an elector, in the United States service, as defined in 13-2-211:

(a) register an individual to vote;

(b) give notice of registration;

(c) receive requests for an absentee ballot;

(d) transmit absentee ballots to electors; and

(e) receive absentee ballots from electors.

(2) The secretary of state shall adopt reasonable rules under the rulemaking provisions of the Montana Administrative Procedure Act to implement subsection (1). The rules are binding upon election administrators. The rules must require compliance with the same time requirements or deadlines as for registration and voting by absentee ballot by use of the public mails, except that the rules may provide for different times for the acceptance of facsimile ballots after the closing of the polls. The rules must maintain the accuracy, integrity, and secrecy of the ballot process and must allow registration and voting by facsimile through use of a private corporation or other private entity for transmission of facsimile messages only if the secretary of state finds that the use is essential to the purposes of [sections 1 through 3].

(3) The secretary of state may apply for and receive a grant of funds from any agency or office of the United States government or from any other public or private source and may use the money for the purpose of implementing [sections 1 through 3].

Section 3. **Advisory council assistance — report to legislature.** (1) The secretary of state shall adopt the rules required by [section 2(2)] with the assistance of the secretary's election administrators advisory council, and the advisory council shall assist and advise the secretary in the implementation of [sections 1 through 3].

(2) The secretary of state shall by January 1, 1995, prepare a written report to the legislature concerning the implementation of [sections 1 through 3] and the activities of the advisory council in implementing [sections 1 through 3]. The report must:

(a) include copies of rules adopted by the secretary of state in accordance with [section 2];

(b) contain a detailed summary of the experience of the secretary of state and local election administrators in implementing [sections 1 through 3]; and

(c) include any recommendations for changes to the applicable laws.

Section 4. **Effective dates.** (1) [Sections 1, 2(2), 2(3), 3, 5, and this section] are effective on passage and approval.

(2) [Section 2(1)] is effective July 1, 1992.

Section 5. **Codification instruction.** [Sections 1 and 2] are intended to be codified as an integral part of Title 13, chapter 13, part 2, and the provisions of Title 13, chapter 13, part 2, apply to [sections 1 and 2].

Approved March 20, 1991.

CHAPTER NO. 132

[SB 131]

AN ACT PROVIDING A MEANS FOR A FOREIGN INSURER TO BECOME A DOMESTIC INSURER; PROVIDING A MEANS FOR A DOMESTIC INSURER TO TRANSFER ITS DOMICILE TO ANOTHER STATE; PROVIDING FOR THE CONTINUATION OF A CERTIFICATE OF AUTHORITY AND OTHER APPROVALS PERTAINING TO AN INSURER TRANSFERRING ITS DOMICILE; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because it grants additional rulemaking authority to the commissioner of insurance. Under [section 3] of the bill, the commissioner may adopt rules and regulations to enforce the provisions of [sections 1 and 2] that pertain to changes of domicile by foreign and domestic insurers.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Admission as domestic insurer — conversion to foreign insurer.** (1) An insurer organized under the laws of any other state and admitted to do business in this state for the purposes of writing insurance may become a domestic insurer by complying with all of the laws relative to the organization and licensing of a domestic insurer of the same type, designating its principal place of business in this state, and paying the filing fees specified in 33-2-708. An insurer complying with this subsection is entitled to a certificate of redomestication and a certificate of authority to transact business in this state, is subject to the authority and jurisdiction of this state, and has the same rights and obligations as other domestic insurers.

(2) A domestic insurer may, upon approval of the commissioner, transfer its domicile to any other state in which it is admitted to transact insurance. If the insurer is otherwise qualified, the commissioner shall approve a proposed transfer unless he determines a transfer is not in the

interest of the policyholders of this state. Upon a transfer, the insurer ceases to be a domestic insurer.

Section 2. **Effects of transfer of domicile.** The certificate of authority, producers' appointments and licenses, policy forms, rates, and other items that the commissioner allows, in his discretion, that are in existence at the time an insurer admitted to transact insurance in this state transfers its corporate domicile to this or any other state continue in full force and effect upon transfer if the insurer remains qualified to transact insurance in this state. All rates and outstanding policies of a transferring insurer remain in full force and effect, and policies need not be endorsed as to the new name of the company or its domicile unless required by the commissioner. A transferring insurer either shall file new policy forms for use in this state with the commissioner on or before the effective date of the transfer or may use existing policy forms with the appropriate endorsements, as allowed by the commissioner. A transferring insurer shall notify the commissioner of the proposed transfer and shall promptly file any resulting amendments to corporate documents required to be filed with the commissioner.

Section 3. **Authority to promulgate rules and regulations.** The commissioner may promulgate rules and regulations to carry out the purposes of [sections 1 and 2].

Section 4. **Codification instruction.** [Sections 1 through 3] are intended to be codified as an integral part of Title 33, chapter 2, and the provisions of Title 33, chapter 2, apply to [sections 1 through 3].

Section 5. **Effective date — retroactive applicability.** [This act] is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to January 1, 1991.

Approved March 20, 1991.

STATEMENT OF INTENT

A statement of intent is required for this bill because it is anticipated that promulgation of administrative rules will be necessary to implement this bill. This bill is proposed solely to bring Montana standards on licensing wholesale drug distributors into compliance with rules of the federal food and drug administration (FDA). Unless state law complies with FDA requirements by September 1992, federal law would prohibit the distribution of drugs by manufacturers and wholesalers in Montana. In adopting administrative rules, the department of commerce shall implement the federal Prescription Drug Marketing Act of 1987 as well as guidelines developed by the FDA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 37-7-201, MCA, is amended to read:

It is a misdemeanor for a person to refuse to permit or otherwise prevent the department from entering these places and making an inspection.

(f) regulate the practice of interns under national standards;

CHAPTER NO. 137

[SB 162]

AN ACT ELIMINATING THE REQUIREMENT THAT A COUNTY CLERK AND RECORDER AND A CLAIM LOCATOR PROVIDE THE DEPARTMENT OF STATE LANDS AND THE BOARD OF LAND COMMISSIONERS WITH A COPY OF EACH NOTICE OF CLAIM LOCATION; AND AMENDING SECTIONS 82-2-102 AND 82-4-332, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-2-102, MCA, is amended to read:

"**82-2-102. Record of certificate of location.** (1) Within 60 days after posting the notice of location, the locator shall record his location in the office of the county clerk of the county in which the mining claim is situated~~, and within 20 days thereafter, the county clerk shall provide a copy thereof to the department of state lands, Helena, Montana~~. The record shall consist of a certificate of location for each claim containing:

(a) the name of the lode or claim and whether located as a lode or placer claim;

(b) the name of the locator or locators, if there be more than one, together with the post-office address of such locator or locators;

(c) the date of location and the description of the claim, with reference to some natural object or permanent monument, as will identify the claim and the section, township, and range wherein the claim is situated by projected survey lines, if located in unsurveyed country;

(d) the directions and distances from the discovery point which describe the claim.

(2) The certificate of location must be verified before some officer authorized to administer oaths by the locator or one of the locators, if there be more than one, or by authorized agent. In the case of a corporation, the verification may be made by any officer thereof or by an authorized agent. When the verification is made by an agent, the fact of the agency shall be stated in the affidavit. A certificate of location so verified or a certified copy thereof is prima facie evidence of all facts properly recited therein. Failure of the locator or locators to record a certificate of location as herein required shall create a prima facie presumption of intent to abandon. However, recordation after the 60-day period but before the ground is located by another renews the location and saves the rights of the original locator. Nothing contained in 82-2-112 affects the prima facie presumption created by this section."

Section 2. Section 82-4-332, MCA, is amended to read:

"**82-4-332. Exploration license.** (1) An exploration license shall be issued to any applicant therefor who shall:

(a) pay a fee of $5 to the board;

(b) agree to reclaim any surface area damaged by the applicant during exploration operations, as may be reasonably required by the board;

(c) not be in default of any other reclamation obligation under this law.

(2) An application for an exploration license shall be made in writing, notarized, and submitted to the department in duplicate upon forms prepared and furnished by it. The application shall include an exploration map or sketch in sufficient detail to locate the area to be explored and to determine whether significant environmental problems would be encountered. The department shall by rule determine the precise nature of such exploration map or sketch. The applicant must state what type of prospecting and excavation techniques will be employed in disturbing the land.

(3) ~~Upon filing of any certificate of claim location as permitted by federal and state mining laws and regulations, the locator shall provide copies of the certificate to the board.~~

~~(4)~~ Prior to the issuance of an exploration license, the applicant shall file with the department a reclamation and revegetation bond in a form and amount as determined by the department in accordance with 82-4-338.

~~(5)~~*(4)* In the event that the holder of an exploration license desires to mine the area covered by the exploration license and has fulfilled all of the requirements for an operating permit, the department shall allow the postponement of the reclamation of the acreage explored if that acreage is incorporated into the complete reclamation plan submitted with the application for an operating permit. Any land actually affected by exploration or excavation under an exploration license and not covered by the operating reclamation plan shall be reclaimed within 2 years after the completion of exploration or abandonment of the site in a manner acceptable to the department."

Approved March 20, 1991.

CHAPTER NO. 138

[SB 167]

AN ACT REVISING CURRENT DEPOSIT DEADLINES FOR AGENCY AND EMPLOYER REMITTANCES OF CONTRIBUTIONS TO THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM; PROVIDING THAT DEPOSIT DEADLINES FOR CONTRIBUTION REMITTANCES TO RETIREMENT SYSTEMS BE SET BY THE RULES OF THE PUBLIC EMPLOYEES' RETIREMENT BOARD; ESTABLISHING IN THE JUDGES', HIGHWAY PATROL OFFICERS', SHERIFFS', GAME WARDENS', STATEWIDE POLICE OFFICERS', AND UNIFIED FIREFIGHTERS' RETIREMENT SYSTEMS PROVISIONS FOR EM-

PLOYER PAYMENT OF CONTRIBUTIONS, ACCOMPANYING REPORTS, AND PENALTIES THAT ARE SIMILAR TO THE PROVISIONS IN THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM; AMENDING SECTIONS 19-3-802 AND 19-3-804, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 1 through 3] grant to the public employees' retirement board the authority to adopt rules setting timeframes for agency payments into the retirement systems that the board administers and rules requiring reports.

(1) The legislature understands that capabilities for expediting deposits to the retirement systems are afforded by the increasing computer resources of both employers and the retirement systems.

(2) Therefore, it is the intent of the legislature that:

(a) contributions payable to the retirement systems administered by the board be paid within timeframes that are reasonable and cost-effective to contributors and the retirement systems;

(b) while expedited deposits can result in increased investment earnings for the retirement systems and the individual members of those systems, current contribution deadlines may not be shortened unless the resulting increase in investment income would help forestall increases in employer contribution rates required to actuarially fund the systems; and

(c) employers be responsible for providing accurate reports containing sufficient information to allow the board to both account for overall retirement system contributions and precisely record and credit membership service, monthly compensation, and membership contributions to individual member's accounts.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 19-3-802, MCA, is amended to read:

"**19-3-802. Payment of contributions by state agencies — accompanying reports — penalty.** (1) ~~No later than the 15th day of each month or 5 working days after payroll warrants have been issued for the last normal pay period of the previous month, whichever is later, the state auditor and~~ *At a time prescribed by the rules of the board,* each agency of the state ~~which is not paid through the state central payroll system~~ shall remit to the public employees' retirement system all contributions required of each employer and its employees under this chapter on the basis of compensation paid during the previous ~~month~~ *pay period,* including any contributions payable with respect to members absent in the armed forces of the United States. ~~These remittances shall be accompanied by such reports as the board requires.~~

(2) The board may collect payments delinquent under subsection (1) with an interest penalty at the rate of 9% a year or $10 a day, whichever is

greater, from the appropriation account of the reporting agency by submission of a claim to the state treasurer. The board may, in its discretion, waive the interest penalty.

(3) Employers shall submit reports of their covered payroll and contributions remitted as the board requires by rule."

Section 2. Section 19-3-804, MCA, is amended to read:

"**19-3-804. Payment of contributions by contracting employer — accompanying reports — penalty.** (1) ~~No later than the 15th day of each month~~ *At a time prescribed by the rules of the board,* each contracting employer shall remit to the public employees' retirement system all contributions required of the employer and its employees under this chapter on the basis of compensation paid during the previous ~~month~~ *pay period.* ~~These remittances shall be accompanied by such reports as are required by rules of the board.~~

(2) The board may collect payments delinquent under subsection (1) with an interest penalty at the rate of 9% a year or $10 a day, whichever is greater. The board may, in its discretion, waive the interest penalty. The collection may be made by either of the following means:

(a) by an action ~~therefor~~ in a court of competent jurisdiction against the employer;

(b) by deductions, at the request of the board, from any other money payable to the employer by any agency or fund of the state.

(3) Employers shall submit reports of their covered payroll and contributions remitted as the board requires by rule."

Section 3. **Payment of contributions by employers — accompanying reports — penalty.** (1) At a time prescribed by the rules of the board, each covered employer shall remit to the retirement system all contributions required of the employer and its employees under this chapter on the basis of compensation paid during the previous pay period, including any contributions payable with respect to members absent in the armed forces of the United States.

(2) The board may collect payments delinquent under subsection (1) with an interest penalty at the rate of 9% a year or $10 a day, whichever is greater. The collection may be made by either of the following means:

(a) by an action in a court of competent jurisdiction against the employer;

(b) by deductions, at the request of the board, from any other money payable to the employer by any agency or fund of the state.

(3) The board may waive the interest penalty.

(4) Employers shall submit reports of their covered payroll and contributions remitted as the board rules require.

Section 4. **Codification instruction.** [Section 3] is intended to be codified as an integral part of Title 19, chapter 5, part 4; Title 19, chapter 6, part 4; Title 19, chapter 7, part 4; Title 19, chapter 8, part 5; Title 19, chapter 9, part 7; and Title 19, chapter 13, part 6, and the provisions of Title 19, chapter 5, part 4; Title 19, chapter 6, part 4; Title 19, chapter 7, part 4; Title 19, chapter 8, part 5; Title 19, chapter 9, part 7; and Title 19, chapter 13, part 6, apply to [section 3].

Section 5. **Effective date.** [This act] is effective July 1, 1991.

Section 1. Section 2-18-702, MCA, is amended to read:

(5) If the *board of trustees of a school district implements a self-insured group health plan or the* board of regents implements an alternative to conventional insurance to provide group benefits to its employees, the board shall maintain the alternative plan on an actuarially sound basis."

CHAPTER NO. 140

[SB 181]

AN ACT TO EXTEND THE $25 PENALTY FOR FAILURE TO MAKE TIMELY RENTAL PAYMENTS TO ALL STATE LAND LEASES AND LICENSES NOT CURRENTLY SUBJECT TO THE PENALTY; AMENDING SECTION 77-6-506, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-6-506, MCA, is amended to read:

"**77-6-506. Date when rental due — penalty — cancellation for nonpayment.** (1) For grazing leases, the grazing portion of leases containing both agricultural and grazing land, and agricultural leases not based on a crop share, the rental for the first year of the lease shall be paid at or before the time of the execution of the lease; however, in the case of leases which take effect on and after October 1 and before the expiration of the coming February, both the rental for the fractional year and for the next full year beginning March 1 shall be paid and collected at the time of issuing the lease. If the United States is the lessee of state lands for grazing purposes, the rental shall be payable at the end of each year of the lease. The rental for each succeeding year on leases hereafter issued, with the exception of leases wherein the United States is the lessee, is due and payable before March 1. If the rental is not paid before March 1, a $25 penalty shall be imposed on the lessee. If the full rental and the $25 penalty are not paid by April 1, the entire lease is canceled.

(2) For agricultural leases and the agricultural portion of leases containing both grazing and agricultural land, when the rental is paid on a crop share basis or on a crop share/cash basis, the rental is due in cash on or before November 15 of the year in which the crop is harvested. If the rental is not paid on or before November 15 of the year of crop harvest, a $25 penalty shall be imposed on the lessee. If the full rental and the $25 penalty are not paid on or before December 31 of the year in which the crop is harvested, the entire lease is canceled. The department may extend the deadline in writing. If the lessee does not make the rental payment by the date of extension, the entire lease is canceled. Any rental payment made

after November 15 of the year in which the crop is harvested, including payment made after an extension of the deadline, must include the $25 penalty.

(3) For all state land leases and licenses other than those described in subsections (1) and (2), the department shall impose a $25 penalty for failure to make a rental payment by any deadline established by statute, rule, or in the lease or license.

~~(3)~~*(4)* At least 2 weeks prior to the final deadline for payment under subsection (1) or (2), the department shall send by certified mail to each lessee who has not made payment a letter notifying the lessee that the lease is canceled if payment and the $25 penalty are not received by the final deadline. The notice shall be sent to the lessee at the address given in the lease.

~~(4)~~*(5)* When a lease is canceled under subsection (1) or (2), the department shall notify the lessee of the cancellation by letter at the address given in the lease. The land is then open for lease to applicants.

~~(5)~~*(6)* The penalties collected pursuant to this section must be deposited into the same trust account as the rentals from the state land to which the penalties apply."

Section 2. **Applicability.** [This act] applies to state land lease and license payments due after December 31, 1991.

Approved March 20, 1991.

CHAPTER NO. 141

[SB 224]

AN ACT AMENDING THE LAWS RELATING TO ESTABLISHING AND FUNDING LOCAL AIR POLLUTION CONTROL PROGRAMS; CLARIFYING EXISTING AUTHORITY RELATING TO THE COLLECTION OF PERMIT FEES BY LOCAL AIR POLLUTION CONTROL PROGRAMS; CLARIFYING THE RELATIONSHIP BETWEEN THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES AND LOCAL AIR POLLUTION CONTROL PROGRAMS; RESTRICTING THE TYPES OF AIR POLLUTION SOURCES THAT MAY BE REGULATED BY A LOCAL AIR POLLUTION CONTROL PROGRAM; AMENDING SECTIONS 75-2-301 AND 75-2-302, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-2-301, MCA, is amended to read:

"**75-2-301. Local air pollution control programs.** (1) ~~A~~ *After public hearing, a* municipality or county may establish *and administer* a local air pollution control program ~~on being petitioned by 15% of the qualified electors in its jurisdiction and,~~ if the program is consistent with this chapter and is approved by the board. ~~after a public hearing conducted under 75-2-111, may thereafter administer in its jurisdiction the air pollution control program which:~~

~~(a) provides by ordinance or local law for requirements compatible with, more stringent, or more extensive than those imposed by 75-2-203, 75-2-212, and 75-2-402 and rules issued under these sections;~~

~~(b) provides for the enforcement of these requirements by appropriate administrative and judicial process; and~~

~~(c) provides for administrative organization, staff, financial, and other resources necessary to effectively and efficiently carry out its program.~~

(2) If a local air pollution control program established by a county encompasses all or part of a municipality, the county and each municipality shall approve the program in accordance with subsection (1).

(3) Except as provided in subsection (4), the board by order may approve a local air pollution control program that:

(a) provides by ordinance or local law for requirements compatible with, more stringent than, or more extensive than those imposed by 75-2-203, 75-2-204, 75-2-211, 75-2-212, 75-2-215, and 75-2-402 and rules adopted under these sections;

(b) provides for the enforcement of requirements established under subsection (3)(a) by appropriate administrative and judicial processes; and

(c) provides for administrative organization, staff, financial resources, and other resources necessary to effectively and efficiently carry out the program. As part of meeting these requirements, a local air pollution control program may administer the permit fee provisions of 75-2-211. The permit fees collected by a local air pollution control program must be deposited in a county special revenue fund to be used by the local air pollution control program for administration of permitting activities.

(4) Except for those emergency powers provided for in 75-2-402, the board may not delegate to a local air pollution control program the authority to control any air contaminant source that:

(a) requires the preparation of an environmental impact statement in accordance with Title 75, chapter 1, part 2;

(b) is subject to regulation under the Montana Major Facility Siting Act, as provided in Title 75, chapter 20; or

(c) has the potential to emit 250 tons per year or more of any pollutant subject to regulation under this chapter, including fugitive emissions, unless

the authority to control the source was delegated to a local air pollution control program prior to January 1, 1991.

~~(2)~~*(5)* If the board finds that the location, character, or extent of particular concentrations of population, air contaminant sources, or geographic, topographic, or meteorological considerations or any combination of these are such as to make impracticable the maintenance of appropriate levels of air quality without an areawide air pollution control program, the board may determine the boundaries within which the program is necessary and require it as the only acceptable alternative to direct state administration.

~~(3)~~*(6)* If the board has reason to believe that *any part of* an air pollution control program in force under this section is *either* inadequate to prevent and control air pollution in the jurisdiction to which the program relates or ~~that the program~~ is being administered in a manner inconsistent with this chapter, the board shall, on notice, conduct a hearing on the matter.

~~(4)~~*(7)* If, after the hearing, the board determines that *any part of* the program is inadequate to prevent and control air pollution in the jurisdiction to which it relates or that it is not accomplishing the purposes of this chapter, it shall require that necessary corrective measures be taken within a reasonable time, not to exceed 60 days.

~~(5)~~*(8)* If the jurisdiction fails to take these measures within the time required, the department shall administer within ~~such~~ *that* jurisdiction all of the provisions of this chapter, *including the terms contained in any applicable board order, that are necessary to correct the deficiencies found by the board.* The department's control program supersedes all municipal or county air pollution laws, rules, ordinances, and requirements in the affected jurisdiction. No charge may be assessed against the jurisdiction therefor. Findings made under this subsection may be either on the basis of the nature of the sources involved or on the basis of their relationship to the size of the communities in which they are located.

~~(7)~~*(10)* A jurisdiction in which the department administers *all or part of* its air pollution control program under subsection ~~(5)~~ *(8)* ~~of this section~~ may, with the approval of the board, establish or resume an air pollution control program ~~which~~ *that* meets the requirements of subsection ~~(1)~~ *(3)* ~~of this section~~.

[HB 266]

AN ACT TO REDEFINE THE TERM "PROSPECTING" IN THE MONTANA STRIP AND UNDERGROUND MINE RECLAMATION ACT TO CONFORM WITH FEDERAL REQUIREMENTS; AND AMENDING SECTION 82-4-203, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-203, MCA, is amended to read:

"**82-4-203. Definitions.** Unless the context requires otherwise, in this part the following definitions apply:

(1) "Abandoned" means an operation where no mineral is being produced and where the department determines that the operation will not continue or resume.

(2) "Alluvial valley floor" means the unconsolidated stream-laid deposits holding streams where water availability is sufficient for subirrigation or flood irrigation agricultural activities; but the term does not include upland areas which are generally overlain by a thin veneer of colluvial deposits composed chiefly of debris from sheet erosion, deposits by un-

concentrated runoff or slope wash, together with talus, other mass movement accumulation, and windblown deposits.

(3) "Aquifer" means any geologic formation or natural zone beneath the earth's surface that contains or stores water and transmits it from one point to another in quantities which permit or have the potential to permit economic development as a water source.

(4) "Area of land affected" means the area of land from which overburden is to be or has been removed and upon which the overburden is to be or has been deposited and includes all land overlying any tunnels, shafts, or other excavations used to extract the mineral, lands affected by the construction of new railroad loops and roads or the improvement or use of existing railroad loops and roads to gain access and to haul the mineral, processing facilities at or near the mine site or other mine associated facilities, waste deposition areas, treatment ponds, and any other surface or subsurface disturbance associated with strip mining or underground mining, and all activities necessary and incident to the reclamation of such operations.

(5) "Bench" means the ledge, shelf, table, or terrace formed in the contour method of strip mining.

(6) "Board" means the board of land commissioners provided for in Article X, section 4, of the constitution of this state.

(7) "Coal conservation plan" means the planned course of conduct of a strip- or underground-mining operation to include plans for the removal and utilization of minable and marketable coal located within the area planned to be mined.

(8) "Coal preparation" means the chemical or physical processing of coal and its cleaning, concentrating, or other processing or preparation. The term does not mean the conversion of coal to another energy form or to a gaseous or liquid hydrocarbon, except for incidental amounts that do not leave the plant, nor does the term mean processing for other than commercial purposes.

(9) "Coal preparation plant" means a commercial facility where coal is subject to coal preparation. The term includes commercial facilities associated with coal preparation activities but is not limited to loading buildings, water treatment facilities, water storage facilities, settling basins and impoundments, and coal processing and other waste disposal areas.

(10) "Commissioner" means the commissioner of state lands provided for in 2-15-3202.

(11) "Contour strip mining" means that strip-mining method commonly carried out in areas of rough and hilly topography in which the coal or mineral seam outcrops along the side of the slope and entrance is made to the seam by excavating a bench or table cut at and along the site of the seam outcropping with the excavated overburden commonly being cast down the slope below the mineral seam and the operating bench.

(12) "Degree" means from the horizontal and in each case is subject to a tolerance of 5% error.

(13) "Department" means the department of state lands provided for in Title 2, chapter 15, part 32.

(14) "Failure to conserve coal" means the nonremoval or nonutilization of minable and marketable coal by an operation, provided that the nonremoval or nonutilization of minable and marketable coal in accordance with reclamation standards established by the department shall not be considered failure to conserve coal.

(15) "Fill bench" means that portion of a bench or table which is formed by depositing overburden beyond or downslope from the cut section as formed in the contour method of strip mining.

(16) "Imminent danger to the health and safety of the public" means the existence of any condition or practice or any violation of a permit or other requirement of this part in a strip- or underground-coal-mining and reclamation operation that could reasonably be expected to cause substantial physical harm to persons outside the permit area before such condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not expose himself or herself to the danger during the time necessary for abatement.

(17) "Marketable coal" means a minable coal that is economically feasible to mine and is fit for sale in the usual course of trade.

(18) "Method of operation" means the method or manner by which the cut, open pit, shaft, or excavation is made, the overburden is placed or handled, water is controlled, and other acts are performed by the operator in the process of uncovering and removing the minerals that affect the reclamation of the area of land affected.

(19) "Minable coal" means that coal which can be removed through strip- or underground-mining methods adaptable to the location that coal is being mined or is planned to be mined.

(20) "Mineral" means coal and uranium.

(21) "Operation" means all of the premises, facilities, railroad loops, roads, and equipment used in the process of producing and removing mineral from and reclaiming a designated strip-mine or underground-mine area, including coal preparation plants, and all activities, including excavation incident thereto, or prospecting for the purpose of determining the location, quality, or quantity of a natural mineral deposit.

(22) "Operator" means a person engaged in strip mining or underground mining who removes or intends to remove more than 10,000 cubic yards of mineral or overburden or a person engaged in coal mining who removes or intends to remove more than 250 tons of coal from the earth by

mining within 12 consecutive calendar months in any one location or a person engaged in operating a coal preparation plant.

(23) "Overburden" means all of the earth and other materials which lie above a natural mineral deposit and also means such earth and other material after removal from their natural state in the process of mining.

(24) "Person" means a person, partnership, corporation, association, or other legal entity or any political subdivision or agency of the state or federal government.

(25) "Prime farmland" means that land previously prescribed by the United States secretary of agriculture on the basis of such factors as moisture availability, temperature regime, chemical balance, permeability, surface-layer composition, susceptibility to flooding, and erosion characteristics and which historically has been used for intensive agricultural purposes and as defined in the Federal Register.

(26) "Prospecting" means the removal of overburden, core drilling, construction of roads, or any other disturbance of the surface for the purpose of determining the location, quantity, or quality of a natural mineral deposit *and, on areas designated unsuitable for coal mining pursuant to 82-4-227 and 82-4-228, the gathering of surface or subsurface geologic, physical, or chemical data by mapping, trenching, geophysical, or other techniques necessary to determine the quality and quantity of overburden and coal in an area and the gathering of environmental data to establish the conditions of an area before beginning strip- or underground-coal-mining and reclamation operations under this part.*

(27) "Reclamation" means backfilling, subsidence stabilization, water control, grading, highwall reduction, topsoiling, planting, revegetation, and other work to restore an area of land affected by strip mining or underground mining under a plan approved by the department.

(28) "Remining" means conducting surface coal mining and reclamation operations that affect previously mined areas (for example, the recovery of additional mineral from existing gob or tailings piles).

(29) "Strip mining" means any part of the process followed in the production of mineral by the opencut method, including mining by the auger method or any similar method which penetrates a mineral deposit and removes mineral directly through a series of openings made by a machine which enters the deposit from a surface excavation or any other mining method or process in which the strata or overburden is removed or displaced in order to recover the mineral. For the purposes of this part only, strip mining also includes remining and coal preparation. The terms "remining" and "coal preparation" are not included in the definition of "strip mining" for purposes of Title 15, chapter 35, part 1.

(30) "Subsidence" means a vertically downward movement of overburden materials resulting from the actual mining of an underlying mineral deposit or associated underground excavations.

(31) "Surface owner" means a person who holds legal or equitable title to the land surface and whose principal place of residence is on the land or who personally conducts farming or ranching operations upon a farm or ranch unit to be directly affected by strip-mining operations or who receives directly a significant portion of his income, if any, from such farming or ranching operations or the state of Montana where the state owns the surface.

(32) "Topsoil" means the unconsolidated mineral matter naturally present on the surface of the earth that has been subjected to and influenced by genetic and environmental factors of parent material, climate, macro- and microorganisms, and topography, all acting over a period of time, and that is necessary for the growth and regeneration of vegetation on the surface of the earth.

(33) "Underground mining" means any part of the process followed in the production of a mineral such that vertical or horizontal shafts, slopes, drifts, or incline planes connected with excavations penetrating the mineral stratum or strata are utilized and includes mining by in situ methods.

(34) "Unwarranted failure to comply" means the failure of a permittee to prevent the occurrence of any violation of his permit or any requirement of this part due to indifference, lack of diligence, or lack of reasonable care, or the failure to abate any violation of such permit or this part due to indifference, lack of diligence, or lack of reasonable care.

(35) "Waiver" means any document which demonstrates the clear intention to release rights in the surface estate for the purpose of permitting the extraction of subsurface minerals by strip-mining methods.

(36) "Written consent" means such written statement as is executed by the owner of the surface estate, upon a form approved by the department, demonstrating that such owner consents to entry of an operator for the purpose of conducting strip-mining operations and that such consent is given only to such strip-mining and reclamation operations which fully comply with the terms and requirements of this part."

Approved March 25, 1991.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 11] grants the board of hearing aid dispensers authority to adopt rules consistent with the provisions of [sections 1 through 10].

It is specifically intended that, in adopting rules, the board define "related devices" to mean those parts, attachments, or accessories, as provided in 37-16-102, that are sold for use with a hearing aid by a licensed hearing aid dispenser. "Related devices" should include assistive listening devices and cordless infrared systems if sold by a hearing aid dispenser. However, the term "related device" should not include general merchandise items, such as hearing aid cleaners, cords, or batteries, that are commonly available at most drugstores, discount stores, or by mail order.

CHAPTER NO. 165

[SB 372]

AN ACT REQUIRING THAT CHILDREN ENTERING A PRESCHOOL OR LICENSED DAY-CARE FACILITY BE IMMUNIZED AGAINST MENINGITIS; AMENDING SECTIONS 20-5-403, 20-5-404, AND 52-2-735, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because it amends 52-2-735 to require the department of health and environmental sciences to adopt rules to require children under 5 years of age to be immunized against Haemophilus influenza type "b" before being admitted to a day-care center unless an exemption has been claimed as provided in 20-5-405.

It is the intent of the legislature that the department adopt rules similar to rules established for administration of the school immunization laws, Title 20, chapter 5, part 4.

Furthermore, it is intended that rules allow persons to claim a religious or medical exemption from the immunization requirements contained in 52-2-735 in the same manner as provided in 20-5-405.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-5-403, MCA, is amended to read:

"20-5-403. **Immunization required — release and acceptance of immunization records.** (1) The governing authority of any school other than a postsecondary school may not allow any person to commence attendance as a pupil unless the person:

(a) has been immunized against diphtheria, pertussis, tetanus, poliomyelitis, rubella, mumps, and measles (rubeola) in the manner and with immunizing agents approved by the department, except that pertussis vaccination is not required for a person 7 years of age or older;

(b) has been immunized against Haemophilus influenza type "b" before enrolling in a preschool if under 5 years of age;

~~(b)~~*(c)* qualifies for conditional attendance; or

~~(c)~~*(d)* files for an exemption.

(2) (a) The governing authority of a postsecondary school may not allow any person to commence attendance as a pupil unless the person:

(i) has been immunized against rubella and measles (rubeola) in the manner and with immunizing agents approved by the department; or

(ii) files for an exemption.

(b) The governing authority of a postsecondary school may impose immunization requirements as a condition of attendance that are more stringent than those required by this part.

(3) A pupil who transfers from one school district to another may photocopy immunization records in the possession of the school of origin. The school district to which a pupil transfers shall accept the photocopy as evidence of immunization. Within 30 days after a transferring pupil ceases attendance at the school of origin, the school shall send the original immunization records for the pupil to the school district to which the pupil transfers."

Section 2. Section 20-5-404, MCA, is amended to read:

"**20-5-404. Conditional attendance.** The governing authority of a school other than a postsecondary school may allow the commencement of attendance in school by a person who has not been immunized against each disease listed in 20-5-403 if that person has received one or more doses of polio, measles (rubeola), mumps, rubella, diphtheria, pertussis, *Haemophilus influenza type "b"*, and tetanus vaccine, except that pertussis vaccine is not required for a person 7 years of age or older *and Haemophilus influenza type "b" vaccine is required only for children under 5 years of age.*"

Section 3. Section 52-2-735, MCA, is amended to read:

"**52-2-735. Health protection — certification required.** (1) The department of health and environmental sciences shall adopt rules for the protection of children in day-care centers from the health hazards of inadequate food preparation, poor nutrition, and communicable diseases. *Rules adopted by the department must include rules requiring children under 5 years of age to be immunized against Haemophilus influenza type "b" before being admitted for care in the facility unless an exemption has been claimed as provided in 20-5-405.*

(2) Local public health authorities shall arrange to provide training to day-care center providers and employees regarding health hazards. Upon successful completion of the training the local public health authorities shall issue certificates to the providers and employees.

(3) In lieu of training, local public health authorities may elect to inspect facilities and issue certificates of approval to child-care center providers.

(4) Each applicant for a license to operate a day-care center shall submit to the department a certificate issued pursuant to subsection (2) or (3) before the department will issue a license.

(5) The local public health authority may charge the applicant a reasonable fee, not to exceed $25, for any inspection necessary to issue a certificate of approval, or a fee not to exceed the documented cost for training it provides under this section."

Section 4. **Effective dates.** (1) [Sections 1 and 2] are effective July 1, 1991.

(2) [Section 3 and this section] are effective on passage and approval, except that rules adopted by the department of health and environmental sciences may not be implemented prior to July 1, 1991.

Approved March 26, 1991.

CHAPTER NO. 166

[HB 83]

AN ACT AUTHORIZING THE TELEPHONIC ISSUANCE OF PERMITS FOR EXCESS SIZE AND WEIGHT; AND AMENDING SECTION 61-10-121, MCA.

STATEMENT OF INTENT

The house committee on highways and transportation has determined that a statement of intent is necessary for this bill. It is the intent of the legislature to provide the department of highways the means to facilitate the securing of oversize permits by the motor carrier industry. To that end, the department should issue permits telephonically regardless of whether the weigh stations are equipped with computers.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-121, MCA, is amended to read:

"**61-10-121. Permits for excess size and weight.** (1) ~~The~~ *Upon application and with good cause shown, the* department of highways and local authorities in their respective jurisdictions may ~~in their discretion, upon application in writing and with good cause shown,~~ issue *telephonically or in writing* a special permit ~~in writing~~ authorizing the applicant to operate or move a vehicle, combination of vehicles, load, object, or other thing of a size or weight exceeding the maximum specified in 61-10-101 through 61-10-110 upon a highway under the jurisdiction of and for the maintenance of which the body granting the permit is responsible. However, only the department ~~has the discretion to~~ *may* issue permits for movement of a vehicle or combination of vehicles carrying built-up or reducible loads in excess of 9 feet in width or exceeding the length, height, or weight specified in 61-10-101 through 61-10-110. This permit ~~shall~~ *must* be issued in the public interest. A carrier receiving this permit must have public liability and property damage insurance for the protection of the traveling public as a whole. A permit may not be issued for a period ~~of time~~ greater than the period for which the GVW license is valid ~~as provided in this title~~, including grace periods, ~~allowed by~~ *as provided in* this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit. The department may issue ~~oversize permits~~ to dealers in implements of husbandry and self-propelled machinery *oversize permits,* which may be transferred from unit to unit by the dealer, for the fee set forth in 61-10-124. These oversize permits may not restrict dealers in implements of husbandry and self-propelled machinery from traveling on a Saturday or Sunday~~. These oversize permits~~ *and* expire on December 31 of each year, with no grace period. For the purposes of this section, a dealer in implements of husbandry or self-propelled machinery must be a resident of the state. A post-office box number is not a permanent address under this section.

(2) The applicant for a special permit shall specifically describe the powered vehicle or towing vehicle and generally describe the type of vehicle, combination of vehicles, load, object, or other thing to be operated or moved and the particular state highways over which the vehicle, combination of vehicles, load, object, or other thing is to be moved and whether the permit is required for a single trip or for continuous operation."

Approved March 26, 1991.

(2) An agreement authorized under subsection (1) must be confined to emergency situations. The department is prohibited from entering into agreements with adjoining states or provinces that would result in an adjoining state or province performing routine maintenance on highways located in Montana.

"**15-7-201.** *(Applicable to ~~1991~~ 1993 land valuation schedules)* **Legislative intent — value of agricultural property.** (1) Since the market value of many agricultural properties is based upon speculative purchases which do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties shall be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land shall be classified according to its use, which classifications shall include but not be limited to irrigated use, nonirrigated use, and grazing use.

(3) Within each class, land shall be assessed at a value that is fairly based on its productive capacity.

(4) In computing the agricultural land valuation schedules to take effect on January 1, ~~1991~~ *1993*, or on the date that the revaluation cycle commencing January 2, 1986, takes effect pursuant to 15-7-111, the department of revenue shall determine the productive capacity value of all agricultural lands using the formula $V = I/R$ where:

(a) V is the per-acre productive capacity value of agricultural land in each land use and production category;

(b) I is the per-acre net income of agricultural land in each land use and production category and is to be determined by the department using the formula $I = (P - C) U$ where:

(i) I is the per-acre net income;

(ii) P is the per-unit price of the commodity being produced;

(iii) C is the per-unit production cost of the commodity being produced; and

Typical rental arrangements may be considered.

(b) production cost data reflecting average costs per unit of measure paid by Montana farmers and ranchers. Such data may be obtained from all geographical areas of the state. Such production costs may include costs relating to irrigation, fertilization, fuel, seed, weed control, hired labor, management, insurance, repairs and maintenance, and miscellaneous items. Variations in specific production cost data, when affected by different levels of production, and typical rental arrangements may be considered.

(7) The department shall appoint an advisory committee of persons knowledgeable in agriculture and agricultural economics to review the data prepared by Montana state university and advise the department on the implementation of subsections (2) through (6). The advisory committee shall include one member of the Montana state university staff.

(8) Net income shall be determined separately for lands in irrigated use, nonirrigated use, and grazing use and shall be calculated for each use and production level according to the provisions of subsections (4) through (7).

(9) The capitalization rate shall be calculated for each year of the base period and is the annual average interest rate on agricultural loans as reported by the federal land bank association of Spokane, Washington, plus the effective tax rate in Montana.

(10) The effective tax rate shall be calculated by the department for each year of the base period by dividing the total estimated tax due on agricultural land in the state by the total productive capacity value of agricultural land in the state."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-5-523, MCA, is amended to read:

"41-5-523. *(Temporary)* **Disposition of delinquent youth and youth in need of supervision.** (1) If a youth is found to be delinquent or in need of supervision, the youth court may enter its judgment making any of the following dispositions:

(a) place the youth on probation;

(b) commit the youth to the department if the court determines that the youth is in need of placement in other than the youth's own home; provided, however, that:

(i) in the case of a youth in need of supervision, the court shall determine whether continuation in the home would be contrary to the welfare of the youth and whether reasonable efforts have been made to prevent or eliminate the need for removal of the youth from his home. The court shall include such determination in the order committing the youth to the department.

(ii) in the case of a delinquent youth who is determined by the court to be a serious juvenile offender, the judge may specify that the youth be placed in a youth correctional facility if the judge finds that such placement is necessary for the protection of the public;

(c) order restitution by the youth or his parents;

(d) impose a fine as authorized by law if the violation alleged would constitute a criminal offense if committed by an adult;

(e) require the performance of community service;

(f) require the youth, his parents, his guardians, or the persons having legal custody of the youth to receive counseling services;

(g) require the medical and psychological evaluation of the youth, his parents, his guardians, or the persons having legal custody of the youth;

(h) require the parents, guardians, or other persons having legal custody of the youth to furnish such services as the court may designate;

Only the department may, pursuant to subsection (1)(b), place a youth in a residential treatment facility.

(j) commit the youth to a mental health facility if, based upon the testimony of a professional person as defined in 53-21-102, the court finds that the youth is seriously mentally ill as defined in 53-21-102. The youth is entitled to all rights provided by 53-21-114 through 53-21-119. Upon release or discharge from the mental health facility, the youth must be returned to the court for further disposition in accordance with this section unless the court order has expired or the court no longer retains jurisdiction under 41-5-205.

(2) When a youth is committed to the department, the department shall determine the appropriate placement and rehabilitation program for the youth after considering the recommendations made under 41-5-527 by the youth placement committee. Placement is subject to the following limitations:

(a) A youth in need of supervision may not be placed in a youth correctional facility.

(b) A youth may not be held in a youth correctional facility for a period of time in excess of the maximum period of imprisonment that could be imposed on an adult convicted of the offense or offenses that brought the youth under the jurisdiction of the youth court. (c) No youth may be placed in or transferred to a penal institution or other facility used for the execution of sentence of adults convicted of crimes.

(3) A youth placed by the department in a youth correctional facility must be supervised by the department. A youth placed in any other placement must be supervised by the youth probation officer of the youth court having jurisdiction over the youth.

(4) At any time after the youth has been taken into custody, the court may, with the consent of the youth in the manner provided in 41-5-303 for consent by a youth to a waiver of his constitutional rights or after the youth has been adjudicated delinquent or in need of supervision, order the youth to be evaluated by the department for a period not to exceed 45 days. The department shall determine the place and manner of evaluation.

(5) No evaluation of a youth may be performed at the Montana state hospital unless such youth is transferred to the district court under 41-5-206.

(6) Any order of the court may be modified at any time. In the case of a youth committed to the department, an order pertaining to the youth may be modified only upon notice to the department and subsequent hearing.

(7) Whenever the court commits a youth to the department, it must transmit with the dispositional judgment copies of a medical report and such other clinical, predisposition, or other reports and information pertinent to the care and treatment of the youth.

41-5-523. *(Effective July 1, 1991)* **Disposition of delinquent youth and youth in need of supervision.** (1) If a youth is found to be delinquent or in need of supervision, the youth court may enter its judgment making any of the following dispositions:

(a) place the youth on probation;

(b) commit the youth to the department if the court determines that the youth is in need of placement in other than the youth's own home; provided, however, that:

(i) in the case of a youth in need of supervision, the court shall determine whether continuation in the home would be contrary to the welfare of the youth and whether reasonable efforts have been made to prevent or eliminate the need for removal of the youth from his home. The court shall include such determination in the order committing the youth to the department.

(ii) in the case of a delinquent youth who is determined by the court to be a serious juvenile offender, the judge may specify that the youth be placed in a *state* youth correctional facility if the judge finds that such placement is necessary for the protection of the public;

(d) impose a fine as authorized by law if the violation alleged would constitute a criminal offense if committed by an adult;

(e) require the performance of community service;

(f) require the youth, his parents, his guardians, or the persons having legal custody of the youth to receive counseling services;

(g) require the medical and psychological evaluation of the youth, his parents, his guardians, or the persons having legal custody of the youth;

(h) require the parents, guardians, or other persons having legal custody of the youth to furnish such services as the court may designate;

(i) order such further care, treatment, evaluation, or relief that the court considers beneficial to the youth and the community and that does not obligate funding from the department without the department's approval, except that a youth may not be placed by a youth court in a residential treatment facility as defined in 50-5-101. Only the department may, pursuant to subsection (1)(b), place a youth in a residential treatment facility.

(j) commit the youth to a mental health facility if, based upon the testimony of a professional person as defined in 53-21-102, the court finds that the youth is seriously mentally ill as defined in 53-21-102. The youth is entitled to all rights provided by 53-21-114 through 53-21-119. Upon release or discharge from the mental health facility, the youth must be returned to the court for further disposition in accordance with this section unless the court order has expired or the court no longer retains jurisdiction under 41-5-205.

(2) When a youth is committed to the department, the department shall determine the appropriate placement and rehabilitation program for the youth after considering the recommendations made under 41-5-527 by the youth placement committee. Placement is subject to the following limitations:

(a) A youth in need of supervision may not be placed in a *state* youth correctional facility.

(b) A youth may not be held in a *state* youth correctional facility for a period of time in excess of the maximum period of imprisonment that could be imposed on an adult convicted of the offense or offenses that brought the youth under the jurisdiction of the youth court. (c) No youth may be placed in or transferred to a penal institution or other facility used for the execution of sentence of adults convicted of crimes.

(3) A youth placed by the department in a *state* youth correctional facility must be supervised by the department. A youth placed in any other placement must be supervised by the youth probation officer of the youth court having jurisdiction over the youth *whether or not the youth is committed to the department. Supervision by the youth probation officer includes but is not limited to:*

(a) submitting information and documentation necessary for the person, committee, or team that is making the placement recommendation to determine an appropriate placement for the youth;

(b) securing approval for payment of special education costs from the youth's school district of residence or the office of public instruction, as required in Title 20, chapter 7, part 4;

(c) submitting an application to a facility in which the youth may be placed; and

(d) case management of the youth.

(4) At any time after the youth has been taken into custody and before final disposition, the court may, with the consent of the youth in the manner provided in 41-5-303 for consent by a youth to a waiver of his constitutional rights or after the youth has been adjudicated delinquent or in need of supervision, order the youth to be evaluated for a period not to exceed 45 days. The county commissioners are responsible for the cost of the evaluation and may contract with the department or other public or private agencies to obtain evaluation services.

(5) No evaluation of a youth may be performed at the Montana state hospital unless such youth is transferred to the district court under 41-5-206.

(6) Any order of the court may be modified at any time. In the case of a youth committed to the department, an order pertaining to the youth may be modified only upon notice to the department and subsequent hearing.

(7) Whenever the court commits a youth to the department, it must transmit with the dispositional judgment copies of a medical report and such other clinical, predisposition, or other reports and information pertinent to the care and treatment of the youth."

CHAPTER NO. 209

[HB 537]

AN ACT CREATING A DROUGHT ADVISORY COMMITTEE; DEFINING THE COMMITTEE'S RESPONSIBILITIES; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Drought advisory committee.** (1) There is a drought advisory committee allocated to the department of natural resources and conservation for administrative purposes only as provided in 2-15-121.

(2) The drought advisory committee is chaired by a representative of the governor and consists of representatives of the departments of natural resources and conservation; agriculture; commerce; fish, wildlife, and parks; military affairs; health and environmental sciences; state lands; and livestock. The governor's representative must be appointed by the governor, and the representative of each department must be appointed by the head of that department. Additional, nonvoting members who represent drought-affected federal and local government agencies and public and private interests may also be appointed by the governor.

(3) The drought advisory committee shall:

(a) with the approval of the governor, develop and implement a state drought plan;

(b) review and report drought monitoring information to the public;

(c) coordinate timely drought impact assessments;

(d) identify areas of the state with a high probability of drought and target reporting and assistance efforts to those areas;

(e) upon request, assist in organizing local drought advisory committees for the areas identified under subsection (3)(d);

(f) request state agency staff to provide technical assistance to local drought advisory committees; and

(g) promote ideas and activities for groups and individuals to consider that may reduce drought vulnerability.

(4) The department of natural resources and conservation shall provide staff assistance to the drought advisory committee.

(5) The drought advisory committee shall meet, at a minimum, on or around the 15th day of the months of October and February of each year to assess moisture conditions and, as appropriate, begin preparations for drought mitigation.

(6) By March 15th of each year, the drought advisory committee shall submit a report to the governor describing the potential for drought in the coming year. If the potential for drought merits additional activity by the drought advisory committee, the report must also describe:

(a) activities to be taken by the drought advisory committee for informing the public about the potential for drought;

(b) a schedule for completing activities;

(c) geographic areas for which the creation of local drought advisory committees will be suggested to local governments and citizens; and

(d) requests for the use of any available state resources that may be necessary to prevent or minimize drought impacts.

(7) Nothing in this section is intended to remove or interfere with the duties and responsibilities of the governor or the division of disaster and emergency services for disaster coordination and emergency response, as provided in Title 10, chapter 3, part 1. The duties and responsibilities of the drought advisory committee supplement and are consistent with those of the division of disaster and emergency services for drought planning, preparation, coordination, and mitigation.

Section 2. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 2, chapter 15, part 33, and the provisions of Title 2, chapter 15, part 33, apply to [section 1].

CHAPTER NO. 210

[HB 610]

AN ACT CLARIFYING THE AUTHORITY OF THE PUBLIC SERVICE COMMISSION TO APPROVE THE IMPLEMENTATION OF ALTERNATIVE FORMS OF REGULATION BY PROVIDERS OF REGULATED TELECOMMUNICATIONS SERVICES; AUTHORIZING THE COMMISSION TO PERMIT CERTAIN DETARIFFING; PROVIDING THE MANNER OF OFFERING AND WITHDRAWING SERVICES; AUTHORIZING PROVIDERS TO OFFER PROMOTIONAL REBATES; AMENDING SECTIONS 69-3-305, 69-3-802, 69-3-807, AND 69-3-808, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Montana Telecommunications Act, which recognizes and encourages competition in the telecommunications industry to the extent consistent with maintaining universal telephone service, was intended to serve as a bridge between a regulated telecommunications industry and a fully competitive market environment; and

WHEREAS, rapid technological and market changes within the telecommunications industry have prompted regulators nationwide to reexamine traditional regulation and adopt alternative regulatory systems; and

WHEREAS, although the intent of the Montana Telecommunications Act was to allow substantial flexibility to the Public Service Commission, the extent of the Commission's authority to implement alternative forms of regulation is uncertain and enactment of this legislation will clarify the Public Service Commission's authority.

STATEMENT OF INTENT

A statement of intent is necessary for this bill because [section 8] grants the public service commission general rulemaking authority and [section 6] grants the commission authority to adopt rules relating to the appropriate scope of promotions, rebates, and market trials. The legislature intends that if rules are adopted by the commission, the rules should permit reasonable flexibility to providers of regulated telecommunications services in the marketing of their services.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-3-802, MCA, is amended to read:

"69-3-802. **Purpose.** The legislature declares that it remains the policy of the state of Montana to maintain universal availability of basic telecommunications service at affordable rates. To the extent that it is consistent with maintaining universal service, it is further the policy of this state to encourage competition in the telecommunications industry, thereby allowing access by the public to resulting rapid advances in telecommunications technology. It is the purpose of this part to provide a regulatory framework that will allow an orderly transition from a regulated telecommunications industry to a competitive market environment, *and it is further the purpose of this part to clarify that the commission has authority to implement alternative forms of regulation for providers of regulated telecommunications services.*"

Section 2. **Alternative forms of regulation.** (1) The commission may authorize a provider of regulated telecommunication services, as defined in 69-3-803, to implement alternatives to the ratemaking practices required under parts 2, 3, and 9 of this chapter, including but not limited to price caps and equitable sharing of earnings or revenues between a provider of regulated telecommunications services and its customers.

(2) A provider of regulated telecommunications services may petition the commission to regulate the provider under an alternative form of regulation. The provider shall submit its plan for an alternative form of regulation with its petition. The commission's order on the petition must be issued no later than 9 months after the filing of the petition. The commission shall review and may authorize implementation of the plan if it finds, after notice and hearing, that the plan:

(a) will not degrade the quality of or the availability of efficient telecommunications services;

(b) will produce fair, just, and reasonable rates for telecommunications services;

(c) will not unduly or unreasonably prejudice or disadvantage a customer class;

(d) will reduce regulatory delay and costs;

(e) is in the public interest;

(f) will enhance economic development in the state;

(g) will result in the improvement of the telephone infrastructure in the state; and

(h) conforms to the purpose stated in 69-3-802 more nearly than regulation under part 2, 3, or 9 of this chapter conforms to the stated purpose.

(3) If the commission determines that the plan does not satisfy the requirements of this section, it may either reject the petition or issue a proposed order modifying the plan as submitted by the provider.

(4) A proposed order modifying the plan submitted by a provider of regulated telecommunications service may not be final until 60 days after issuance. During that 60-day period, the provider may withdraw its petition for alternative regulation or the consumer counsel may object to the proposed order. If a petition for alternative regulation is withdrawn or the consumer counsel objects to the proposed order, the provider:

(a) remains subject to the same regulation that applied when the petition was filed; and

(b) may petition the commission to be regulated under a revised alternative plan.

(5) Upon petition or upon its own motion, the commission may rescind its approval or amend an alternative form of regulation if, after notice and hearing, it finds that the conditions in subsection (2) are no longer satisfied.

(6) Nothing contained in this section may be construed as limiting or otherwise affecting the commission's authority to conduct investigations or hear complaints as provided in part 3 of this chapter.

Section 3. Section 69-3-807, MCA, is amended to read:

"**69-3-807. Regulation of rates and charges.** (1) As to ~~that~~ telecommunications service ~~which~~ *that* is provided under regulation, the commission may establish specific rates, tariffs, or fares for the provision of ~~such~~ *the* service to the public. The rates, tariffs, or fares must be just, reasonable, and nondiscriminatory.

(2) Alternatively, the commission may authorize the provision of regulated telecommunications service under ~~such~~ terms and conditions ~~as may~~ *that* best serve the declared policy of this state. *For a service detariffed under this subsection, the provider shall maintain a current price list on file with the commission and shall provide notice of changes in the price list as prescribed by the commission.* The commission is not required to fix and determine specific rates, tariffs, or fares for the service and in lieu thereof may:

(a) totally detariff the service;

(b) detariff rates for the service but retain tariffs for service standards and requirements;

~~(c) detariff rates but require notice of price changes to the commission and subscribers;~~

~~(d)~~*(c)* establish only maximum rates, only minimum rates, or permissible price ranges as long as the minimum rate is cost compensatory; or

~~(e)~~*(d)* provide such other rate or service regulation as will promote the purposes of this part.

(3) ~~In~~ *Except as provided in subsection (4), in* determining applications under subsection (2), the commission shall consider the following factors:

(a) the number, size, and distribution of alternative providers of service;

(b) the extent to which services are available from alternative providers in the relevant market;

(c) the ability of alternative providers to make functionally equivalent or substitute services readily available;

(d) the overall impact of the proposed terms and conditions on the continued availability of existing services at just and reasonable rates; and

(e) ~~such~~ other factors ~~as~~ *that* the commission may prescribe through rulemaking ~~which~~ *that* are appropriate to fulfill the purposes of this part.

(4) ~~Nothing in this section shall authorize the application of subsection (2) to any services for which there are no alternative providers of such services~~ *Notwithstanding the provisions of subsection (3), the commission may exercise its power under subsection (2)(c) with respect to any services of a telecommunications provider if the commission finds that action consistent with the provisions of 69-3-802 and with the public interest. Noncompetitive local exchange access to end-users and carrier access services may not be detariffed.*

(5) A provider of regulated message telecommunications service and related services shall average its service rates on its routes of similar distance within the state unless otherwise authorized by the commission. Nothing contained in this subsection may be construed to prohibit volume discounts, discounts in promotional offerings, or other discounts as long as the discounts are not offered in a discriminatory manner.

~~(5)~~*(6)* All providers of comparable regulated telecommunications services within a market area must be subject to the same standards of regulation. For purposes of this section, regulated telecommunications services are comparable to the extent alternative providers can make functionally equivalent substitutes or substitute services readily available."

Section 4. Section 69-3-808, MCA, is amended to read:

"**69-3-808. Forbearance of rate regulation to facilitate competition.** (1) In accordance with the provisions of this section, the commission shall forbear regulation as to rates, tariffs, fares, or charges to facilitate competition and shall authorize the provision of all or any portion of regulated telecommunications service under stated or negotiated terms to any person or entity that has acquired or is contemplating acquisition of, through construction, lease, or any other form of acquisition, similar telecommunications service from an alternative source.

(2) At any time, the provider of regulated telecommunications service may file a verified application with the commission for forbearance of regulation to facilitate competition. The application ~~shall~~ *must* describe the telecommunications service to be offered, the customer to be served, and the party or parties offering similar service, together with ~~such~~ other

information and in ~~such~~ *a* form ~~as~~ *that* the commission may prescribe. ~~Such~~ *The* additional information must be reasonably related to the determination of the existence of an alternative offer but may not require information relating to the cost of providing ~~such~~ *the* service.

(3) The commission shall approve or deny ~~any such~~ *an* application for forbearance of regulation to facilitate competition within ~~10~~ *15* days after the filing of the application~~, except that the commission may by order defer action for an additional 5-day period~~. If the commission has not acted on ~~any~~ *an* application within the permitted time period, the application is considered granted. The commission shall deny the application only upon a finding that the application is incomplete or that the subject or similar service is not being offered to the customer by parties other than the applicant. *If a customer or potential customer of the provider seeking forbearance requests a quotation of prices from another provider of telecommunications service having tariffs or price lists for similar services on file with the commission, the commission may presume the existence of competition.*

(4) The provisions of 2-4-601, relating to notice and hearing, do not apply to this section.

(5) Upon approval of the application, the provider of telecommunications service may negotiate with ~~such~~ *a* person or *an* entity for the provision of ~~such~~ *the* service without regard to its tariffs *or price lists* on file ~~and approved by~~ *with* the commission.

(6) Within 10 days after the conclusion of ~~such~~ *the* negotiations, the provider of regulated telecommunications service shall file with the commission the final contract or other evidence of the service to be provided, together with the charges and other conditions of the service. Thereafter, *for the term of the contract,* the provider of regulated telecommunications service may provide ~~such~~ *the* service to the customer without regard to its tariffs *or price lists* on file ~~and approved by~~ *with* the commission.

(7) Services provided pursuant to subsection (1) remain subject to the regulatory powers of the commission."

Section 5. **New service — withdrawal of services.** (1) A provider of regulated telecommunications service shall provide notice, in the form prescribed by the commission, of its intent to offer a new service to its customers. The notice must include a description of the service, a minimum price, and the terms and conditions under which it will be offered. At the end of a 10-day comment period for interested parties, the commission may immediately approve, suspend, or disapprove the new service offering or it may allow the interim introduction of the service pending a hearing at a later date. If the commission has not acted at the end of 30 days following issuance of notice, the provider may proceed to offer the service.

(2) A new service may be offered on a detariffed basis. A price list containing the price of the new service must be filed with the commission at the time the service is offered to the public.

(3) For purposes of this section, "new service" means any service that is introduced separately or in combination with other services and that is not functionally required to provide local exchange service or that is not a repackaged current service or a direct replacement for a regulated telecommunications service.

(4) A provider of regulated telecommunications service may withdraw a service upon 30 days' notice to the commission and to the users of the service. The commission may, however, suspend the withdrawal of the service, either on its own motion or at the request of an interested person, and shall then proceed to hearing.

Section 6. Section 69-3-305, MCA, is amended to read:

"**69-3-305. Deviations from scheduled rates, tolls, and charges.** (1) ~~It shall be unlawful for any~~ *A* public utility ~~to~~ *may not*:

(a) charge, demand, collect, or receive a greater or less compensation for ~~any~~ *a* utility service performed by it within the state or for any service in connection ~~therewith~~ *with a utility service* than is specified in ~~such~~ *the* printed schedules, including schedules of joint rates, ~~as~~ *that* may at the time be in force;

(b) demand, collect, or receive ~~any~~ *a* rate, toll, or charge not specified in ~~such~~ *the* schedules; or

(c) grant ~~any~~ *a* rebate, concession, or special privilege to ~~any~~ *a* consumer or user~~, which~~ *that*, directly or indirectly, shall or may have the effect of changing the rates, tolls, charges, or payments.

(2) The rates, tolls, and charges named ~~therein shall be~~ *in the printed schedules are* the lawful rates, tolls, and charges until the ~~same~~ *rates, tolls, and charges* are changed, as provided in this chapter.

(3) The commission may order refunds or credits of rates, tolls, or charges collected in violation of this section and may ~~in its discretion~~ order payment of interest at a reasonable rate on the refunded amount.

(4) *The provisions of this section do not prohibit the sharing of profits or revenues with customers in conjunction with an alternative form of regulation approved under [section 2]. Additionally, a provider of regulated telecommunications service may offer, for a limited period of time, either rebates or reductions or waivers of installation charges in conjunction with promotions, market trials, or other sales-related activities that are common business practices. Promotional pricing of services that remain fully tariffed requires advance approval of the commission. No promotional offering may combine monopoly services with competitive services. The commission may define the appropriate scope of promotions, rebates, and market trials, either by rule or in response to complaints. The commission may determine whether a particular sales activity under this subsection is unfairly discriminatory or is not cost-effective. Costs and expenses incurred or revenue foregone with respect to sales activities that the commission determines are unfairly dis-*

criminatory or not cost-effective are the responsibility of the provider's shareholders in rates set by the commission.

(5) A public utility violating the provisions of this section is subject to the penalty prescribed in 69-3-206. This, however, does not have the effect of suspending, rescinding, invalidating, or in any way affecting existing contracts."

Section 7. **Costs for services provided — jurisdiction over complaints.** (1) Prices charged for a regulated telecommunications service must be above relevant costs unless otherwise ordered by the commission. If the commission determines that a price is below relevant costs, it may ensure that shareholders and not ratepayers are responsible for any relevant costs not recovered through prices.

(2) With regard to competitive services, the term "relevant costs" includes the price for any components that are used by the telecommunications provider and that would be essential for alternative providers to use in providing the competitive services pursuant to commission-approved methodology.

(3) The commission has jurisdiction to consider complaints and initiate investigations to determine whether the price charged by a provider of regulated telecommunications service is above relevant costs. The commission may also consider complaints that a pricing or promotional practice violates any provision of this title.

Section 8. **Rulemaking authority.** The commission may adopt rules to implement this part.

Section 9. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. **Codification instruction.** (1) [Sections 2, 5, and 7] are intended to be codified as an integral part of Title 69, chapter 3, part 8, and the provisions of Title 69, chapter 3, part 8, apply to [sections 2, 5, and 7].

(2) [Section 8] is intended to be codified as an integral part of Title 69, chapter 3, part 3, and the provisions of Title 69, chapter 3, part 3, apply to [section 3].

Section 11. **Effective date.** [This act] is effective on passage and approval.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Election to purchase additional service.** (1) Except as provided in subsection (6), at any time before retirement, a member may make a written election with the board to purchase 1 additional year of service for every 5 years of creditable service.

(2) Service purchased under this section must be credited for the purpose of meeting retirement eligibility and for calculating retirement benefits.

(3) To qualify this service, a member shall:

(a) make a written election with the board to qualify the service; and

(b) contribute to the retirement fund the actuarial cost of granting the service in the sheriffs' retirement system, as determined by the board, based on:

(i) the member's compensation for the 12 months immediately preceding the date of his election to cover the service under the sheriffs' retirement system; and

(ii) the total contribution rate in effect at the time the service is purchased.

(4) Contributions to qualify service under this section may be made in a lump-sum payment or in installments as agreed upon by the member and the board. Payments must be completed prior to retirement.

(5) Service qualified under this section may not be:

(a) credited in any other retirement system under Title 19; or

(b) used to qualify for the purchase of military service under 19-7-310.

(6) The combined total of additional years of service purchased under the provisions of 19-7-310 and this section may not exceed 5 years.

Section 2. Section 19-7-310, MCA, is amended to read:

To qualify military service, he must contribute to the account the actuarial cost of granting the service, to be determined by the board based on his compensation and normal contribution rate as of his 16th year and as many succeeding years as are required to qualify this service, plus accrued interest. Interest accrues from the date on which the member has completed the number of service years in excess of 15 needed to qualify the military service to the date he contributes. He may not qualify more of his military service than he has service in the sheriffs' retirement system in excess of 15 years. Military service purchased under this section may not be used in determining eligibility for a service retirement.

(2) If a member has retired from active duty in the armed forces of the United States with normal service retirement benefits, he may not qualify his military service under subsection (1). However, a member who is serving or has served in the military reserves with the expectation of receiving a military service pension may qualify his active military service under subsection (1) if his active duty in the armed forces of the United States is not more than 25% of the total of all his years of military service, including reserve and active duty time.

CHAPTER NO. 222

[HB 160]

AN ACT ESTABLISHING A SOLID WASTE REDUCTION TARGET; ESTABLISHING INTEGRATED WASTE MANAGEMENT PRIORITIES; ESTABLISHING A STATE GOVERNMENT SOURCE REDUCTION AND RECYCLING PROGRAM; DIRECTING THE DEPARTMENT OF ADMINISTRATION TO DEVELOP PROCUREMENT GUIDELINES FOR RECYCLED MATERIALS; AUTHORIZING THE PREPARATION OF A STATE SOLID WASTE MANAGEMENT PLAN; AND AMENDING SECTION 75-10-104, MCA.

STATEMENT OF INTENT

A statement of intent is required for this bill because the department of health and environmental sciences will need to promulgate rules in order to implement this bill. It is the intent of the legislature that these regulations reflect an emphasis on integrated waste management and achieving the 25% waste reduction goal by 1996. In addition, the regulations must be designed to protect the public health, safety, and welfare and the environment. It is also the intent of the legislature that state government assume a leadership role in the development and implementation of source reduction and recycling programs and in the establishment of markets for the purchase and use of recyclable materials.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 7] may be cited as the "Montana Integrated Waste Management Act".

Section 2. **Definitions.** As used in [sections 1 through 7], the following definitions apply:

(1) "Composting" means the controlled biological decomposition of organic matter into humus.

(2) "Department" means the department of health and environmental sciences provided for in 2-15-2101.

(6) "Special waste" means solid waste that has unique handling, transportation, or disposal requirements to ensure protection of the public health, safety, and welfare and the environment.

(7) "Waste reduction" means practices that decrease the weight, volume, or toxicity of material entering the solid waste management stream after consumer or commercial use but prior to incineration or disposal.

Section 3. **Solid waste reduction target.** It is the goal of the state, by January 1, 1996, to reduce by at least 25% the volume of solid waste that is either disposed of in a landfill or incinerated.

Section 4. **Integrated waste management priorities.** It is the policy of the state to plan for and implement an integrated approach to solid waste management, which must be based upon the following order of priority:

(1) reduction of waste generated at the source;

(2) reuse of waste;

(3) recycling of waste;

(4) composting of biodegradable waste; and

(5) landfill disposal or incineration.

Section 5. **State government source reduction and recycling program.** (1) In order to progress toward achieving the waste reduction target identified in [section 3], each state agency, the legislature, and the university system shall:

(a) prepare a source reduction and recycling plan by January 1, 1992, to reduce the solid waste generated by state government. This plan must be submitted to the department and must include, at a minimum, provisions for the composting of yard wastes and the recycling of office and computer paper, cardboard, used motor oil, and other materials produced by the state for which recycling markets exist or may be developed.

(b) establish and implement a source reduction and recycling program by July 1, 1992; and

(c) apply computer technology to reduce the generation of waste paper through:

(i) the use of electronic bulletin boards;

(ii) the transfer of information in electronic rather than paper form; and

(iii) other applications of computer technology.

(2) The plan must be evaluated every 5 years and updated as necessary.

Section 6. **State government procurement of recycled supplies and materials.** (1) The department of administration shall write purchasing specifications that incorporate requirements for the purchase of materials and supplies made from recycled materials if the use is technologically practical and reasonably cost-effective. By January 1, 1992, these requirements must be incorporated into the purchase of:

(a) paper and paper products;

(b) plastic and plastic products;

(c) glass and glass products;

(d) automobile and truck tires;

(e) motor oil and lubricants; and

(f) other materials and supplies as determined by the department of administration.

(2) It is the goal of the state that by January 1, 1996, 95% of the paper and paper products used by state agencies, universities, and the legislature must be made from recycled material that maximizes postconsumer material content.

(3) Prior to January 1, 1996, the state shall, to the maximum extent possible, purchase for use by state agencies paper and paper products that contain postconsumer material rather than new material.

(4) To the extent practical, guidelines for the recycled material content of paper should be consistent with nationwide standards for recycled paper.

(5) The department and the department of administration shall establish a joint recycling market development task force. Task force membership must include but is not limited to representatives of the recycling industry, wholesalers, state agencies, and citizen and environmental organizations, as well as other interested persons. The task force shall:

(a) assist the department of administration in developing purchasing specifications as required in subsection (1);

(b) develop additional mechanisms for state government to develop markets for recycled materials;

(c) identify procurement barriers that discriminate against the purchase of supplies and products that contain recycled material; and

(d) develop recommendations for an informational program designed to educate state employees on how to reduce waste and recycle in the workplace.

Section 7. **Requirement to prepare and implement state solid waste management plan.** (1) As a basis for developing an integrated waste management program and ensuring adequate disposal capacity, the department shall prepare and implement a state solid waste management plan in accordance with [sections 1 through 7].

(2) The plan must be comprehensive and integrated and must include at least the following elements:

(a) a capacity assurance element that identifies existing disposal capacity, estimates waste generation rates, and determines the disposal capacity needed for the future and that assesses the potential effect of interstate disposal on capacity;

(b) an element that incorporates federal regulations 40 CFR, parts 257 and 258;

(c) an element that identifies the role of each of the components of the integrated waste management priorities contained in [section 4] in meeting the solid waste reduction target in [section 3];

(d) a technology assessment element that assesses the availability and practicality of alternative technologies for solid waste management;

(e) an education and public information element that identifies existing education and information programs and describes how the state will increase the awareness and cooperation of the public in environmentally safe solid waste management;

(f) a special waste and household hazardous waste element that identifies types and quantities of wastes that create special disposal problems and recommends methods for reducing, handling, collecting, transporting, and disposing of those wastes and that identifies existing and future strategies for managing those wastes;

(g) an element that identifies the needs of rural communities and management strategies to address those needs;

(h) an element that identifies mechanisms to ensure proper training of landfill operators; and

(i) a timeline and implementation strategy for each of the plan elements.

(3) The plan must be developed with the involvement of local officials, citizens, solid waste and recycling industries, environmental organizations, and others involved in the management of solid waste.

(4) The department shall conduct hearings as provided in 75-10-111.

(5) The plan must be evaluated every 5 years and updated as necessary.

Section 8. Section 75-10-104, MCA, is amended to read:

"**75-10-104. Duties of department.** The department shall:

(1) prepare a state solid waste management and resource recovery plan *as required by [section 7]* for submission to the board;

(2) prepare rules necessary for the implementation of this part for submission to the board, including but not limited to rules:

(a) governing the submission of plans for a solid waste management system;

(b) governing procedures to be followed in applying for and making loans;

(c) governing agreements between a local government and the department for grants or loans under this part;

(d) establishing, for the purpose of determining the solid waste management fee to which a facility is subject under 75-10-115, methods for determining or estimating the amount of solid waste incinerated or disposed of at a facility;

(e) providing procedures for the quarterly collection of the solid waste management fee provided for in 75-10-115; ~~and~~

(f) providing guidelines for a waiver of fees for certain incineration or disposal of solid waste, as provided for in 75-10-115(2); *and*

(g) providing guidelines for integrated waste management;

(3) provide financial assistance to local governments for front-end planning activities for a proposed solid waste management system which is compatible with the state plan whenever financial assistance is available;

(4) provide technical assistance to persons within the state for planning, designing, constructing, financing, and operating*:*

(a) a solid waste management system in order to ~~insure~~ *ensure* that the system conforms to the state plan;

(b) integrated waste management programs; and

(c) collection, disposal, reduction, and educational programs for household hazardous waste and conditionally exempt small quantities of hazardous waste as defined in Rule 16.44.402, Administrative Rules of Montana;

(5) provide front-end organizational loans for the implementation of an approved solid waste management system whenever funds for loans are available;

(6) enforce and administer the provisions of this part;

(7) administer loans made by the state under the provisions of this part; ~~and~~

(8) approve plans for a proposed solid waste management system submitted by a local government*; and*

(9) serve as a clearinghouse for information on waste reduction and reuse, recycling technology and markets, composting, and household hazardous waste disposal, including chemical compatibility."

Section 1. Section 44-1-1005, MCA, is amended to read:

"**44-1-1005. Motor carriers safety — enforcement — violations.** (1) The department of justice shall:

(a) adopt, by rule, standards for safety of operations of motor carriers, each of whom is considered to consent impliedly to reasonable safety inspections of its motor vehicles utilized in furtherance of its business as a motor carrier;

(b) provide standards for the safe operation of all motor vehicles used in commerce that exceed 26,000 pounds gross vehicle weight, except farm vehicles; and

(c) provide for the safe operation of vehicles of less than 26,000 pounds gross vehicle weight if they are used to transport passengers for hire or to transport hazardous materials of a type or quantity that requires the vehicle to be marked or placarded in accordance with rules adopted by the department.

(2) Standards of safety adopted pursuant to subsections (1)(b) and (1)(c) must be the same as prescribed for motor carriers, and the same inspection standards and procedures apply. ~~However, standards relating to drivers, other than drivers for motor carriers, do not apply to a vehicle operated exclusively within a 200-mile radius of its work reporting location.~~

(3) The highway patrol has responsibility for enforcement of standards adopted pursuant to subsection (1)(a). Inspection of a vehicle based in Montana may, at the request of the carrier, be made at the place of business or domicile of the vehicle owner or, if that is not a practicable inspection site, at a designated location and at a mutually agreeable time. After inspection, a vehicle found to conform to the standards adopted pursuant to subsection (1)(a) is entitled to certification and identification to exempt it from further safety inspection until the next required periodic inspection or until a nonconformity with standards is apparent. Nothing in this section prohibits the inspection of a motor vehicle as provided for by subsection (1)(a) at a safe location on a public road.

(4) The department shall cooperate with the department of highways to assure minimum duplication and maximum coordination of enforcement effort.

(5) The department may designate and train civilian employees as inspectors within the motor carrier safety assistance program. CHAPTER NO. 227

[HB 237]

AN ACT TO EXPAND THE PERMISSIBLE PROJECTS FINANCED BY HARD-ROCK MINING IMPACT BONDS; TO CLARIFY THE PROCEDURE FOR THE ISSUANCE OF BONDS; TO PROVIDE FOR INTERLOCAL AGREEMENTS TO FACILITATE BOND ISSUES; AMENDING SECTIONS 15-16-201, 82-4-335, 82-4-339, 90-6-302, 90-6-307, 90-6-310, AND 90-6-311, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 90-6-302, MCA, is amended to read:

"**90-6-302. Definitions.** In this part the following definitions apply:

(1) "Board" means the hard-rock mining impact board established in 2-15-1822.

(2) "Bonds" include bonds, notes, warrants, debentures, certificates of indebtedness, temporary bonds, temporary notes, interim receipts, interim certificates, and all instruments or obligations evidencing or representing indebtedness or evidencing or representing the borrowing of money or evidencing or representing a charge, lien, or encumbrance on specific revenues, special assessments, income, or property of a political subdivision, including all instruments or obligations payable from a special fund.

(3) "Facility" means a facility that is owned, operated, or maintained by a local government unit and that, under the impact plan submitted under the provisions of 90-6-307, can be expected to have increased capital and operating costs as a result of the large-scale mineral development.

~~(3)~~*(4)* "Local government unit" means a county, city, town, school district, or any of the following independent special districts:

(a) rural fire district;

(b) public hospital district;

(c) refuse disposal district;

(d) county water and sewer district;

(e) county water district; ~~or~~

(f) county sewer district*; or*

(g) park district.

~~(4)~~*(5)* "Large-scale mineral development" means the construction or operation of a hard-rock mine and the associated milling facility for which a permit is applied for under 82-4-335 on or after May 18, 1981, and for which the average number of persons on the payroll of the mineral developer and of contractors at the mineral development exceeds or is projected to exceed 75 for any consecutive 6-month period. A mining operation that would qualify as a large-scale mineral development under this subsection is not a large-scale mineral development if the mine owner and operator are small miners as defined in 82-4-303."

Section 2. Section 90-6-310, MCA, is amended to read:

"**90-6-310. ~~Education~~ *Local government facility* impact bonds.** (1) When the need for ~~new school~~ *the construction, renovation, improvement, or acquisition of local government* facilities *as a result of the large-scale mineral development* is determined *under 90-6-307,* the owners of a large-scale mineral development may enter into a written agreement with the ~~trustees of a school district that has~~ *local government unit having* the burden for the ~~issuance of bonds to cover the cost of such new construction~~ *increased capital and operating costs expected to be incurred by the facilities.* The ~~trustees of a school district~~ *local government unit* may execute a written agreement with the owner of a large-scale mineral development for the issuance of any special industrial ~~educational~~ *local government facility* impact bonds provided for in this section.

(2) The agreement with the owners of a large-scale mineral development shall provide for a payment guarantee, in addition to the taxes imposed by the ~~school district~~ *local government unit* on property owners generally, of the principal and interest on the bonds provided for in this section. Payment will then be made by an annual special tax levy on the property of the large-scale mineral development sufficient to retire the principal and interest on these special impact bonds. The bonds shall not be an obligation of the ~~trustees or the school district~~ *local government unit, but shall be special obligations limited to the revenue derived from the special tax levy. A local government unit shall establish a levy and, to the extent bonds are issued as provided in this section, shall pledge the special fund and all revenues of the special tax levy to the repayment of the bonds.*

(3) The debt limits set forth in *7-7-2203, 7-7-4201, and* 20-9-406 ~~and the provisions of 20-9-410 and 20-9-421 through 20-9-432, inclusive,~~ do not apply to bonds issued in accordance with this section. The interest on such bonds shall not be subject to state taxes.

(4) The impact bonds shall be authorized by the governing body of the local government unit by a resolution that states:

(a) the facility for which the bonds are issued;

(b) the amount of the bonds;

(c) the rate of interest the bonds bear;

(d) the date of the bonds and the maturity date or dates of the bonds;

(e) the dates interest is payable on the bonds;

(f) the redemption options, if any, with respect to the bonds; and

(g) the manner of execution of the bonds.

(5) The impact bonds shall be:

(a) in registered form as to principal and interest;

(b) payable in installments and at times not exceeding 30 years from their date of issuance; and

(c) payable at a place or places and be evidenced in a manner the governing body determines is in the best interest of the local government unit.

(6) Any impact bonds issued under the authority of this section may be sold at public or private sale in a manner, at a time or times, and at a price above or below par as may be determined by the governing body of the local government unit. All expenses, premiums, and commissions that the local government unit considers necessary or advantageous in connection with the authorization, sale, and issuance of the bonds may be paid by the governing body of the local government unit from the proceeds of the sale of the bonds.

(7) If more than one local government unit adopts a resolution to issue impact bonds, the local government units may enter into an interlocal agreement under 7-11-101 through 7-11-108, providing for the issue of impact bonds of the local government units to be combined in a single offering, if the governing body of each local government unit authorizing the bonds determines that the pooling of bonds:

(a) is in the best interest of the local government units;

(b) will facilitate the sale of the bonds under more advantageous terms;

(c) will lower the interest rates; or

(d) will lower the cost of issuance.

(8) In addition to the specific requirements of 7-11-105, the interlocal agreement shall provide:

(a) that the bond titles shall denote that impact bonds of different local government units have been pooled and shall refer to each local government unit executing the interlocal agreement;

(b) for a single debt service fund, to be held by a qualified trust company, to which each local government unit shall pledge and pay the annual special tax levies levied against the large-scale mineral development; and

(c) that the bonds are payable solely from and against the debt service funds under the interlocal agreement."

Section 3. Section 15-16-201, MCA, is amended to read:

"**15-16-201. Tax prepayment — new industrial facilities.** (1) A person intending to construct or locate a major new industrial facility, as defined in subsection (2) of this section, shall upon request of the board of county commissioners of the county in which the facility is to be located, prepay, when permission is granted to construct or locate by the appropriate governmental agency, an amount equal to three times the estimated property tax due the year the facility is completed. The person who is to prepay under this section shall not be obligated to prepay the entire amount at one time but, upon request of the board of county commissioners of the county, shall prepay only that amount shown to be needed from time to time. To assure this payment or payments, the person who is to prepay shall guarantee to the board of county commissioners and also have a bank or banks guarantee that these amounts will be paid as needed for expenditures created by the impact. When the facility is completed and assessed by the department of revenue, it shall be subject during the first 3 years and thereafter to taxation as all other property similarly situated, except that one-fifth of the amount prepaid shall be allowed as a credit against property taxes in each of the first 5 years after the start of productive operation of the facility.

(2) A major new industrial facility is a manufacturing or mining facility other than a large-scale mineral development as defined in 90-6-302~~(4)~~*(5)* which will employ on an average annual basis at least 100 people in construction or operation of the facility and which will create a substantial adverse impact on existing state, county, or municipal services."

Section 4. Section 82-4-335, MCA, is amended to read:

"**82-4-335. Operating permit — limitation.** (1) A person may not engage in mining, ore processing, or reprocessing of tailings or waste material, construct or operate a hard-rock mill, use cyanide ore-processing reagents, or disturb land in anticipation of those activities in the state without first obtaining an operating permit from the board. A separate operating permit is required for each complex.

(2) A small miner who intends to use a cyanide ore-processing reagent shall obtain an operating permit for that part of his operation where the cyanide ore-processing reagent will be used or disposed of.

(3) Prior to receiving an operating permit from the board, a person shall pay the basic permit fee of $25 and shall submit an application on a form provided by the board, which must contain the following information and any other pertinent data required by rule:

(a) name and address of the operator and, if a corporation or other business entity, the name and address of its principal officers, partners, and the like and its resident agent for service of process, if required by law;

(b) minerals expected to be mined;

(c) a proposed reclamation plan;

(d) expected starting date of operations;

(e) a map showing the specific area to be mined and the boundaries of the land which will be disturbed, topographic detail, the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area, location of proposed access roads to be built, and the names and addresses of the surface and mineral owners of all lands within the mining area, to the extent known to the applicant;

(f) types of access roads to be built and manner of reclamation of road sites on abandonment;

(g) a plan which will provide, within limits of normal operating procedures of the industry, for completion of the operation;

(h) ground water and surface water hydrologic data gathered from a sufficient number of sources and length of time to characterize the hydrologic regime;

(i) a plan detailing the design, operation, and monitoring of impounding structures, including but not limited to tailings impoundments and water reservoirs, sufficient to ensure that the structures are safe and stable;

(j) a plan identifying methods to be used to monitor for the accidental discharge of objectionable materials and remedial action plans to be used to control and mitigate discharges to surface or ground water; and

(k) an evaluation of the expected life of any tailings impoundment or waste area and the potential for expansion of the tailings impoundment or waste site.

(4) Except as provided in subsection (6), the permit provided for in subsection (1) for a large-scale mineral development as defined in 90-6-302 must be conditioned to provide that activities under the permit may not commence until the impact plan is approved under 90-6-307 and until the permittee has provided a written guarantee to the department and to the hard-rock mining impact board of compliance within the time schedule with the commitment made in the approved impact plan, as provided in 90-6-307. If the permittee does not comply with that commitment within the time scheduled, the board, upon receipt of written notice from the hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

(5) When the department determines that a permittee has become or will become a large-scale mineral developer pursuant to 82-4-339 and

90-6-302~~(4)~~*(5)* and provides notice as required under 82-4-339, within 6 months of receiving the notice, the permittee shall provide the board with proof that he has obtained a waiver of the impact plan requirement from the hard-rock mining impact board or that he has filed an impact plan with the hard-rock mining impact board and the appropriate county or counties. If the permittee does not file the required proof or if the hard-rock mining impact board certifies to the board that the permittee has failed to comply with the hard-rock mining impact review and implementation requirements in Title 90, chapter 6, parts 3 and 4, the board shall suspend the permit until the permittee files the required proof or until the hard-rock mining impact board certifies that the permittee has complied with the hard-rock mining impact review and implementation requirements.

(6) Compliance with 90-6-307 is not required for exploration and bulk sampling for metallurgical testing when the aggregate samples are less than 10,000 tons.

(7) A person may not be issued an operating permit if that person's failure to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in the forfeiture of a bond unless that person meets the conditions described in 82-4-360."

Section 5. Section 82-4-339, MCA, is amended to read:

"**82-4-339. Annual report of activities by permittee — fee — notice of large-scale mineral developer status.** (1) Within 30 days after completion or abandonment of operations on an area under permit or within 30 days after each anniversary date of the permit, whichever is earlier, or at such later date as may be provided by rules of the board and each year thereafter until reclamation is completed and approved, the permittee shall pay the annual fee of $25 and shall file a report of activities completed during the preceding year on a form prescribed by the board which report shall:

(a) identify the permittee and the permit number;

(b) locate the operation by subdivision, section, township, and range and with relation to the nearest town or other well-known geographic feature;

(c) estimate acreage to be newly disturbed by operation in the next 12-month period;

(d) include the number of persons on the payroll for the previous permit year and for the next permit year at intervals that the department considers sufficient to enable a determination of the permittee's status under 90-6-302~~(4)~~*(5)*; and

(e) update any maps previously submitted or specifically requested by the board. Such maps shall show:

(i) the permit area;

(ii) the unit of disturbed land;

(iii) the area to be disturbed during the next 12-month period;

(iv) if completed, the date of completion of operations;

(v) if not completed, the additional area estimated to be further disturbed by the operation within the following permit year; and

(vi) the date of beginning, amount, and current status of reclamation performed during the previous 12 months.

(2) Whenever the department determines that the permittee has become or will, during the next permit year, become a large-scale mineral developer, it shall immediately serve written notice of that fact on the permittee, the hard-rock mining impact board, and the county or counties in which the operation is located."

Section 6. Section 90-6-311, MCA, is amended to read:

"**90-6-311. Impact plan amendments.** (1) The impact plan may provide for amendment under definite conditions specified in the plan. Also, the governing body of an affected county or the mineral developer may petition the board for an amendment to an approved impact plan if:

(a) employment at the large-scale mineral development is forecast to increase or decrease by at least 75 persons, as determined under 90-6-302~~(4)~~*(5)*, over or under the employment levels contemplated by the approved impact plan; or

(b) it becomes apparent that an approved impact plan is materially inaccurate because of errors in assessment and 2 years have not elapsed since the date the facility begins commercial production; or

(c) the governing body of an affected county and the mineral developer join in a petition to amend the impact plan.

(2) Within 10 days of receipt the board shall publish notice of the petition at least once in a newspaper of general circulation in the affected county. The petition must include:

(a) an explanation of the need for an amendment;

(b) a statement of the facts and circumstances underlying the need for an amendment; and

(c) a description of the corrective measures proposed by the petitioner.

(3) Within 60 days after notice that the petition has been received, an affected local government unit or the mineral developer must notify the board in writing if such person objects to the amendments proposed by the petitioner, specifying the reasons why the impact plan should not be amended as proposed. If no objection is received within the 60-day period, the impact plan must be amended by the board as proposed by the petitioner.

(4) If an objection is received, within 10 days of its receipt, the board shall notify the petitioner and include a copy of all objections received by the board. If the objecting party and the petitioner cannot resolve the objections within 30 days after the expiration of the 60-day period, the board shall conduct a hearing on the validity of the objections within 30 days after the failure of the parties to resolve the objections. The hearing must be held in the affected county or, if objections are received from local government units in more than one county, must be held in the county which in the board's judgment is more greatly affected. The provisions of the Montana Administrative Procedure Act apply to the conduct of the hearing.

(5) Following the hearing, the board shall make findings as to those portions of the amendments which were objected to and, if appropriate, amend the impact plan accordingly. The board shall cause the findings and impact plan, as amended, to be served on all parties. Any local government unit or the developer is entitled to judicial review, as provided by Title 2, chapter 4, part 7, in the district court for the judicial district in which the hearing was held."

Section 7. Section 90-6-307, MCA, is amended to read:

"**90-6-307. Impact plan to be submitted.** (1) After an application for a permit for a large-scale mineral development is made under 82-4-335, the person seeking the permit shall submit to the affected counties and the board an impact plan describing the economic impact the large-scale mineral development will have on local government units and shall file proof of such submission to the counties with the board. Whenever an environmental impact statement on the permit application is prepared under 75-1-201, the lead agency shall cooperate to the fullest extent practicable with the affected local government units to eliminate duplication of effort in data collection. The governing bodies of the affected counties shall publish notice of the submission of an impact plan at least once in a newspaper of general circulation in the county. The mineral developer and the affected local government units shall ensure that the impact plan includes:

(a) a timetable for development, including the opening date of the development and the estimated closing date;

(b) the estimated number of persons coming into the impacted area as a result of the development;

(c) the increased capital and operating cost to local government units for providing services which can be expected as a result of the development;

(d) the financial or other assistance the developer will give to local government units to meet the increased need for services.

(2) In the impact plan, the developer shall commit itself to pay all of the increased capital and net operating cost to local government units that will be a result of the development, as identified in the impact plan, either from tax prepayments, as provided in 90-6-309, special industrial ~~educational~~ *local government facility* impact bonds, as provided in 90-6-310, or

other funds obtained from the developer, and shall provide a time schedule within which it will do so. The plan may provide for funding from other revenue sources or funding mechanisms if the developer guarantees that the amount to be provided from these sources will be paid.

(3) Upon request of the governing body of an affected unit of local government, the mineral developer, prior to the end of the 90-day review period, shall provide financial or other assistance as necessary to prepare for and evaluate the impact plan. The governing body of the affected county must contract with the developer to obtain the requested financial assistance for each unit of local government within the county. Any disbursements to a unit of local government under this subsection shall be credited against future tax liabilities, if any.

(4) The governing body of the county where the fiscal impacts on local government units are forecasted in the impact plan to be most costly shall, within 90 days after receipt of the impact plan from the developer, conduct a public hearing on the impact plan.

(5) An affected local government unit that has not been identified in an impact plan submitted to the board as being likely to experience increased capital and operating costs for providing services which can be expected as a result of the development may object to the impact plan under the provisions of this section if the local government unit clearly demonstrates that it is likely to experience increased capital and operating costs from the mineral development.

(6) An affected local government unit shall, within 90 days after receipt of the impact plan from the developer, notify the board in writing if that local government unit objects to the impact plan, specifying the reasons why the impact plan is objected to. During the 90-day period, an affected local government unit may petition for one 30-day extension by submitting a written request to the board stating the need and justification for the extension. The board shall grant the extension unless it finds there is no reasonable basis for the request. If no objection is received within the 90-day period or any extension thereof, the impact plan is approved without any review by the board. An approved plan is binding and may only be altered under the amendment provisions of 90-6-311.

(7) If objections are received from a local government unit, the board shall, within 10 days, notify the developer and forward a copy of the local government unit's objections to the developer. The local government unit and the developer have 30 days, or a longer period if both the local government unit and the developer request an extension, to resolve the objection. If the objections are not resolved, the board shall conduct a hearing on the validity of the objections, which shall be held in the affected county or, if objections are received from local government units in more than one county, shall be held in the county which, in the board's judgment, is more greatly affected. The provisions of the Montana Administrative Procedure Act shall apply to the conduct of the hearing. The impact plan filed by the developer shall carry no presumption of correctness at the hearing.

(8) Following the hearing, the board shall, within 60 days, make findings as to those portions of the impact plan which were objected to and, if appropriate, amend the impact plan accordingly. The findings and impact plan, as amended, shall be served by the board upon all parties. Any local government unit or the developer, if aggrieved by the decision of the board, is entitled to judicial review, as provided by Title 2, chapter 4, part 7, in the district court in and for the judicial district in which the hearing was held.

(9) The developer shall, within 30 days of receipt of the approved impact plan, provide the board with a written guarantee that the developer will meet the increased costs of public services and facilities as specified in the approved impact plan and according to the time schedule contained in the approved impact plan.

(10) The developer may make payments as specified in the approved impact plan directly to a local government unit or to the board. The governing body of a local government unit receiving payments shall deposit the payments into an impact fund. The developer and the affected governing body shall each issue to the board written verification of each payment and its intended use in compliance with the impact plan. The board shall deposit payments received from a developer into the hard-rock mining impact account established by 90-6-304.

(11) The board shall notify the department of state lands of its receipt of the written guarantee of payment and of any failure of the developer to comply with this section.

(12) Upon receipt of evidence that an affected local government unit identified in the approved impact plan is providing or is preparing to provide an additional service or facility provided for in the approved impact plan, the board shall, if the hard-rock mining impact account is used to deliver payments to the local government unit, pay to that local government unit, in one sum or in parts, the money from the hard-rock mining impact account identified in the plan as the increased cost to the local government unit of providing that public service or facility.

(13) If it is determined that an objection filed by an affected local government unit under subsections (5) and (6) or 90-6-311(3) is valid and it results in some remedial order by the board or court of competent jurisdiction, the local government unit shall be awarded and the developer shall pay reasonable costs and attorney fees associated with any administrative or judicial appeals filed under this section. Any attorney fees and costs awarded shall be in addition to any amounts paid by the developer under this part.

(14) Upon a determination by the department of state lands that a permittee under 82-4-335 has become or will become a large-scale mineral developer, the permittee may petition the board for a waiver of the impact plan requirement. The board may grant a waiver or conditional waiver of this requirement only if it has provided notice and opportunity for hearing to the permittee and to all affected local government units. The board shall adopt criteria under which a waiver may be granted. A waiver issued by the

board may be revoked as provided in the conditional waiver or if the permittee and contractors at the mineral development increase their payrolls from the date of the waiver by 75 or more persons, provided the revocation is requested by an affected local government unit and notice and opportunity for hearing are given to the permittee and all affected local government units. The board shall notify the board of land commissioners of any waiver that has been revoked.

(15) When a person who holds an operating permit under 82-4-335 and who has filed an impact plan fails to comply with the review and implementation requirements in this part and part 4 of this chapter, the board shall certify to the board of land commissioners that the failure to comply has occurred and shall certify when a permittee who has previously failed to comply comes into compliance."

WHEREAS, the definitions previously adopted lack clarity and are inconsistent with definitions used in federal civil rights statutes and court interpretations on the subject; and

WHEREAS, federal handicap discrimination law requires reasonable accommodation for mental and physical handicaps.

THEREFORE, it is appropriate for the Legislature to redefine the terms "mental handicap" and "physical handicap" and to include the requirement of reasonable accommodation.

Be it enacted by the Legislature of the State of Montana:

"**49-2-101. Definitions.** As used in this chapter, unless the context requires otherwise, the following definitions apply:

CHAPTER NO. 243

[HB 403]

AN ACT REQUIRING THE FISH AND GAME COMMISSION TO REGULATE CERTAIN ASPECTS OF THE USE AND BREEDING OF RAPTORS AND THE SPORT OF FALCONRY BY ADMINISTRATIVE RULE, IN ORDER TO MAINTAIN CONFORMITY WITH FEDERAL LAW; AMENDING SECTIONS 87-5-204, 87-5-208, AND 87-5-210, MCA; AND REPEALING SECTION 87-5-206, MCA.

STATEMENT OF INTENT

A statement of intent is required for this bill because 87-5-204 and 87-5-210 require the fish and game commission to adopt rules regarding certain aspects of the use and breeding of raptors and the sport of falconry. Because the regulation of raptors and the sport of falconry are in large part regulated by federal law and because detailed and precise standards are rapidly changing, the rules must comply with federal law and regulations as adopted or amended from time to time. The legislature recognizes that the commission has the power to determine the extent and nature of measures that control wildlife in Montana and that the commission's expertise makes it the proper forum for addressing the regulation of raptors and the sport of falconry. At a minimum, the rules must address:

(1) the regulation of raptors and restrictions on taking, possessing, and selling raptors, including:

(a) the number of raptors that may legally be possessed;

(b) appropriate times and areas for trapping raptors and removing of raptors from the nest;

(c) notification requirements regarding transfer of ownership;

(d) permitting requirements regarding sale and transportation of raptors; and

(e) possession of and hunting with raptors by nonresidents;

(2) licenses and rules for falconry and the allowable uses of raptors in the sport of falconry, including:

(a) appropriate falconry license fees;

(b) age requirements regarding issuance of falconry licenses;

(c) the necessity of possessing other valid game licenses when practicing falconry; and

(d) the transfer and revocation of falconry licenses; and

(3) the regulation of captive breeding of raptors, including:

(a) appropriate breeding permit fees;

(b) transferability and revocation of breeding permits; and

(c) any other aspects of captive breeding considered appropriate by the commission.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-5-204, MCA, is amended to read:

"**87-5-204. License and rules for falconry *and raptors*.** (1) The ~~department may~~ *commission shall* adopt specific rules for the keeping of records and for the trapping, taking, possession *by residents and nonresidents, selling or transfer of possession,* or training of raptors used in the practice of falconry and may authorize the issuance of licenses to persons for the practice of falconry *and set license qualifications and fees. Rules adopted under this section are intended to conform to standards and regulations adopted under federal law by being at least as restrictive.* Except as provided in 87-5-210, it is unlawful for any person to possess a raptor or to train a raptor in the practice of falconry without a license.

~~(2) The fee for a falconry license is $3 a year or any part of a year. A license expires April 30 each year.~~

~~(3) A license may not be issued to a person under the age of 12 years.~~

~~(4)~~*(2)* Licensees ~~shall~~ *must* have in possession a valid falconer's license when engaged in the practice of falconry. In addition, falconers loosing raptors at game birds ~~shall~~ *must* have in possession a valid resident or nonresident upland game bird license or waterfowl stamp, as appropriate.

~~(5)~~*(3)* Falconry licenses or permits are not transferable and may be revoked for due cause at any time by the department."

Section 2. Section 87-5-210, MCA, is amended to read:

"87-5-210. **Captive breeding of raptors — permit — ~~fee — transfer and revocation —~~ rules.** (1) The department may grant permits to a person, whether or not licensed under this part, for the taking and holding of raptors for captive breeding purposes under such conditions, consistent with this part *and with rules adopted by the commission,* as the department may specify in the permit. *The commission may set permit qualifications and fees by rule.*

~~(2) The fee for a captive breeding permit is $20 a year.~~

~~(3)~~*(2)* Captive breeding permits are not transferable and may be revoked at any time by the department for violation of any conditions of the permit or regulations of the ~~department~~ *commission.*

~~(4)~~*(3)* The ~~department may~~ *commission shall* adopt rules ~~for the keeping of records on, the trapping, taking, possession, propagation, and release of, and the sale of progeny of~~ *regarding* raptors taken and held for captive breeding projects. *Rules adopted under this section are intended to conform to standards and regulations adopted under federal law by being at least as restrictive.*"

Section 3. Section 87-5-208, MCA, is amended to read:

"87-5-208. **Nonresidents allowed raptors in state.** ~~Nonresidents who are working, attending schools, or otherwise living temporarily in the state of Montana may obtain a Montana falconry license and bring raptors, legally acquired in other states or countries, into the state of Montana. Such nonresidents shall be~~ *(1) A nonresident who possesses a valid federal falconry license may practice falconry in the state of Montana with legally acquired and permitted raptors. A nonresident is* allowed to hunt with falcons in the state of Montana subject to all Montana laws and rules.

(2) A nonresident is not allowed to capture raptors from the wild in the state of Montana for falconry or captive breeding purposes."

Section 4. **Repealer.** Section 87-5-206, MCA, is repealed.

Approved March 29, 1991.

CHAPTER NO. 248

[HB 429]

AN ACT PROVIDING FOR MEDICAL PAROLE OF INCARCERATED PERSONS; AND AMENDING SECTION 46-23-201, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Medical parole.** (1) The board may release on medical parole by appropriate order a person placed in a correctional institution or program, except a person under sentence of death. To be eligible for a medical parole, a person must have an examination and written diagnosis by a physician licensed under Title 37 to practice medicine. The diagnosis must include:

(a) a determination that the person suffers from an incapacitating physical condition, disease, or syndrome that renders the person incapable of presenting a danger to society;

(b) a description of the physical condition, disease, or syndrome and a detailed description of the person's physical incapacity; and

(c) a prognosis addressing the likelihood of the person's recovery from the physical condition, disease, or syndrome and the extent of any potential recovery.

(2) The diagnosis must be reviewed and accepted by the department before the board may consider granting a medical parole.

(3) The board shall require as a condition of medical parole that the person agree to placement in an environment chosen by the department during the parole period, including but not limited to a hospital, nursing home, or family home. The board may require as a condition of parole that the person agree to periodic examinations and diagnoses at the person's expense. Reports of each examination and diagnosis must be submitted to the board and department by the examining physician. If either the board or department determines that the person's physical capacity has improved to the extent that the person poses a possible detriment to society, the board may revoke the parole and return the person to the custody of the department.

(4) Medical parole may be requested by the board, the department, an incarcerated person, or an incarcerated person's parent, grandparent, child, or sibling by submitting the request in writing to the administrator of the correctional institution in which the person is incarcerated.

(5) A grant or denial of medical parole does not affect the person's eligibility for nonmedical parole.

(6) Sections 46-23-203 through 46-23-207 and 46-23-215 through 46-23-218 apply to nonmedical parole.

Section 2. Section 46-23-201, MCA, is amended to read:

"**46-23-201. Prisoners eligible for *nonmedical* parole.** (1) Subject to the restrictions contained in subsections (2) through (4), the board may release on *nonmedical* parole by appropriate order any person confined in the Montana state prison or the women's correction center, except persons under sentence of death and persons serving sentences imposed under 46-18-202(2), when in its opinion there is reasonable probability that the prisoner can be released without detriment to the prisoner or to the community.

(2) A convict serving a time sentence may not be paroled *under this section* until he has served at least one-half of his full term, less the good time allowance provided for in 53-30-105; except that a convict designated as a nondangerous offender under 46-18-404 may be paroled after he has served one-quarter of his full term, less the good time allowance provided for in 53-30-105. Any offender serving a time sentence may be paroled after he has served, upon his term of sentence, 17 ½ years.

(3) A convict serving a life sentence may not be paroled *under this section* until he has served 30 years, less the good time allowance provided for in 53-30-105.

(4) A parole may be ordered *under this section* only for the best interests of society and not as an award of clemency or a reduction of sentence or pardon. A prisoner may be placed on parole only when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen.

(5) If the department of institutions certifies to the board that the population at the Montana state prison exceeds its design capacity of 744 by 96 inmates or that the population at the women's correction center exceeds its design capacity of 35 inmates and that the prison or the center has exceeded its capacity for a period of more than 30 days, the board shall consider convicts in the institution in which the design capacity has been exceeded eligible for parole 120 days prior to the eligibility dates provided for in subsections (2) and (3).

(6) Regardless of length of sentence, if the conditions of parole eligibility are met within the initial 12 months of incarceration at Montana state prison, the provisions of subsection (5) do not apply."

Section 3. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 46, chapter 23, part 2, and the provisions of Title 46 apply to [section 1].

Approved March 29, 1991.

(a) the estimated allowable costs associated with operating the program where allowable costs are as defined in 20-7-431;

Contingency funds granted under this subsection must be deposited in a separate account of the miscellaneous programs fund of

the district as provided in 20-9-507. However, if contingency funds are not available, then subject to the approval of the program by the superintendent under the emergency budget provisions of 20-9-161(5), allowable costs for the given year may be added to the foundation program amount for special education for the subsequent school year. The allowable costs must be recorded as previous year special education expenses in the school district budget for the subsequent school year.

(5) (a) The special education contingency funds in subsection (4):

(i) are biennially appropriated;

(ii) are for emergencies that may arise in the special education programs of school districts or special education cooperatives; and

(iii) may be used to fund positions that have gone unfilled for a full school fiscal year and for which state special education funds were not awarded.

(b) The board of trustees of a district or the management board of a special education cooperative may apply for contingency funding by submitting to the superintendent of public instruction, in the form prescribed by the superintendent of public instruction, written documentation that describes the need for the funds.

~~(4)~~*(6)* The sum of the previous year special education expenses as defined in ~~subsection~~ *subsections* (3) *and (4)* and the foundation program amount for current year special education as defined in subsections (1) and (2) is the special education budget for accounting purposes.

~~(5)~~*(7)* The foundation program amount for special education must be added to the foundation program amount of the regular program ANB defined in 20-9-311 and 20-9-313 to obtain the total foundation program amount for the district."

CHAPTER NO. 250

[HB 462]

AN ACT TO REVISE AND TO PHASE IN THE METHOD OF CALCULATING THE AVERAGE NUMBER BELONGING OF CERTAIN SCHOOL DISTRICTS FOR SCHOOL FUNDING PURPOSES; AMENDING SECTION 20-9-311, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND APPLICABILITY DATES.

STATEMENT OF INTENT

A statement of intent is necessary for this bill to clarify that the superintendent of public instruction shall promulgate rules that prescribe procedures for the aggregation of the average number belonging of pupils in school districts for foundation program purposes. The authority for rulemaking to secure compliance with school budgeting laws is granted the superintendent of public instruction in 20-9-102 and 20-9-201. The rules must address the various circumstances concerning location of school districts and the schools within those districts.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-311, MCA, is amended to read:

"20-9-311. Calculation of average number belonging (ANB). (1) Average number belonging must be computed by determining the total of the aggregate days of attendance by regularly enrolled, full-time pupils during the second semester of the preceding school fiscal year and the first semester of the current school fiscal year plus the aggregate days of absence by regularly enrolled, full-time pupils during the second semester of the preceding school fiscal year and the first semester of the current school fiscal year and by dividing the total by 180. However, when a school district has approval to operate less than 180 school days under 20-9-804, the total must be calculated in accordance with the provisions of 20-9-805. For the purpose of calculating ANB under this section, the days of attendance for a regularly enrolled pupil may not exceed 180 pupil-instruction days and 7 pupil-instruction-related days. Attendance for a part of a morning session or a part of an afternoon session by a pupil must be counted as attendance for one-half day. In calculating the ANB for pupils enrolled in a program established under 20-7-117(1), attendance at or absence from a regular session of the program for at least 2 hours of either a morning or an afternoon session will be counted as one-half day attended or absent as the case may be. If a variance has been granted as provided in 20-1-302, ANB will be computed in a manner prescribed by the superintendent of public instruction, but in no case may the ANB exceed one-half for each kindergarten pupil. When any pupil has been absent, with or without excuse, for more than 10 consecutive school days, including pupil-instruction-related days, his absence after the 10th day of absence may not be included in the aggregate days of absence and his enrollment in the school may not be considered in the calculation of the average number belonging until he resumes attendance at school.

(2) If a student spends less than half his time in the regular program and the balance of his time in school in the special education program, he is considered a full-time special pupil but is not considered regularly enrolled for ANB purposes. If a student spends half or more of his time in school in the regular program and the balance of his time in the special education program, he is considered regularly enrolled for ANB purposes.

(3) The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled, full-time pupils attending the schools of the district, except that when:

(a) *(i)* a school of the district is located more than 3 miles beyond the incorporated limits of a city or town ~~or~~ *located in the district and 3 miles* from ~~another~~ *any other* school of the district, all of the regularly enrolled, full-time pupils of the school must be calculated ~~individually~~ *separately* for ANB purposes; *or* *(ii) a school of the district is located more than 3 miles from any other school of the district and no incorporated territory is involved in the district, all of the regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes;*

(b) a junior high school has been approved and accredited as a junior high school, all of the regularly enrolled, full-time pupils of the junior high school must be considered as high school district pupils for ANB purposes;

(c) a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

Section 2. Section 90-8-102, MCA, is amended to read:

"**90-8-102. Declaration of policy.** (1) The legislature finds and declares that:

(a) economic insecurity due to unemployment is a serious menace to the health, safety, and general welfare of not only the affected people but of the people of the entire state;

(b) involuntary unemployment, with its resulting burden of indigency, falls with crushing force upon unemployed workers and ultimately on the state itself in the form of public assistance and unemployment compensation payments; and

(c) unemployment causes a migration of Montana workers and families seeking jobs and establishing homes elsewhere, which deprives the state of its most valuable resource, its people, and reduces the tax base of local governments, impairing their ability to provide basic services.

(2) (a) The legislature further finds that the best method of combating unemployment and protecting Montana against the loss of its people is by promoting, stimulating, developing, rehabilitating, and revitalizing the business prosperity and economic welfare of the state and its citizens.

(b) To accomplish this goal, the legislature seeks to encourage the formation of venture and equity capital in Montana for use in diversifying, strengthening, and stabilizing the Montana economy by increasing Montana employment and business opportunities while protecting the people's constitutional right to a clean and healthful environment.

(3) The legislature further finds that:

(a) private investment of venture and equity capital in the Montana economy will be encouraged and promoted by making tax credits available to taxpayers investing in *a* Montana capital ~~companies~~ *company or in a Montana small business investment capital company*;

(b) demands on state revenues restrict the financial ability of the state to make unlimited tax credits available for investment purposes and require that the state place reasonable limits on the total amount of tax credits to be made available for investment incentive;

(c) establishment of a rational tax credit program which gives priority to investments in capital companies in the order in which they are qualified *or in a Montana small business investment capital company* will encourage prompt private investment in Montana businesses.

(4) The legislature further finds that use of money from the Montana in-state investment fund established by 17-6-306 to purchase debentures issued by a capital company *or a Montana small business investment capital company* will promote the business prosperity and economic welfare of the state and its citizens."

Section 3. Section 90-8-104, MCA, is amended to read:

The total credits authorized for all companies between July 1, 1989, and June 30, 1991, may not exceed $3 million plus any portion of the credits available for authorization before June 30, 1989, that is allocated to qualified companies.

~~(3)~~*(4) (a)* ~~The~~ *Before January 1, 1991,* credits ~~shall~~ *must* be allocated to qualified companies in the order that completed applications for designation as qualified capital companies are received by the board, and the board shall certify to each ~~such~~ company its appropriate allocation.

(b) All tax credits allowed under subsection (3) that are not allocated as of January 1, 1991, must be allocated to the qualified Montana small business investment capital company, and the board shall certify the allocation to the company.

(c) If the legislature provides additional tax credits under this chapter after June 30, 1991, or if tax credits become available by reversion to the board by a capital company or by the qualified Montana small business investment capital company, those additional or reverted tax credits must be allocated by the board to qualified capital companies or to the qualified Montana small business investment capital company in accordance with this chapter and the rules of the board.

The credit for investments by a small business corporation electing to be taxed under 15-31-202 or a partnership may be claimed by the small business corporation shareholders or the partners.

If the amount of the tax credit exceeds the taxpayer's tax liability for the taxable year, the amount of the credit which exceeds the tax liability may be carried back or carried forward in the following manner:

(b) The amount of unused credit must be used to offset the entire tax liability of each of the 18 taxable years, beginning with the earliest and commencing to the next succeeding year until the credit is exhausted.

~~(7)~~*(8)* The tax credit provided for in this section is available only to those taxpayers who invest in a qualified Montana capital company within 4 years of July 1, 1987, *or in the qualified Montana small business investment capital company within 4 years of July 1, 1991.*

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-6-108, MCA, is amended to read:

"**40-6-108. Statute of limitations.** (1) An action may be commenced:

(a) at any time for the purpose of declaring the existence of the father and child relationship presumed under subsection (a), (b), or (c) of 40-6-105(1);

(b) for the purpose of declaring the nonexistence of the father and child relationship presumed under subsection (a), (b), or (c) of 40-6-105(1), only if the action is brought within a reasonable time after obtaining knowledge of relevant facts, but not later than 5 years after the child's birth.

(2) After the presumption has been rebutted, paternity of the child by another man may be determined in the same action if he has been made a party.

(3) An action to determine the existence or nonexistence of the father and child relationship as to a child who has no presumed father under 40-6-105:

(a) may not be brought by the child later than 2 years after the child attains the age of majority;

(b) may be brought by a state agency at any time after the first application is made under Title IV-D of the Social Security Act for services to the child and before the child attains the age of majority. *This subsection is intended to apply retroactively, within the meaning of 1-2-109, to any child for whom a paternity action was barred or could have been barred by a shorter limitation period. CHAPTER NO. 266

[HB 922]

AN ACT TO CREATE AN ADMINISTRATIVE PROCEDURE FOR PERIODICALLY MODIFYING CHILD SUPPORT ORDERS; AND AMENDING SECTIONS 40-4-204, 40-5-201, 40-5-226, AND 40-6-116, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Registration of support orders.** (1) The department shall establish and maintain a support order registry.

(2) The registry must contain the support orders issued by the department.

(3) In an IV-D case, the department shall, upon the request of the obligor or the obligee, or may register a support order of a district court of this state or a support order of a court or administrative agency of another

state with jurisdiction to enter the order. A certified copy of the order to be registered must accompany the written request for registration.

(4) Upon registration, the support order must be treated in the same manner and have the same effect as a support order issued by the department, and an abstract of the order may be filed under the provisions of 40-5-227. Review of the order under [section 2] is available only when the department is providing child support enforcement services for the order.

Section 2. **Application for review of child support orders.** (1) Upon the application of the department, the obligor, or the obligee, a hearing officer appointed pursuant to [section 3] shall review support orders filed with the support order registry. The purpose of the review is to determine whether the support order should be modified in accordance with the guidelines.

(2) Jurisdiction to conduct the review and to issue a modifying order under [section 3] is authorized when:

(a) the obligor and the obligee reside in this state;

(b) jurisdiction can be obtained as provided under 40-4-210; or

(c) the obligor resides in this state and the department is providing IV-D enforcement services for the order.

(3) Jurisdiction to review a child support order under this section does not confer jurisdiction for any other purpose, such as custody or visitation disputes.

(4) Criteria constituting sufficient grounds for review of a child support order include:

(a) inconsistency with this state's guidelines, unless the inconsistency is considered negligible under department rules; or

(b) availability of health insurance coverage to the obligor's child through the obligor's employment or other group insurance.

(5) The department shall make available procedures and forms that allow the obligor or the obligee to complete the review process without legal counsel.

Section 3. **Administrative review of child support orders — modifying orders.** (1) A review application setting forth facts meeting any of the criteria for review of a child support order established in [section 2] must be scheduled for an administrative hearing, and a hearing officer must be appointed by the department. Unless the hearing officer determines under rules of the department that an in-person hearing is necessary, the hearing must be conducted by telephone conference. The order scheduling the hearing must be served on the obligor and the obligee at least 60 days before the hearing. The order must include the following information as an exception to 2-4-601:

(a) the date and time for the hearing and, if appropriate, the place for the hearing;

(b) a statement of the purpose, objectives, and possible consequences of the review;

(c) a statement of the right of the obligor and the obligee to request the hearing officer to issue subpoenas compelling the appearance of witnesses and the production of documents for the hearing; and

(d) a requirement that the obligor and the obligee provide the hearing officer with telephone numbers at which they and their witnesses may be contacted for the hearing.

(2) The hearing officer may issue an order commanding the obligor or the obligee, or both, to produce financial information. The order must be personally served with the order scheduling the hearing. The hearing officer may also issue subpoenas ordering the department or other parties to produce information in their possession about the obligor and the obligee that may be reasonably necessary for application of the guidelines. Any information so obtained by the hearing officer must be provided to the department and other parties prior to the hearing.

(3) The requested modification of the order must be determined on the evidence submitted to the hearing officer under the following conditions:

(a) If an applicant other than the department fails to provide a telephone number for the hearing or fails to be at the number provided when telephoned for the hearing, the failure is considered a withdrawal of the application.

(b) If a party other than the applicant fails to provide a telephone number for the hearing or fails to be at the number provided when telephoned for the hearing, the failure is considered to mean that the party does not oppose the modification.

(c) If the department is the applicant and if either the obligor or the obligee, or both, fails to provide a telephone number for the hearing or fails to be at the number provided when telephoned for the hearing, the failure is considered an admission that the party or parties do not oppose the modification.

(4) An order entered under the circumstances described in subsection (3)(a), (3)(b), or (3)(c) becomes final within 10 days of issuance unless a party provides the hearing officer an affidavit showing good cause for failure to provide a telephone number or failure to be available for the hearing when telephoned.

(5) A provision of law may not be construed to mean that an obligor or an obligee is a client of the department, and the department is not considered a party to the action.

(6) (a) In addition to the powers and duties provided by other law, the hearing officer shall, to ensure the equitable determination of a support obligation, during a review hearing:

(i) question witnesses in a nonadversarial manner to elicit full disclosure of all pertinent facts;

(ii) introduce evidence on behalf of the parties;

(iii) apply the guidelines to the facts elicited from the hearing; and

(iv) inquire as to any circumstances that may require variance from the guidelines.

(b) If a party is represented by legal counsel, the hearing officer may allow the counsel to present that party's case.

(7) The hearing officer shall determine a support obligation in accordance with the guidelines and shall issue a modifying order. If the hearing officer determines that the difference between the existing support order and the amount determined under the guidelines is negligible under rules issued by the department, the modifying order may not change the amount of the support obligation. Even though the review may indicate that a modification of the support obligation is appropriate, the department may not modify the support order if the hearing officer determines, after the review hearing, that to do so would not be in the best interests of the child under the rules issued by the department. An increase in child support is presumed to be in the best interests of the child unless, after a review hearing, either the obligor or the obligee demonstrates it would not be in the best interests of the child. The modifying order must prospectively modify the underlying support order from the date of service of the order scheduling the hearing.

(8) The hearing officer shall make a written determination whether health insurance is available to the child of the obligor through the obligor's employment or other group insurance. If the hearing officer determines health insurance is available to the child of the obligor, the hearing officer shall issue a modifying order that requires the obligor to obtain and keep health insurance for the child. If the hearing officer determines that health insurance is not available to the child of the obligor, he shall issue a modifying order containing the notices provided in subsection (9). An order to provide health insurance is presumed to be in the best interests of the child unless, after a review hearing, either the obligor or the obligee demonstrates it would not be in the best interests of the child.

(9) In addition to complying with other requirements of law, the modifying order must include the following notices and warnings:

(a) that the obligor shall keep the department informed of the name and address of his current employer and information on health insurance available to the obligor through the obligor's employment or other group insurance;

(b) that the obligor shall obtain and keep health insurance for the child of the obligor whenever it is available through the obligor's employment or other group insurance; and

(c) that the modifying order is subject to future administrative review and modification by the department upon the request of the department or a party under [sections 1 through 3] when the department is providing services under IV-D.

(10) Orders entered under this section are final agency decisions, subject to judicial review pursuant to the Montana Administrative Procedure Act. All orders entered under this section must notify the parties that the order is subject to judicial review under Title 2, chapter 4, part 7.

(11) The parties to the support order and the department when it is providing services under IV-D may enforce the support order or modify that order independently, as provided in 40-4-208 and 53-2-613(4)(d).

Section 4. Section 40-4-204, MCA, is amended to read:

"**40-4-204. Child support — orders to address health insurance — automatic withholding of child support.** (1) In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court shall order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for his support, without regard to marital misconduct.

(2) The court shall consider all relevant factors, including:

(a) the financial resources of the child;

(b) the financial resources of the custodial parent;

(c) the standard of living the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child and his educational and medical needs;

(e) the financial resources and needs of the noncustodial parent;

(f) the age of the child;

(g) the cost of day care for the child;

(h) any custody arrangement that is ordered or decided upon; and

(i) the needs of any person, other than the child, whom either parent is legally obligated to support.

(3) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209, unless the court finds by clear and convincing evidence that the

application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court does not apply these standards and guidelines to determine child support, it shall state its reasons for finding that the application of such standards and guidelines is unjust to the child or a party or is inappropriate in that particular case.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(4) Each district court judgment, decree, or order establishing a final child support obligation under this title and each modification of a final order for child support must include a provision addressing health insurance coverage in the following cases:

(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment, decree, or order may contain a provision requiring that coverage for the child or children be continued or obtained.

(b) In the event that health insurance required in a child support judgment, decree, or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party must, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.

(c) All temporary child support orders must contain a provision requiring the party who has health insurance in effect for the child or children of the parties to continue the insurance coverage pending final disposition of the case.

(d) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.

(e) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.

(5) (a) Except as provided in subsection (5)(b), each district court judgment, decree, or order establishing a child support obligation under this title, whether temporary or final, and each modification of an existing child support order must:

(i) provide that the amount of child support must be withheld from the obligor's income and paid to the department pursuant to procedures established by the department under Title 40, chapter 5, part 4; and

(ii) include the obligor's social security number and the name and address of the obligor's employer and of any other payor of income to the obligor.

(b) Income is not subject to automatic withholding if:

(i) the obligee or obligor demonstrates and the court finds that there is good cause not to require automatic income withholding; or

(ii) the obligee and obligor agree in writing to an alternative arrangement regarding the payment of child support that provides sufficient security to ensure compliance with their agreement. The security is in addition to the child support obligation.

(c) When a judgment, decree, or order for child support is entered or modified and automatic income withholding is ordered, an obligee who is not a recipient of public assistance shall apply for the support enforcement services of the department pursuant to Title IV-D of the Social Security Act for the collection of support through automatic income withholding under Title 40, chapter 5, part 4. The department shall accept the application. Pending an application, the department shall immediately implement automatic income withholding and hold any amounts collected in trust for the obligee until the obligee makes application.

(d) When automatic income withholding is ordered under subsection (5)(a), the clerk of court shall immediately forward a copy of the order to the department.

(e) If an obligor is not subject to income withholding or is exempted from income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.

(6) If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208.

(7) Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child support must contain a statement that the order is subject to review and modification by the department of social and rehabilitation services upon the request of the department or a party under [sections 1 through 3] when the department is providing services under Title IV-D of the Social Security Act for the enforcement of the order."

(c) When a judgment or order for child support is entered or modified and automatic income withholding is ordered, an obligee who is not a recipient of public assistance shall apply for the support enforcement services of the department pursuant to Title IV-D of the Social Security Act for the collection of support through automatic income withholding under Title 40, chapter 5, part 4. The department shall accept the application. (10) Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child support must contain a statement that the order is subject to review and modification by the department of social and rehabilitation services upon the request of the department or a party under [sections 1 through 3] when the department is providing services under Title IV-D of the Social Security Act for the enforcement of the order."

CHAPTER NO. 267

[SB 86]

AN ACT TO CLARIFY THE TAXATION OF OIL AND NATURAL GAS BY DELETING OBSOLETE REFERENCES TO INTERIM PRODUCTION; TO CLARIFY THE ALLOCATION OF NEW PRODUCTION;

AMENDING SECTIONS 15-23-601, 15-23-602, 15-23-603, 15-23-607, 15-23-613, 15-23-621, 15-36-101, 20-9-141, 20-9-331, 20-9-333, AND 20-10-144, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-23-601, MCA, is amended to read:

"**15-23-601. Definitions.** As used in this part, the following definitions apply:

(1) "Excise tax" means the windfall profit tax on domestic crude oil imposed by Title I of the federal Crude Oil Windfall Profit Tax Act of 1980, as enacted or as amended.

~~(2) "Interim production" means the production of natural gas, petroleum, or other crude or mineral oil from any well that:~~

~~(a) has not produced natural gas, petroleum, or other crude or mineral oil during the 5 years immediately preceding the first month of interim production; and~~

~~(b) began interim production after June 30, 1985, and before April 1, 1987.~~

~~(3)~~*(2)* The term "new production" means the production of natural gas, petroleum, or other crude or mineral oil from any well~~:~~

~~(a)~~ *drilled after June 30, 1985, or* that has not produced natural gas, petroleum, or other crude or mineral oil during the 5 years immediately preceding the first month of qualified new production~~; and~~

~~(b) on which the notification required in 15-36-121(2) was given.~~

~~(4)~~*(3)* The terms "operator" and "producer" mean any person who engages in the business of drilling for, extracting, or producing any natural gas, petroleum, or other crude or mineral oil.

~~(5)~~*(4)* The term "well" includes each single well or group of wells, including dry wells, in one field or production unit and under the control of one operator or producer."

Section 2. Section 15-23-602, MCA, is amended to read:

"**15-23-602. Statement of sales proceeds on ~~interim production and~~ new production.** (1) As provided in subsection (2), each operator or producer of ~~interim production or~~ new production of natural gas, petroleum, or other crude or mineral oil shall make out and deliver to the department of revenue a statement of the gross sales proceeds of ~~interim production or~~ new production of natural gas, petroleum, or other crude or mineral oil from each well owned or worked by the person. The gross sales proceeds must be determined by multiplying the units of production sold from the well times the royalty unit value of that production at the well. The statement must be in the form prescribed by the department and must be verified by the oath of the operator or producer or the manager, superintendent, agent, president, or vice-president of the corporation, association, or partnership. The statement must show the following:

(a) the name and address of the operator, together with a list in duplicate of the names and addresses of any persons owning or claiming any royalty interest in the production from the well or the proceeds derived from the sale of the production, and the amount paid or yielded as royalty to each of those persons during the period covered by the statement;

(b) the description and location of the well;

(c) the number of cubic feet of natural gas, barrels of petroleum or other crude or mineral oil sold from the well during the period covered by the statement; and

(d) the gross sales proceeds in dollars and cents or, in the case of sales between parties not acting at arm's length, the greater of the gross sales proceeds from or the fair market value of the products sold.

(2) Each operator having ~~interim production or~~ new production as defined in 15-23-601 shall, on or before the last day of the months of October, January, April, and July, make out and deliver to the department of revenue a statement of the gross sales proceeds of the ~~interim production or~~ new production from each well owned or worked by the person during the preceding calendar quarter. The statement must be in the form prescribed by the department and verified as provided in subsection (1). The statement must show the information required in subsections (1)(a) through (1)(d)."

Section 3. Section 15-23-603, MCA, is amended to read:

"**15-23-603. Net proceeds — how computed.** (1) As provided in subsection (2), the department of revenue shall calculate and compute from the returns the gross sales proceeds of the product yielded from the well for the year covered by the statement and shall calculate the net proceeds of the well yielded to the producer, which net proceeds are determined by subtracting from the gross sales proceeds of the well all royalty paid in cash by the operator or producer and the gross value of all royalty apportioned in kind by the operator or producer determined by using as the value of a barrel of oil or a cubic foot of gas the average selling price for the calendar year of a barrel of oil or a cubic foot of gas from the well out of which the royalty was paid.

(2) For ~~interim production or~~ new production, net proceeds are the equivalent of the gross sales proceeds, without deduction for excise taxes, of the product yielded from the well for the quarter covered by the statement, except that in computing the total number of barrels of petroleum and other mineral or crude oil or cubic feet of natural gas produced, there must be deducted so much of the product as is used in the operation of the well from which the petroleum or other mineral or crude oil or natural gas is produced for pumping the petroleum or other mineral or crude oil or natural gas from the well to a tank or pipeline.

(3) In the statement of sales proceeds required under 15-23-602 for lease or unitized areas from which ~~interim or~~ new production and other production have been sold, the number of barrels of ~~interim and~~ new production of oil or cubic feet of ~~interim or~~ new production of gas must be segregated from and stated separately from the number of barrels of other production of oil or cubic feet of other production of gas.

(4) In calculating the deduction for money expended for necessary chemical supplies needed and used in a tertiary recovery project approved by the department of revenue, as provided in 15-36-101, the department shall require that the necessary chemical supplies, which include but are not limited to carbon dioxide supplies, be amortized over a 10-year period beginning with the year in which the money was expended."

Section 4. Section 15-23-607, MCA, is amended to read:

"**15-23-607. County assessors to compute taxes.** (1) Immediately after the board of county commissioners has fixed tax levies on the second Monday in August, the county assessor shall, subject to the provisions of 15-23-612, compute the taxes on net proceeds, as provided in subsection (2) of this section, and royalty assessments and shall deliver the book to the county treasurer on or before September 15. The county treasurer shall proceed to give full notice of the assessments to the operator and shall collect the taxes as provided by law.

(2) For ~~interim production or~~ new production, as defined in 15-23-601, the county assessor may not levy or assess any mills against the value of the ~~interim production or~~ new production, but shall instead levy a tax as follows:

(a) for ~~interim production or~~ new production of petroleum or other mineral or crude oil, 7% of net proceeds, as described in 15-23-603(2); or

(b) for ~~interim production or~~ new production of natural gas, 12% of net proceeds, as described in 15-23-603(2).

(3) The amount of tax levied in subsections (2)(a) and (2)(b), divided by the appropriate tax rate and multiplied by 60%, must be treated as taxable value for county bonding purposes.

(4) The taxable value of net proceeds for the purpose of computing guaranteed tax base aid for schools is the amount of tax received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000. This amount must be added to the district, county, and statewide taxable value when computing guaranteed tax base aid under 20-9-368.

(5) The operator or producer is liable for the payment of the taxes that, except as provided in 15-16-121, are payable by and must be collected from the operators in the same manner and under the same penalties as provided for the collection of taxes upon net proceeds of mines. However, the operator may at his option withhold from the proceeds of royalty interest, either in kind or in money, an estimated amount of the tax to be paid by him upon

the royalty or royalty interest. After the withholding, any deviation between the estimated tax and the actual tax may be accounted for by adjusting subsequent withholdings from the proceeds of royalty interests."

Section 5. Section 15-23-613, MCA, is amended to read:

"**15-23-613. Disposition of ~~interim production and~~ new production taxes.** The county treasurer shall credit all taxes on ~~interim production and~~ new production, as provided for in 15-23-607, in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as property taxes were distributed in the year preceding the budget year."

Section 6. Section 15-23-621, MCA, is amended to read:

"**15-23-621. Allocation of new production.** (1) If a lease has production that does not qualify for new ~~or interim~~ production and ~~a producing well is completed on the lease after December 31, 1986~~ *has new production,* the allocation of the new production must be based on the average daily production per well. The average daily production per well must be determined by dividing the total production for the quarter by the number of well production days for the quarter.

(2) ~~The~~ *Except as provided in subsection (4), the* number of well production days for the quarter is the sum of the number of completed wells on the first day of the quarter times the number of days in the quarter plus the number of days from the date of completion of any wells during the quarter to the end of the quarter. New production for the quarter must then be calculated by multiplying the average daily production per well times the number of wells ~~completed after December 31, 1986,~~ *producing new production* times the number of production days attributed to those wells for the quarter. The value of the production must be based on the average price received for the production for the quarter.

(3) Average daily production, well production days, and average price must be calculated each quarter.

(4) Subsections (1) through (3) do not apply to a well producing new production from a lease that has production that does not qualify for new production if the actual new production from the well can be determined in a verifiable manner."

Section 7. Section 15-36-101, MCA, is amended to read:

"**15-36-101. Definitions and rate of tax — state severance tax — local government severance tax — assessment of nonworking interest owner — exemption.** (1) Every person engaging in or carrying on the business of producing petroleum, other mineral or crude oil, or natural gas within this state or engaging in or carrying on the business of owning, controlling, managing, leasing, or operating within this state any well or wells from which any merchantable or marketable petroleum, other mineral or crude oil, or natural gas is extracted or produced shall, except as provided in 15-36-121, each year when engaged in or carrying on the business in this state pay to the department of revenue a state severance tax for the exclusive use and benefit of the state of Montana plus a local government severance tax in lieu of a tax on net proceeds for the exclusive use and benefit of local government. Except as provided in subsection (3), the state severance tax and the local government severance tax are as follows:

(a) except as provided in subsections (1)(b), (1)(c), and (1)(d), a 5% state severance tax on the total gross taxable value of all the petroleum and other mineral or crude oil produced by the person, plus the local government severance tax of 8.4% on the gross taxable value of all the petroleum and other mineral or crude oil produced by the person other than ~~interim production and~~ new production, from each lease or unit; but in determining the amount of the state severance tax and local government severance tax, there must be excluded from consideration all petroleum or other crude or mineral oil produced and used by the person during the year in connection with his operations in prospecting for, developing, and producing the petroleum or crude or mineral oil;

(b) a 2.65% state severance tax on the total gross taxable value of all natural gas produced by the person, plus the local government severance tax of 15.25% on the total gross taxable value of all natural gas produced by the person other than ~~interim production or~~ new production, from each lease or unit; but in determining the amount of the state severance tax and the local government severance tax, there must be excluded from consideration all gas produced and used by the person during the year in connection with his operations in prospecting for, developing, and producing the gas or petroleum or crude or mineral oil; and there must also be excluded from consideration all gas, including carbon dioxide gas, recycled or reinjected into the ground;

(c) a 2.5% state severance tax on the total gross taxable value of the incremental petroleum and other mineral or crude oil produced by the person, plus the local government severance tax of 5% on the total gross taxable value of the incremental petroleum and other mineral or crude oil produced by the person other than ~~interim production and~~ new production, from each lease or unit in a tertiary recovery project after July 1, 1985. For purposes of this section, a tertiary recovery project must meet the following requirements:

(i) the project must be approved as a tertiary recovery project by the department of revenue. The approval may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(ii) the property to be affected by the project must be adequately delineated according to the specifications required by the department; and

(iii) the project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the department to be significant in light of all the facts and circumstances, in the amount of crude oil which may potentially be recovered. For purposes of this section, tertiary recovery methods include but are not limited to:

(A) miscible fluid displacement;

(B) steam drive injection;

(C) micellar/emulsion flooding;

(D) in situ combustion;

(E) polymer augmented water flooding;

(F) cyclic steam injection;

(G) alkaline or caustic flooding;

(H) carbon dioxide water flooding;

(I) immiscible carbon dioxide displacement; or

(J) any other method approved by the department as a tertiary recovery method.

(d) a 5% local government severance tax on the total gross taxable value of all petroleum and other mineral or crude oil produced by the person other than ~~interim and~~ new production produced by a stripper well, as defined in 15-36-121.

(2) For purposes of this section, the term "incremental petroleum and other mineral or crude oil" means the amount of oil, as determined by the department of revenue, to be in excess of what would have been produced by primary and secondary methods. The determination arrived at by the department must be made only after notice and hearing and shall specify through the life of a tertiary project, calendar year by calendar year, the combined amount of primary and secondary production that must be used to establish the incremental production from each lease or unit in a tertiary recovery project.

(3) (a) A local government severance tax is imposed on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum, other mineral or crude oil, or natural gas subject to local government severance taxes imposed under this chapter. The local government severance tax on nonworking interest owners is computed at the following rates:

(i) 12.5% on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum and other mineral or crude oil;

(ii) 15.25% on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted or marketable natural gas.

(b) The amounts paid or apportioned in kind to nonworking interest owners are exempt from the local government severance taxes imposed under 15-36-121(2) and under subsections (1)(a) through (1)(d) of this section.

(4) Nothing in this part may be construed as requiring laborers or employees hired or employed by any person to drill any oil or natural gas well or to work in or about any oil or natural gas well or prospect or explore for or do any work for the purpose of developing any petroleum, other mineral or crude oil, or natural gas to pay the severance tax, nor may work done or the drilling of a well or wells for the purpose of prospecting or exploring for petroleum, other mineral or crude oil, or natural gas or for the purpose of developing them be considered to be the engaging in or carrying on of the business. If, in the doing of any work, in the drilling of any oil or natural gas well, or in prospecting, exploring, or development work, any merchantable or marketable petroleum, other mineral or crude oil, or natural gas in excess of the quantity required by the person for carrying on the operation is produced sufficient in quantity to justify the marketing of the petroleum, other mineral or crude oil, or natural gas, the work, drilling, prospecting, exploring, or development work is considered to be the engaging in and carrying on of the business of producing petroleum, other mineral or crude oil, or natural gas within this state within the meaning of this section.

(5) Every person required to pay the state or local government severance tax under this section shall pay the tax in full for his own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments, and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of the extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the interests that are owned by the federal, state, county, or municipal governments are exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements under the lease or leases or division of proceeds orders or other contracts.

(6) For purposes of this section, the following definitions apply:

(a) "Gross taxable value" means the gross value of the product as determined in 15-36-103 less the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum, other mineral or crude oil, or natural gas.

(b) "Nonworking interest owner" means any interest owner who does not share in the development and operation costs of the lease or unit."

Section 11. Section 20-10-144, MCA, is amended to read:

"**20-10-144. Computation of revenues and net tax levy requirements for the transportation fund budget.** Before the fourth Monday of July and in accordance with 20-9-123, the county superintendent shall compute the revenue available to finance the transportation fund budget of each district. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the preliminary budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 must be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate per bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by such district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted on the preliminary budget for the contingency amount permitted in 20-10-143, except if the amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or $100, whichever is larger, the contingency amount on the preliminary budget must be reduced to the limitation amount and used in this determination of the schedule amount.

(2) The schedule amount determined in subsection (1) or the total preliminary transportation fund budget, whichever is smaller, is divided by 3 and the resulting one-third amount is used to determine the available state and county revenue to be budgeted on the following basis:

(a) the resulting one-third amount is the budgeted state transportation reimbursement, except that the state transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 must be two-thirds of the schedule amount attributed to the transportation of special education pupils;

(b) the resulting one-third amount, except as provided for joint elementary districts in subsection (2)(e), is the budgeted county transportation reimbursement for elementary districts and must be financed by the basic county tax under the provisions of 20-9-334;

(c) the resulting one-third amount multiplied by 2 is the budgeted county transportation reimbursement amount for high school districts financed under the provisions of subsection (5), except as provided for joint high school districts in subsection (2)(e), and except that the county transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 must be one-third of the schedule amount attributed to the transportation of special education pupils;

(d) when the district has a sufficient amount of cash for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of district revenue and cash reappropriated must be used to reduce the county financing obligation in subsection (2)(b) or (2)(c) and, if the county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a); and

(e) the county revenue requirement for a joint district, after the application of any district money under subsection (2)(d), must be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county.

(3) The total of the money available for the reduction of property tax on the district for the transportation fund must be determined by totaling:

(a) anticipated federal money received under the provisions of Title I of Public Law 81-874 or other anticipated federal money received in lieu of that federal act; plus

(b) anticipated payments from other districts for providing school bus transportation services for the district; plus

(c) anticipated payments from a parent or guardian for providing school bus transportation services for his child; plus

(d) anticipated or reappropriated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4); plus

(e) anticipated or reappropriated revenue from property taxes and fees imposed under 23-2-517, 23-2-803, 61-3-504(2), 61-3-521, 61-3-537, and 67-3-204; plus

(f) gross proceeds taxes from coal under 15-23-703; plus

(g) net proceeds taxes for ~~interim production and~~ new production, as defined in 15-23-601, and local government severance taxes on any other production occurring after December 31, 1988; plus

(h) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year which may be used to finance the transportation fund; plus

(i) any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the transportation fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the transportation fund. The cash reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund must be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount and, for an elementary district, adding the difference to the district obligation to finance one-third of the schedule amount as determined in subsection (2); and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

(5) The county levy requirement for the financing of the county transportation reimbursement to high school districts is computed by adding all

requirements for all the high school districts of the county, including the county's obligation for reimbursements in joint high school districts.

(6) The transportation fund levy requirements determined in subsection (4) for each district and in subsection (5) for the county must be reported to the county commissioners on the second Monday of August by the county superintendent as the transportation fund levy requirements for the district and for the county, and the levies must be made by the county commissioners in accordance with 20-9-142."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-106, MCA, is amended to read:

"**61-3-106. Upon entry of such information, LENS and the national crime information center must be allowed immediate access to the state automated stolen vehicle file. It shall also be the duty of LENS to file reports of stolen and recovered motor vehicles reported to it from other states.

(2) The state automated stolen vehicle file must be made available to the secretary of state or other proper official in each state of the United States through access to the national crime information center. Before issuing a certificate of ownership, the department shall check the vehicle identification number on the motor vehicle to be registered against the state automated stolen vehicle file.

(3) Upon written request to an insurer by an authorized governmental agency or upon an insurer's own initiative to notify a specific lienholder, an insurer or an agent authorized by an insurer to act on its behalf shall release to the requesting agency or lienholder relevant information in the insurer's possession relating to any specific motor vehicle theft or motor vehicle insurance fraud.

(4) (a) Except as otherwise provided by law, information furnished pursuant to this section is privileged and may not become part of a public record. (b) The notice required by subsection (4)(a) must be sent to an insurer, an agent authorized by an insurer to act on its behalf, an authorized governmental agency that has an interest in the information, and a specific lienholder.

(5) An authorized governmental agency provided with information pursuant to this section may release or provide the information to any other authorized governmental agency.

(c) "Specific lienholder" means a person or firm that holds a security interest in a motor vehicle involved in a specific motor vehicle theft or motor vehicle insurance fraud."

The owner or other person lawfully in possession of such motor vehicle shall stamp such number so assigned by the department upon the principal right frame member of said motor vehicle near the front end~~

~~thereof where it may be clearly and readily seen, and said stamping shall be promptly accomplished after notice of the assigned number by the department. The department may withhold registration until satisfactory proof by affidavit of such stamping is filed with it.~~

(2) The department may not issue a certificate of ownership or reissue a certificate of ownership covering a vehicle on which the identification number has been altered, removed, obliterated, defaced, omitted, or is otherwise absent unless the owner or other person lawfully in possession of the vehicle files an application with the department, accompanied by a fee of $5. The application must be on a form provided by the department and must contain information required by the department for the assignment of a special identification number for a vehicle. Upon receipt of the application and if the department is satisfied that the applicant is entitled to the assignment of an identification number, the department shall designate a special identification number for the vehicle. The department shall note the special identification number on the application and on records to be kept by the department. This assigned identification number must be stamped or securely attached in a conspicuous position on the vehicle in the manner and form prescribed by the department.

(3) In a case where the true identity of a vehicle can be established by restoring the original manufacturer's serial number or other distinguishing numbers or identification marks, the department may not assign a special identification number and shall replace the vehicle's identification mark by duplicating the manufacturer's full numeric or alphanumeric identification sequence. The department may replace an identification mark only after conducting an inquiry to determine that ownership of the vehicle bearing a restored identification mark has been lawfully transferred to the applicant. The applicant shall apply for and the department shall replace the identification mark on the vehicle as required under subsection (2).

(4) Upon receipt by the department of a certificate of inspection completed by a peace officer or authorized member of the department verifying that the identification number has been stamped or securely attached in a conspicuous position upon the vehicle, accompanied by an application for a certificate of ownership and the required fee, the department shall use the number as the numeric or alphanumeric identification mark for the vehicle in any certificate of ownership that may be issued."

Upon a second or subsequent conviction under this subsection, the punishment shall be imprisonment in the state prison for a term of not less than 1 year or more than 5 years or a fine in an amount not to exceed $50,000, or both ~~such fine and imprisonment.~~"

Section 4. Section 61-3-607, MCA, is amended to read:

For purposes of this section, the true mileage is that driven by the vehicle as registered by the odometer within the manufacturer's designed tolerance.

(2) A person who purposely or knowingly violates the provisions of 61-3-206 or subsection (1) of this section is ~~guilty of a misdemeanor~~ *punishable by a fine of not more than $5,000 or imprisonment in the state prison for a period of not more than 10 years, or both.* If that person is a motor vehicle dealer, the department shall ~~place the dealer in a 1-year probationary license status upon a first conviction. CHAPTER NO. 273

[SB 194]

AN ACT IMPOSING A TAX ON CERTAIN GENERATION-SKIPPING TRANSFERS; AND REQUIRING THE PERSON LIABLE FOR THE TAX TO TAKE THE MAXIMUM AMOUNT OF CREDIT ALLOWED BY FEDERAL LAW.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 7] requires the department of revenue to adopt rules for administering and enforcing the generation-skipping transfer tax. It is the intent of the legislature that the department adopt rules necessary for complying with the federal generation-skipping transfer tax and that the department model its rules on the federal regulations implementing the federal tax.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [sections 1 through 7], unless the context requires otherwise, the following definitions apply:

(1) "Department" means the department of revenue provided for in 2-15-1301.

(2) "Direct skip" has the meaning given in section 2612(c), Internal Revenue Code.

(3) "Federal generation-skipping transfer tax" means the tax imposed by section 2601, Internal Revenue Code.

(4) "Generation-skipping transfer" means the generation-skipping transfer defined in section 2611, Internal Revenue Code, when the original transferor is a resident of Montana on the date of the original transfer or when the property is real or personal property located in Montana.

(5) "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended.

(6) "Original transferor" means any grantor, donor, trustor, or testator who by grant, gift, trust, or will makes a transfer of real or personal property that results in a federal generation-skipping transfer tax.

Section 2. **Imposition of tax.** (1) A tax is imposed on each generation-skipping transfer, other than a direct skip, occurring at the same time and as a result of the death of an individual, in an amount equal to the maximum federal credit allowable under section 2604, Internal Revenue Code.

(2) If any of the property transferred is real property in another state or personal property located in another state that requires the payment of a tax for which credit is received against the federal generation-skipping transfer tax, the tax due under subsection (1) must be reduced by an amount that bears the same ratio to the total state tax credit allowable for federal generation-skipping transfer tax purposes as the value of the property taxable in the other state bears to the value of the gross generation-skipping transfer for federal generation-skipping transfer tax purposes.

Section 3. **Returns — payment.** (1) A person required to file a return reporting a generation-skipping transfer under federal law shall file a duplicate of the federal return with the department and shall file any other information as the department may require. The return must be filed on or before the last day allowed for filing the federal return. A copy of amended or supplemental federal returns must be submitted to the department at the time it is filed with the internal revenue service.

(2) The tax imposed by [section 2] must be paid on or before the deadline for filing the return. The tax must be paid to the department and deposited in the general fund.

Section 4. **Liability for tax — interest on delinquent tax.** The person liable for payment of the federal generation-skipping transfer tax is liable for the tax imposed under [section 2]. If the tax imposed by [section 2] is not paid within the time established in [section 3], the tax is delinquent and draws interest at the rate of 10% a year.

Section 5. **Tax lien.** The tax imposed by [section 2] is a lien on the property subject to the tax for a period of 10 years from the time of the generation-skipping transfer. The payment of the tax and any interest due releases the lien and discharges the liability for payment of the tax. If the lien is not perfected by recording, a transfer for value to a bona fide purchaser divests the property of the lien. If the lien is perfected by recording, the rights of the state under the lien have priority over all subsequent mortgages, purchasers, or judgment creditors. The department may release the lien prior to the payment of the tax if adequate security for payment of the tax is given to the department.

Section 6. **Duty to claim maximum credit.** A person liable for payment of the tax imposed under [section 2] shall claim the maximum federal credit allowable for the portion of the state generation-skipping transfer tax paid with respect to property included in a taxable generation-skipping transfer. A person claiming less than the maximum federal credit allowable is liable for the full amount of the tax imposed under [section 2].

Section 7. **Applicability of other taxes — rulemaking.** The provisions of Title 72, chapter 16, parts 1 through 8, relating to the tax on inheritances and transfers, apply to [sections 1 through 6] unless they are in conflict with [sections 1 through 7]. The department shall adopt rules necessary for the administration and enforcement of [sections 1 through 7].

Section 8. **Codification instruction.** [Sections 1 through 7] are intended to be codified as an integral part of Title 72, chapter 16, and the provisions of Title 72, chapter 16, apply to [sections 1 through 7].

Approved March 29, 1991.

CHAPTER NO. 274

[SB 217]

AN ACT AUTHORIZING THE DEPARTMENT OF FAMILY SERVICES AND THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO ENTER INTO INTERSTATE ADOPTION ASSISTANCE COMPACTS; AUTHORIZING PROCEDURES FOR INTERSTATE SERVICES

AND PAYMENTS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Legislature finds that there is a need for more effective administration of adoption assistance for families who have moved to or from the State of Montana; and

WHEREAS, the Legislature finds that the Department of Family Services and the Department of Social and Rehabilitation Services should provide procedures for administering interstate adoption assistance and that those Departments should enter into interstate compacts on adoption assistance to provide a framework for more effective administration of adoption assistance for these families.

THEREFORE, the Legislature finds it appropriate to pass legislation providing authority for those procedures, interstate compacts, and related adoption agreements.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 7(3)] grants rulemaking authority to the department of social and rehabilitation services for the purpose of establishing procedures for continuing state medical assistance benefits in addition to federally aided benefits in certain cases. The legislature intends, as a matter of policy, that when the state provides medical assistance benefits in addition to the federal benefits available under an adoption assistance agreement, the benefits must continue when a child relocates to a state that has agreed under a compact to reciprocate by providing additional nonfederal coverage to children moving to Montana. It is intended that the medicaid card may be used as the identification for these services as well as for the true "medicaid" elements of the state program. It is intended that [section 7(3)] provide a means of improving, as far as possible, the chances for handicapped and other "hard-to-place" children to gain family settings for their development. It is intended that in those instances in which the plan for a particular child is adoption (with assistance) by parents who already live in another state or move there, the department of social and rehabilitation services may provide the full measure of its services to these special-needs children. It is intended that out-of-state adoptions be an additional resource for Montana children that would not be available if the department of family services had to rely on finding families for special-needs children on an entirely local basis.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Authorization.** The department of family services and the department of social and rehabilitation services are authorized to develop, participate in the development of, negotiate, and enter into one or more interstate compacts on behalf of this state with other states for:

(1) the protection of children on behalf of whom adoption assistance is being provided; and

(2) the provision of procedures for interstate children's adoption assistance payments, including medical payments.

Section 2. **Definitions.** As used in [sections 1 through 8], the following definitions apply:

(1) "Adoption assistance agreement" means an agreement for adoption assistance between adoptive parents and the state child welfare agency of the state that undertakes to provide the adoption assistance, including a subsidy agreement as provided in 53-4-309.

(2) "Adoption assistance state" means the signatory state to an adoption assistance agreement in a particular case.

(3) "Residence state" means the state of which the child is a resident by virtue of the residence of the adoptive parents.

(4) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, or a territory or possession of or administered by the United States.

Section 3. **Federal participation.** Consistent with federal law, the department of family services and the department of social and rehabilitation services, in connection with the administration of services provided and compacts entered into under authority of [sections 1 through 8], shall apply for and administer all federal aid for adoption assistance and medical assistance costs in any state plan made pursuant to the Adoption Assistance and Child Welfare Act of 1980 (Public Law 96-272), Titles IV (e) and XIX of the Social Security Act, or any other applicable federal laws.

Section 4. **Effect of compacts.** A compact entered into under [sections 1 through 8] has the force and effect of law.

Section 5. **Compacts — required contents.** A compact under [sections 1 through 8] must contain:

(1) a provision making it available for joinder by all states;

(2) a provision or provisions for withdrawal from the compact upon written notice to the parties, but with a period of 1 year between the date of the notice and the effective date of the withdrawal;

(3) a provision requiring that the protections afforded by or pursuant to the compact continue in force for the duration of the adoption assistance and be applicable to all children and their adoptive parents who on the effective date of the withdrawal are receiving adoption assistance from a party state other than the one in which they are resident and have their principal place of abode;

(4) a provision requiring that each:

(a) instance of adoption assistance to which the compact applies be covered by an adoption assistance agreement in writing between the adoptive parents and the state child welfare agency of the state that undertakes to provide the adoption assistance; and

(b) agreement be expressly for the benefit of the adopted child and enforceable by the adoptive parents and the state agency providing the adoption assistance; and

(5) other provisions as may be appropriate to implement the proper administration of the compact.

Section 6. **Compacts — optional contents.** A compact under [sections 1 through 8] may contain:

(1) provisions establishing procedures and entitlement to medical, developmental, or other social services for the adopted child in accordance with applicable laws, even though the child and the adoptive parents are in a state other than the one responsible for or providing the services or the funds to defray part or all of the costs of the services; and

(2) other provisions as may be appropriate or incidental to the proper administration of the compact.

Section 7. **Medical benefits — rules.** (1) The provisions of this section apply only when the compact entered by this state and the other state under [sections 1 through 8] provides that the adoption assistance state, whether it be this state or the other state, shall continue medical assistance to children in accordance with the adoption assistance agreements made by the adoption assistance state after the children have changed their residence to this state or to the other state. All other children entitled to medical assistance in this state are eligible to receive it in accordance with the applicable laws and procedures.

(2) A child with special needs residing in this state who is the subject of an adoption assistance agreement with another state is entitled to receive medical assistance identification from this state upon the filing in the office of the department of social and rehabilitation services located in the county of the child's residence a copy of the adoption assistance agreement. Medical assistance identification gained pursuant to this section entitles the holder to processing and payment on claims of the holder in the same manner and pursuant to the same conditions and procedures as other recipients of medical assistance.

(3) The department of social and rehabilitation services shall provide coverage and benefits for a child who is in another state who is covered by an adoption assistance agreement entered into in this state for coverage or benefits, if any, provided for under the adoption assistance agreement made in this state but not provided by the residence state. The adoptive parents acting for the child may submit evidence of payment for services or benefit amounts not payable in the residence state and must be reimbursed for the services. However, there may not be reimbursement for services or benefit amounts covered under any insurance or other third-party medical contract or arrangement held by the child or the adoptive parents. The department of social and rehabilitation services shall adopt rules implementing this

subsection. The additional coverage and benefit amounts provided by this subsection are for services for which there is no federal contribution or for which, if federally aided, contributions are not provided by the residence state. Rules adopted pursuant to this subsection must include procedures to be followed for obtaining prior approval for services covered by this subsection when prior approval is required.

Section 8. **Fraudulent obtaining of public assistance.** The provisions of 53-2-107 on fraudulently obtaining public assistance apply to coverage and benefits that may be obtained under [sections 1 through 8].

Section 9. **Codification instruction.** [Sections 1 through 8] are intended to be codified as an integral part of Title 53, chapter 4, part 3, and the provisions of Title 53, chapter 4, part 3, apply to [sections 1 through 8].

Section 10. **Effective date.** [This act] is effective on passage and approval.

Approved March 29, 1991.

CHAPTER NO. 275

[SB 231]

AN ACT TO REVISE THE LIMITATIONS AND RETIREMENT ALLOWANCE REDUCTIONS IMPOSED ON A RETIREE WHO RETURNS TO EMPLOYMENT COVERED BY THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM; AMENDING SECTIONS 19-3-403 AND 19-3-1106, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

"**19-3-403. Exclusions.** The following persons may not become members of the retirement system:

(1) elective officers who have not filed with the board written requests to become members, except that a person so excluded from membership may later become a member by otherwise becoming an employee or by written request after a subsequent election to office, and if he affirmatively exercises the option, the contributions of the employer because of his membership shall be the same as they would have been had he not been so excluded;

(2) inmates of state institutions who are allowed compensation for such service as they are able to perform;

(3) persons in state institutions principally for the purpose of training, but who receive compensation;

(4) independent contractors, unless there is a written contract which specifies the creation of an employer-employee relationship for purposes of retirement coverage under The Public Employees' Retirement System Act;

(5) employees serving in employment which does not exceed the equivalent of 120 working days in any fiscal year who have not filed with the board a written request to become members. A member so excluded from membership by this subsection may later become a member by otherwise becoming an employee or by written request after the initial date of exclusion. If he affirmatively exercises the option and pays the employee contribution plus interest, the contributions of the employer, because of his membership, shall be the same as they would have been had he not been so excluded plus accrued interest on all employer contributions from the date the contributions would have been made to the date of payment.

(6) employees in service on July 1, 1945, or prior thereto who filed with the board elections not to become members, except that a person so excluded from membership may become a member and be eligible thereafter to receive the same benefits that he would have received if he had never filed an election not to be a member by meeting the requirements prescribed in 19-3-505 and 19-3-506;

(7) persons directly appointed by the governor who do not file with the board an election in writing to become members;

(8) persons who are members of any other retirement or pension system supported wholly or in part by funds of the United States government, any state government, or political subdivision thereof and who are receiving credit in the other system for service, it being the purpose of this subsection to prevent a person from receiving credit for the same service in two retirement systems supported wholly or in part by public funds, except when the service qualifies, is applied for, and purchased pursuant to 19-3-503. A member of the retirement system who, because of his employment by the state, is required to become a member of any other system described in this subsection shall be considered, solely for the purposes of making normal contributions, as permanently separated from service. Exclusion under this subsection is subject to the following exceptions:

(a) When an employer has entered into a collective bargaining agreement which includes provisions for payments or contributions by the employer in lieu of wages to a retirement or pension plan qualified by the internal revenue service for its employees, the employees remain eligible, if otherwise qualified, for membership in the retirement system, and the payments or contributions in lieu of wages may not be considered a part of the employees' compensation for purposes of computing the employer or employee contributions to the retirement system.

(b) For the purpose of this subsection (8), persons receiving pensions, retirement allowances, or other payments from any source on account of employment other than as an employee as defined in this chapter are not considered, because of such receipt, members of any other retirement or pension system.

(9) court commissioners or appointive members of any board or commission who serve the state or any contracting employer intermittently and who are paid on a per diem basis;

(10) persons who become employees after they have reached their 60th birthday and have no creditable service in this system and who do not file with the board an election to become members;

(11) employees of county hospitals or county rest homes in the sixth- and seventh-class counties, unless they elect to file with the board an election in writing to become members;

(12) persons employed for 6 months or less by the legislature or the legislative council to perform work related to the legislative session who do not file with the board an election in writing to become members;

(13) full-time students employed at and attending the same public elementary school, high school, vocational-technical center, or community college or any unit of the state university system, except that a person so excluded from membership as a student of a public community college or a unit of the state university system who later becomes a member by otherwise becoming an employee may affirmatively exercise the option of qualifying the service excluded by this subsection by applying to the board in writing after becoming a member and become eligible to receive credit for the excluded service under the provisions of 19-3-505;

(14) the chief administrative officer of any city or county where the chief administrative officer has filed an election in writing with the board to be excluded from membership, this election to be filed no later than July 1, 1979, or 30 days after initial employment by a county or city, whichever is later~~;~~.

~~(15) all former members receiving a retirement allowance, other than as a beneficiary, serving in employment if that employment does not exceed 60 working days in any calendar year. These former members must be reinstated into membership on the 61st working day in any calendar year unless they elect to return to membership prior to that day.~~"

Section 2. Section 19-3-1106, MCA, is amended to read:

"**19-3-1106.** *Limited reemployment* — ~~**Reduction**~~ ***reduction*** **of retirement allowance upon** ~~**limited reemployment**~~ ***exceeding limits.*** *(1)* ~~Any~~ *A* person *under 65 years of age* receiving a service retirement allowance, not as a beneficiary, ~~who is not eligible for membership~~ may return to *employment* covered ~~employment~~ *by the retirement system* for a period not to exceed ~~60 working days~~ *600 hours* in any calendar year. (2) A retiree 65 years of age or older who returns to employment covered by the retirement system is either subject to the 600-hour limitation of

subsection (1) or may earn an amount equal to 50% of his current annual retirement benefits, whichever limitation provides the greater compensation to the retiree, in any calendar year. Upon reaching the applicable limitation, the retiree's benefits must be reduced $1 for each $1 in other income earned in that calendar year.

(3) A retiree returning to employment covered by the retirement system shall report to the board the number of hours he has worked and the gross compensation paid to him in that employment during any month after retirement.
